this is one of the wisest books i ve read in years new york times book review no writer i know of comes close to even trying to articulate the weird magic of poetry as ruefle does she acknowledges and celebrates in the odd mystery and mysticism of the act the fact that poetry must both guard and reveal hint at and pull back also and maybe most crucially ruefle s work is never once stuffy or overdone she writes this stuff with a level of seriousness as play that s vital and welcome that doesn t make writing poetry sound anything but wild strange life enlargening fun the kenyon review profound unpredictable charming and outright funny these informal talks have far more staying power and verve than most of their kind readers may come away dazzled as well as amused publishers weekly this is a book not just for poets but for anyone interested in the human heart the inner life the breath exhaling a completion of an idea that will make you feel changed in some way this is a desert island book matthew dickman the accomplished poet is humorous and self deprecating in this collection of illuminating essays on poetry aesthetics and literature san francisco examiner over the course of fifteen years mary ruefle delivered a lecture every six months to a group of poetry graduate students collected here for the first time these lectures include poetry and the moon someone reading a book is a sign of order in the world and lectures i will never give intellectually virtuosic instructive and experiential madness rack and honey resists definition demanding instead an utter and utterly pleasurable immersion finalist for the 2012 national book critics circle award mary ruefle has published more than a dozen books of poetry prose and erasures she lives in vermont

abby e murray s debut hail and farewell is a bold and unflinching examination of the intimate relationship between a soldier and a pacifist bound together by choice the collection reveals a wife s perspective during her husband s deployments to iraq and afghanistan including the whiplash of infertility experienced between tours inseparable by heart their marriage is also built on disagreement military spouses are often expected to express absolute patriotism and to conform to gender roles shaped by sexist archaic ideals but these poems don t aim to accuse rather they call for compassion and community in the face of isolation capable of inserting levity into the most dire of circumstances the poet never lets the reader forget what is at stake murray tears the idealized from the real illuminating the brutality of battle and loss traumas we tend to avoid in both military and civilian life hail and farewell is an expertly woven treatise on love war and politics

grace is one of the most enigmatic concepts of our faith yet it is uniquely and wonderfully woven into all that we do and believe as catholics in these pages fr brian mullady provides one of the clearest and most luminous explanations of grace ever written employing the same everyday catholic language that has made him so popular as an ewtn guest and retreat master god created adam and even to walk and talk in intimacy with him in the garden our highest calling is to return to that state of perfect holiness which we can achieve only by relying on god s sanctifying grace perfect holiness is not only possible but essential if we wish to achieve eternal life that s why fr mullady has written this accessible and practical guide to help you understand how grace is working in your life presently and to teach you how to seize all the unclaimed graces god is offering you throughout each day you ll learn how the action of the holy spirit comes from within the very character of your being and how to improve your openness to each of the three types of grace you ll explore the time tested methods for practicing the three counsels of perfection and how to employ remedies against the three great weaknesses of our nature you ll also learn how grace perfects and does not destroy nature precisely what you must do to make yourself more open to grace the three types of grace and how to magnify them why god uses mediators of grace even though he is the source of grace why god expanded the israelites knowledge of right and wrong and thus their culpability but did not communicate grace to them two theological errors that most people of good will mistakenly believe the three states of nature on which even the workings of god depend how grace operates in our daily lives to bring us closer to each person of the trinity intimacy with god is man s highest calling we can achieve it by relying on god s sanctifying grace which gives us the fullness of life and makes us holy accessing the graces we ve been overlooking is how we discover what it means to be truly human for though we all possess natural life it is only through grace that man is fully alive
