## **Italian Fascism and the Female Body**

2012-12-06

this is the first text to examine women and sport in Italy during the period 1861-1945 to qualify and quantify the impact of fascism on Italian women's sport. The author first of all examines the pre-fascist period in terms of female physical culture. The text then describes how during the fascist era women moved strictly within a framework designed by medicine and eugenics, religious and traditional education. The country aspired to emancipation as promised by the fascist revolution, but emancipation was hard to advance under the fascist regime because of male hegemonic trends in the country. This book shows how the engagement of women in some sporting activity did promote and support some gender emancipation. The conclusion of the book demonstrates how in the post-war period women found it hard to advance further on for a number of reasons.

## ***The Nazi Olympics***

2010-10-01

The 1936 Olympic Games played a key role in the development of both Hitler's Third Reich and international sporting competition. This volume gathers original essays by modern scholars from the games' most prominent participating countries and lays out the issues surrounding sport as well as the political surrounding individual nations' involvement. The Nazi Olympics opens with an analysis of Germany's preparations for the games and the attempts by the Nazi regime to allay the international concerns about Hitler's racist ideals and expansionist ambitions. Essays follow on the United States, Great Britain, and France—three first-class Olympian nations with misgivings about participation—as well as German ally Italy and future ally Japan. Other essays examine the issues at stake in Finland, Sweden, Norway, Denmark, and the Netherlands, which opposed Hitler's politics despite embodying his Aryan ideal. Challenging the view of sport as a trivial pursuit, this collection reveals exactly how high the political stakes were in 1936 and how the Nazi Olympics distilled many of the critical geopolitical issues of the time into a contest that was anything but trivial.

## **Cooking and Eating in Renaissance Italy**

2014-12-05

Renaissance Italy's art, literature, and culture continue to fascinate. The domestic life has been examined more in recent years, and this book reveals the preparation, eating, and the sociability of dining in Renaissance Italy. It takes readers behind the scenes to the Renaissance kitchen and dining room where everyday meals as well as lavish banquets were prepared and consumed. Katherine McIver considers the design, equipment, and location of the kitchen and food prep and storage rooms in both middle-class homes and grand country estates. The diner's room, the orchestration of dining, and the theatrical experience of dining are detailed as well, all in the context of the renowned food and architectural scholars of the day.

## **Italian Workbook For Dummies**

2023-01-05

learning italian is easy with dummies italian workbook for dummies is for beginners who want to get started learning italian packed with foundational grammar and integrated vocab italian workbook for dummies will set new language learners on their way to a wonderful experience learning this beautiful romance language this book provides valuable practice lessons and exercises so that you can learn to write and communicate in italian with confidence italian workbook for dummies is also an excellent supplement for any student looking to boost their classroom learning with the tried and true expertise of dummies you ll move through the italian basics with ease get introduced to the italian language including basic grammar and pronunciation complete exercises to improve your ability to write and speak in italian learn important phrases for travelling doing business and studying in italy build your vocabulary discover common slang and learn authentic expressions this is the perfect dummies guide for those who are brand new to the italian language regardless of age or background gain the confidence you need to interact in italiano

## **Sport and International Politics**

2013-07-04

examines the shaping of sports by both the fascist and communist institutions of europe during the interwar period it shows how sports were used as an instrument of propaganda and psychological pressure by major political and sporting nations

## **Prigione «Croci». 24 aprile 1999 - 6 aprile 2000**

2018-01-31

## **Matteo Maria Boiardo**

1984

richard bosworth s overview of italy s role in european and world politics from 1860 to 1960 is lively and iconclastic based on a combination of primary research and secondary material he examines italian diplomacy military power commerce culture tourism and ideology his account challenges many aspects of current italian historiography and offers an original vision of the place of italy in modern history

## **British Museum Catalogue of Printed Books**

1898

in 1945 disguised in german greatcoat and helmet mussolini attempted to escape from the advancing allied armies unfortunately for him the convoy of which he was part was stopped by partisans and his features made so familiar by fascist propaganda gave him away within 24 hours he was executed by his captors joining those he sent early to their graves as an outcome of his tyranny at least one million people he was one of the tyrant killers who so scarred interwar europe but we cannot properly understand him or his regime by any simple equation with hitler or stalin like them his life began modestly in the provinces unlike them he maintained a traditonal male family life including both wife and mistresses and sought in his way to be an intellectual he was cruel though not the cruellist his racism existed but never without the consistency and vigor that would have made him a good recruit for the ss he sought an empire but in the most part his was of the old fashioned costly nineteenth century variety not a racial or ideological imperium and self evidently italian society was not german or russian the particular patterns of that society shaped his dictatorship bosworth s mussolini allows us to come closer than ever before to an appreciation of the life and actions of the man and of the political world and society within which he operated with extraordinary skill and vividness drawing on a huge range of sources this biography paints a picture of brutality and failure yet one tempered with an understanding of mussolini as a human being not so different from many of his contemporaries

## **Italy and the Wider World**

2013-01-11

the year 1932 the tenth anniversary of mussolini s march on rome was fascism s decennale commemorating italian fascism s seizure of power the decennale was celebrated by the regime in a deliberate attempt to radicalize the original movement and develop it into an imperial and racist regime in mussolini s decennale antonio morena explores a cross section of italian culture during the decennale studying literature speeches documentaries films textbooks and the 1932 exhibition he discusses how the regime its patrons and even its critics all appropriated the historical events of 1922 for their political advantage positioning the 1932 anniversary celebrations as the crux of the fascist transition from conservatism to totalitarianism mussolini s decennale broadens our understanding of fascist ideology cultural politics and realpolitik

## ***Mussolini***

2014-03-04

there is no better time to take a look back at the political events of the past 100 years as seen through the eyes of sport and sports people ten key international authorities in their respective fields lead you through the most important political elements of contemporary sport this book is the first of its kind it provides a wide ranging perspective through time and

place and will be an invaluable tool for students studying sport from an historical and political perspective and also for those who have a general interest in sport at its interface with politics

## **Mussolini's Decennale**

2016-01-28

an exploration of the many depictions of charlemagne in the italian tradition of chivalric narratives in verse and prose chivalric tales and narratives concerning charlemagne were composed and circulated in italy from the early fourteenth to the mid sixteenth century and indeed subsequently flourished in forms of popular theatre which continue today but are they history or fiction myth or fact cultural memory or deliberate appropriation elite culture or popular entertainment oral or written performed or read this book explores the many depictions of the emperor in the italian tradition of chivalric narratives in verse and prose beginning in the age of dante with the earliest tales composed for italians in the hybrid language of franco italian which draw inspiration from the french tradition of charlemagne narratives the volume considers the compositions of anonymous reciters of cantari and the prose versions of the florentine andrea da barberino before discussing the major literary contributions to the genre by luigi pulci matteo maria boiardo and ludovico ariosto the focus throughout is on the ways in which the portrait of charlemagne seen as both emperor and king of france is persistently ambiguous affected by the contemporary political situation and historical events such as invasion and warfare he emerges through these texts in myriad guises from positive and admirable to negative and despised

## **The International Politics of Sport in the Twentieth Century**

2002-09-11

mussolini s bold claims upon the monuments and rhetoric of ancient rome have been the subject of a number of recent books d medina lasansky shows us a much less familiar side of the cultural politics of italian fascism tracing its wide ranging efforts to adapt the nation s medieval and renaissance heritage to satisfy the regime s programs of national regeneration anyone acquainted with the beauties of tuscan will be surprised to learn that architects planners and administrators working within fascist programs fabricated much of what today s tourists admire as authentic public squares town halls palaces gardens and civic rituals including the famed palio of siena were all restored to suit a vision of the past shaped by fascist notions of virile power social order and national achievement in the arts ultimately lasansky forces readers to question long standing assumptions about the renaissance even as she expands the parameters of what constitutes fascist culture the arguments in the renaissance perfected are based in fresh archival evidence and a rich collection of illustrations many reproduced for the first time ranging from photographs and architectural drawings to tourist posters and film stills lasansky s groundbreaking book will be essential reading for students of medieval renaissance and twentieth century italy as well as all those concerned with visual culture architectural preservation heritage studies and tourism studies

## Charlemagne in Italy

2023-01-24

what remains of a great sporting spectacle after the last race is run or the final match is played how can the vast expense of mounting such events be justified what if there is nothing left behind or what if the legacy is negative a costly infrastructure which is unused or a debt ridden host city the routledge handbook of sport and legacy addresses perhaps the most important issue in the hosting of major contemporary sporting events the problem of legacy it offers a rigorous innovative and comparative insight into this contested concept from interdisciplinary and practical perspectives major events must now have a conscious credible and defined policy for legacy to meet public expectations the book provides a comprehensive survey of the various kinds of legacy that can be delivered as well as a close examination of the potential benefits and practical challenges involved in each from hard legacies such as stadia and infrastructure to soft legacies including skill development attitude change and capacity building the book offers both a historical case study and an innovative strategic management approach and establishes the limits of what can realistically be achieved in terms of economic social cultural physical and sporting development the routledge handbook of sport and legacy includes contributions from world leading scholars and practitioners and features detailed case studies of major sports events from around the world including the fifa world cup and ten olympics games from london in 1908 to london 2012 it is invaluable reading for students and researchers working in sport studies events management human geography economics or planning and an essential reference for any professional engaged in delivering legacy through sport

## The Renaissance Perfected

2004

this book equips readers with a deeper understanding of the challenges posed by radical socioeconomic environmental and cultural changes due to globalization and describes effective sustainable solutions to these challenges the focus is especially on the rapid urbanization processes in countries of the global south which are giving rise to dramatic new problems of spatial and social inequality and difficult environmental challenges in relation to climate change readers will gain skills and knowledge that will help them to develop an integrated multidisciplinary approach to planning design and management of urban settlements and territories in contexts with a high level of social economic territorial and landscape vulnerability the coverage includes for example strategies to promote social inclusion improve housing quality ensure adequate education protect cultural heritage enhance risk management and address issues in the food energy water nexus among the authors are leading experts from the polytechnic university of milan where a multidisciplinary set of studies and research projects in the field have been undertaken in recent years

## Word and Language

2010-12-14

this volume brings together a selection of papers presented at the 12th international conference on the history of the language sciences ichols xii held in st petersburg russia 28 august 2 september 2011 it begins with contributions on 17th century rationalist ideas and practical grammar writing and then covers a great variety of 18th and 19th century topics from western grammars of chinese to saussure s remarks on semiology of the years 1881 1891 the most noteworthy feature however is an entire section devoted to linguistics in russia from the early soviet period until the 1950s including attempts to establish a marxist view of language as well as phases to critically adapt western ideas and at times efforts to participate successfully in international linguistic scholarship both in phonetics and semantics

when the ancient greeks looked up into the heavens they saw not just sun and moon stars and planets but a complete coherent universe a model of the good that could serve as a guide to a better life how this view of the world came to be and how we lost it or turned away from it on the way to becoming modern make for a fascinating story told in a highly accessible manner by rémi brague in this wide ranging cultural history before the greeks people thought human action was required to maintain the order of the universe and so conducted rituals and sacrifices to renew and restore it but beginning with the hellenic age the universe came to be seen as existing quite apart from human action and possessing therefore a kind of wisdom that humanity did not wearing his remarkable erudition lightly brague traces the many ways this universal wisdom has been interpreted over the centuries from the time of ancient egypt to the modern era socratic and muslim philosophers christian theologians and jewish kabbalists all believed that questions about the workings of the world and the meaning of life were closely intertwined and that an understanding of cosmology was crucial to making sense of human ethics exploring the fate of this concept in the modern day brague shows how modernity stripped the universe of its sacred and philosophical wisdom transforming it into an ethically indifferent entity that no longer serves as a model for human morality encyclopedic and yet intimate the wisdom of the world offers the best sort of history broad learned and completely compelling brague opens a window onto systems of thought radically different from our own

## **Orlando Innamorato Di Bojardo: Orlando Furioso Di Ariosto: with an Essay on the Romantic Narrative Poetry of the Italians; Memoirs, and Notes by Antonio Panizzi**

1831

the fifth crusade represented a cardinal event in early thirteenth century history occurring during what was probably the most intensive period of crusading in both europe and the holy land following the controversial outcome of the fourth crusade in 1204 and the decrees of the fourth lateran council in 1215 pope innocent iii s reform agenda was set to give momentum to a new crusading effort despite the untimely death of innocent iii in 1216 the elaborate organisation and firm crusading framework made it possible for pope honorius iii to launch and oversee the expedition the fifth crusade marked the last time that a medieval pope would succeed in mounting a full scale genuinely international crusade for the recovery of the holy land yet despite its significance it has largely been neglected in the historiography the crusade was much more than just a military campaign and the present book locates it in the contemporary context for the first time the fifth crusade in context is of crucial importance not only to better understand the organization and execution of the expedition

itself but also to appreciate its place in the longer history of crusading as well as the significance of its impact on the medieval world

## ***Psicoshiatsu. L'arte di cambiare te stesso***

2014-07-10

the volume collects the most important papers pierluigi donini wrote in the last three decades with the aim of promoting a better assessment of post hellenistic philosophy the philosophical relevance of post hellenistic philosophy is now widely though not yet universally recognized yet much remains to be done the common practice of focusing each single school in itself detracts from a balanced assessment of the strategies exploited by many philosophers of the period on the assumption that debates among schools play a major role in the philosophy of the commentators donini concentrates on the interaction between leading aristotelians and platonists and demonstrates that the developments of both systems of thought were heavily influenced by a continuous confrontation between the two schools and whereas in cases such as alcinous and aspasius this is basically uncontroversial for other authors such as alexander antiochus and plutarch the pioneering work of donini paves the way for a better understanding of their doctrines and definitely confirms the intellectual importance of the first imperial age when the foundations were laid of versions of both aristotelianism and platonism which were bound to influence the whole history of european thought from late antiquity onwards
