the eighteenth century was a crucial era in modern iranian history but up to now it has been little studied outside iran in crisis collapse militarism and civil war michael axworthy has gathered leading experts on this period from around the world to provide a multifaceted account of this fascinating dramatic and turbulent era the volume covers economics intellectual history military developments politics and the visual arts in the 1720s after the collapse of safavid rule in 1722 it seemed that iran might disappear altogether partitioned between her neighbors within a few years the country surged back to make a bid for regional dominance under nader shah but lapsed again into civil war after his untimely death in 1747 the civil wars lasted almost until the end of the century albeit with an interlude of relative calm and good governance under karim khan zand who ruled from the mid 1750s until his death in 1779 in 1796 after more civil wars agha mohammad shah had himself crowned as the first monarch of the qajar dynasty which lasted until 1925 this formative period is vital for understanding modern and contemporary iran and it is a fascinating drama of events and personalities in its own right it was a period of crisis and turmoil but also a period of possibility and creativity in ways that have for the most part been forgotten until now scholarship on the significance of the eighteenth century in iran has been scant and often obscure this volume will not only change that but it will also reshape our understanding of the history of one of the most important and influential states in the middle east

cominciai a seguire l insegnamento del buddha dal momento in cui capii che il vero e proprio non è una religione una fede in una divinità e in una relazione con essa comunque articolata ma un umanesimo e

più concretamente un sistema etico psicologico che propone metodi pratici per raggiungere qui e ora la piena realizzazione delle proprie potenzialità benefiche in occidente l'insegnamento del buddha è stato più volte interpretato in senso più o meno teistico il buddha come dio o come sua rappresentazione manifestazione ma quando mi resi conto che il buddha il risvegliato non pretendeva essere un dio o un profeta bensì esempio supremo di ciò che l'essere umano può diventare mi dissi questo sì che ha un senso il risvegliato insegna agli altri come risvegliarsi questo testo vuole contribuire alla comprensione della natura pratica e concreta dell'insegnamento del buddha il cui cuore è l'esercizio meditativo vi sono delineate le sue caratteristiche essenziali per offrire al lettore non specializzato un'introduzione generale che possa incoraggiare a farne esperienza nel 1972 in Sri Lanka ebbi la fortuna di leggere le parole del buddha la spiegazione di quello che lui stesso aveva sperimentato e di come anche altri possano arrivare alla stessa esperienza e così scoprii la straordinaria semplicità e la profonda concretezza del sentiero di quiete e visione profonda da lui indicato mi dedicai quindi allo studio dell'antica lingua pali e dei testi nel 1974 feci un corso di meditazione vipassana con il maestro indo birmano S. N. Goenka questa pratica dell'insegnamento del buddha mi convinse ad accettare la sua validità come guida di vita e ad impegnarmi da allora al continuativo esercizio meditativo di vipassana ben sapendo che è una strada lunga a ogni passo mi appare giusta e benefica
