cost management measuring monitoring and motivating performance third canadian edition was written to help students learn to appropriately apply cost accounting methods in a variety of organizational settings to achieve this goal students must also develop professional competencies such as strategic critical thinking risk analysis decision making ethical reasoning and communication this is in line with the cpa curriculum and the content of this edition and the problem materials is mapped to the cpa many students fail to recognize the assumptions limitations behavioural implications and qualitative factors that influence managerial decision making the textbook is written in an engaging step by step style that is accessible to students the authors are proactive about addressing the challenges that instructors and students face in their teaching and learning endeavors they utilize features such as realistic examples real ethical dilemmas self study problems and unique problem material structured to encourage students to think about accounting problems and problem solving more complexly

Health and Safety Guide for Custodial Workers

2014

this unique study uncovers the lives and working conditions of a group of individuals who are usually rendered invisible on college campuses the custodians who daily clean the offices residence halls bathrooms and public spaces in doing so it also reveals universities equally invisible practices that frequently contradict their espoused values of inclusion and equity and their profession that those on the margins are important members of the campus community this vivid ethnography is the fruit of the year s fieldwork that peter magolda s undertook at two universities his purpose was to shine a light on a subculture that neither decision makers nor campus community members know very much about let alone understand the motivations and aspirations of those who perform this work and to pose fundamental questions about the moral implications of the corporatization of higher education and its impact on its lowest paid and most vulnerable employees working alongside and learning about the lives of over thirty janitorial staff peter magolda becomes privy to acts of courage resilience and inspiration as well as witness to their work ethic and to instances of intolerance inequity and injustices we learn the stories of remarkable people and about their daily concerns their fears and contributions peter magolda raises such questions as does the academy still believe wisdom is exclusive to particular professions or classes of people are universities really inclusive is addressing service workers concerns part of the mission of higher education if universities profess to value education why make it difficult for those on the margins such as custodians to get educated the book concludes with the research participants and the author s reflections about ways that colleges can improve the lives of those whose underpaid and unremarked labor is so essential to the smooth running of their campuses appendices provide information about the research methodology and methods as well as a discussion of the influence of corporate managerialism on ethnographic research
