donald judd interviews presents sixty interviews with the artist over the course of four decades and is the first compilation of its kind it is the companion volume to the critically acclaimed and bestselling donald judd writings this collection of interviews engages a diverse range of topics from philosophy and politics to judd s insightful critiques of his own work and the work of others such as mark di suvero edward hopper yayoi kusama barnett newman and jackson pollock the opening discussion of the volume between judd dan flavin and frank stella provides the foundation for many of the succeeding conversations focusing on the nature and material conditions of the new art developing in the 1960s the publication also gathers a substantial body of unpublished material across a range of mediums including extensive interviews with art historians lucy r lippard and barbara rose judd s contributions in interviews panels and extemporaneous conversations are marked by his forthright manner and rigorous thinking whether in

dialogue with art critics art historians or his contemporaries in one of the last interviews he observed generally expensive art is in expensive chic circumstances it s a falsification the society is basically not interested in art and most people who are artists do that because they like the work they like to do that make art art has an integrity of its own and a purpose of its own and it s not to serve the society that s been tried now in the soviet union and lots of places and it doesn t work the only role i can think of in a very general way for the artist is that they tend to shake up the society a little bit just by their existence in which case it helps undermine the general political stagnation and perhaps by providing a little freedom supports science which requires freedom if the artist isn t free you won t have any art donald judd interviews is co published by judd foundation and david zwirner books the interviews expand upon the artist s thinking present in donald judd writings judd foundation david zwirner books 2016

Summary of Let Trump Be Trump 2019-05-24

a masterful work by pulitzer prize winning author david herbert donald lincoln is a stunning portrait of abraham lincoln s life and presidency donald brilliantly depicts lincoln s gradual ascent from humble beginnings in rural kentucky to the ever expanding political circles in illinois and finally to the presidency of a country divided by civil war donald goes beyond biography illuminating the gradual development of lincoln s character chronicling his tremendous capacity for evolution and growth thus illustrating what made it possible for a man so inexperienced and so unprepared for the presidency to become a great moral leader in the most troubled of times here was a man who led the country out of slavery and preserved a shattered union in short one of the greatest presidents this country has ever seen
