Aug 22 2023

a answers may vary most people s instinct is to say height is greater than circumference because the height of the cylinder is more accessible as a linear measurement b if the balls are tightly packed the height is  $3d$  and the circumference is  $\pi d$  so the circumference is greater than the height a

## **investigation 4**

Jul 21 2023

the resulting equation will be linear since  $ax + by = c$  and  $dx + ey = f$  together imply that  $a/d \neq b/e$   $c/f$  the resulting equation will pass through the intersection of  $ax + by = c$  and  $dx + ey = f$  if such an intersection exists if they are parallel then the new equation will also be parallel

## **turnabout reminiscence ace attorney wiki fandom**

Jun 20 2023

episode 4 turnabout reminiscence is the fourth and penultimate episode of ace attorney investigations miles edgeworth it is set seven years prior to the 3 day period during which the other 4 cases in the game take place
