work as a whole his relationship to contemporary french thought and the backgrounds of classical judaic tradition and world literature the centerpiece of this tableau is jank l vitch s book le pardon forgiveness chief among the distinguishing characteristics is its rigorous defense of what might be termed a forgiveness free of the entanglements that taint the common understanding of forgiveness what jank l vitch refers to as pseudo forgiveness the advocacy of forgiveness in the name of political or social expediency as well as the psychological benefit for the victim are similarly repudiated in their place jank l vitch substitutes a radical forgiveness that is initial sudden spontaneous not able to erase the past but able to create a new future and thereby a new relationship to the past he does not permit even this future however to serve as forgiveness s justification for him beyond all justifications beyond justice itself forgiveness is a gift akin to love globalisation and historiography of national leaders symbolic representations in school textbooks the 18th book in the 24 volume book series globalisation comparative education and policy research explores the interrelationship between ideology national identity national history and historical heroes setting it in a global context based on this focus the chapters represent hand picked scholarly research on major discourses in the field of history textbooks and symbolic representations of national heroes and draw upon recent studies in the areas of globalisation history textbooks and national leaders a number of researchers have written on the importance of teaching national history in order to foster national identity and a sense of belonging to a certain society state and people among the younger generation some nations prefer to create national heroes out of their political leaders who are still in power and whose lives and reputation are portrayed as being eminently spotless using diverse comparative education paradigms from critical theory social semiotics and historical comparative research the authors analyse the unpacking of the ideological agenda hidden behind the choice and lionization or silencing of the preferred national heroes they provide an informed critique of various historical narratives depicting national leaders and national heroes the book provides an easily accessible practical yet scholarly source of information on international concerns in the field of globalisation history education and policy research offering an essential sourcebook of ideas for researchers history educators practitioners and policymakers in the fields of globalisation and history education it also provides a timely overview of current changes in politically correct history while computational technologies are transforming the professional practice of mathematics as yet they have had little impact on school mathematics this pioneering text develops a theorized analysis of why this is and what can be done to address it it examines the particular case of symbolic calculators equipped with computer algebra systems in secondary education drawing on a substantial program of french innovation and research as well as closely related studies from australia and the netherlands it provides rich illustrations of the many aspects of technology integration and of the ways in which these are shaped at different levels of the

educational institution this text offers the first english language exposition of how an innovative synthesis of the theories of instrumentation and didactics can be used to illuminate the complexities of technology integration it offers important guidance for policy and practice through its analysis of the central role of the teacher and its identification of key principles for effective didactical design and management these distinctive features make this book essential reading for researchers teacher educators and graduate students in mathematics education and technology in education as well as for teachers of mathematics at upper secondary and university levels this is a revised english language edition of d guin l trouche eds 2002 calculatrices symboliques transformer un outil en un instrument de travail mathématique un problème didactique editions la pensée sauvage grenoble
