**The Western Tradition: From the Enlightenment to the present** 1972 this successful two volume primary source reader emphasizes the history of ideas each of its 300 sources is accompanied by an introductory essay and review questions how to read sources prologue helps students read and interpret primary sources the author uses the example of holocaust deniers for this prologue showing students the danger of improper analysis and use of documents approximately one third of the documents are new to the fifth edition

*The Western Tradition* 1972 a primary source reader covers the history of ideas

**Roots of the Western Tradition; a Short History of the Ancient World** 1966 traces the growth of man s aesthetic vision and the stylistic development of art architecture and sculpture since ancient times

*An Introduction to the History of the Western Tradition* 1959 from the earliest centuries of the church asceticism and the contemplative life have been profoundly important aspects of western christianity and in assessing the glories of western civilization perhaps the best place to start is within medieval monastic institutions not outside of them for while monasteries withdrew from the main currents of their societies until the rise of universities in the 12th century they provided fertile soil and sanctuary to the liberal arts and sciences as well as those who wanted to spend their lives focused upon god they became the driving cultural forces of europe nurturing education music manuscript illumination art and history agriculture animal husbandry all in addition to spiritual guidance in this first general history of monasticism since 1900 andrea dickens explores the cloistered communities and individuals who have aspired to the ascetic ideal in their religious life assessing the impact they have made on the wider church and its practices she discusses some of the best known names in christian history including cuthbert columba hilda of whitby peter abelard and thomas merton and traces the monastic impulse from its beginnings in the egyptian desert through the rule of st benedict cluny s foundation in 910 the austerity of the cistercians the legacy of women s houses the critique of luther and calvin trappists and catholic reform up to the present day ecumenical taize community offering a lively and informed overview of western monasticism the book will be essential reading for students of history and religion as well as the lay reader

**An Introduction To The History Of The Western Tradition Volume II** 2023-07-22 first published in 1987 this book has been a primer for theological college students undergraduates lay readers and all interested in the history and development of christianity now published in a new and attractive edition with an updated bibliography diarmaid macculloch still manages to argue his case convincingly that history need not be boring he takes his readers from the earliest days of the fledgling christian church to the end of the twentieth century and enables readers to put characters movements and places in their wider context and make connections between them

*Citizenship in the Western Tradition* 2000-11-09 a collection of approximately 200 source documents which focus on the great ideas that have shaped western heritage the documents also provide a balanced treatment of political economic and social history

**Sources of the Western Tradition Volume II** 2018-01-02 this book focuses on the historical component of the humanities course with an

emphasis on intellectual history it pays close attention to the lives of individuals highlighting the human aspect of great artists and thinkers an abundance of biographical information allows students to see these figures as real people with concrete motivations for creating great historical works the text contains a number of pedagogical features which are especially helpful for students who have no background in humanities

Sources of the Western Tradition 2007-10 a magisterial history ranging from antiquity to the present that reveals anti judaism to be a mode of thought deeply embedded in the western tradition there is a widespread tendency to regard anti judaism whether expressed in a casual remark or implemented through pogrom or extermination campaign as somehow exceptional an unfortunate indicator of personal prejudice or the shocking outcome of an extremist ideology married to power but as david nirenberg argues in this ground breaking study to confine anit judaism to the margins of our culture is to be dangerously complacent anti judaism is not an irrational closet in the vast edifice of western thought but rather one of the basic tools with which that edifice was constructed

*The Western Tradition* 1995 traces the development of book illustration looks at stylistic and technological changes and surveys the most influential artists
