boxing team english and european champion and a cocky ali esque dancer with a reputation for devastating early knockouts but this is not that story this is a story about fighting coventry in the dying days of the seventies was a tough place to grow up especially if you were poor and black at the same time as the young errol christie was raising the flag in the ring his fists were seeing off skinhead tormentors and nf bootboys on the streets britain was sickening from a vicious racial divide and even when the big time turned up errol soon discovered that a black boxer who refused to play by the rules white rules would never be tolerated in 1985 after a string of professional knockouts errol faced mark kaylor in a brutal bout that tore open the country s simmering racial enmities in the eighth round he went down and stayed down the roar of the hard right in his ears but the years that followed would see errol square up against a far tougher adversary as he found himself out in the cold struggling to get by and alone with only his own shattered confidence and no place to hide

steve hislop was one of the most famous motorcycle racers in the world he had always been a controversial and outspoken character having had many famous clashes and splits with teams and riders over the years not always to his advantage season 2003 was no different steve s life was incredible funny and ultimately tragic hislop made his debut in 1979 on a bike paid for by his father but when the latter died of a heart attack he embarked on a self destructive quest that resulted in more crashed bikes and cars than he can remember three years later his brother garry was killed racing at silloth it looked as if he would never race again but while on holiday at the isle of man tt races in 1983 he was mesmerised by the sight of joey dunlop and he knew he had to try it he took to the roads immediately amassing an amazing career record of 11 wins and was the first rider in history to lap the course at an average speed of over 120mph hizzy s tt victories over big name rivals like joey dunlop and carl fogarty made him a living legend beyond the confines of just the uk he turned his back on the isle of man in 1994 claiming it was too fast and dangerous for modern superbikes however he had already proved he was just as fast on purpose built short circuits having won the british 250cc championship in 1990 and then went on to win the british superbike bsb title in 1995 and 2002 defending a title is always difficult and made even harder when your current team doesn t give you a new contract however season 2003 started positively for steve inasmuch as he found a new team but he was sacked half way through the season after a string of poor results on an uncompetitive bike these events however paled into insignificance when steve was killed in july 2003 when the helicopter he was flying crashed in a remote scottish border region his book is a fitting tribute to a motor racing legend
