*Fatal Females* 2012-10-02 in fatal females investigative psychologist and former police profiler micki pistorius examines the minds and motives of women who kill throughout history the view seems to have prevailed that it is not in women s nature to commit violent crime but pistorius shows that this is not in fact the case women givers of life are indeed capable of ruthlessly taking life she examines more than fifty documented cases of south african female killers categorised according to the nature of the crime for example infanticide spree killings stalkers poisoners and she presents her new hypothesis to explain the psychology of that rare individual the female serial killer

*The Murder Mystique* 2013-02-07 although they account for only ten percent of all murders those attributed to women seem especially likely to captivate the public this absorbing book examines why that is true and how some women literally get away with murder combining compelling storytelling with insightful observations the book invites readers to take a close look at ten high profile killings committed by american women the work exposes the forces that underlie the public s fascination with female killers and determine why these women so often become instant celebrities cases are paired by motive love money revenge self defense and psychopathology through them the authors examine the appeal of women who commit murders and show how perceptions of their crimes are shaped the book details both the crimes and the criminals as it explores how pop culture treats stereotypes of female murderers in film and print true crime aficionados will be fascinated by the minute descriptions of what happened and why while pop culture enthusiasts will appreciate the lens of societal norms through which these cases are examined

**Female Serial Killers in Social Context** 2015-08-26 attempts to understand serial murder tend to be focused on individual cases rather than the social context in which they occurred this book departs from that approach taking up the case of nineteenth century serial killer mary ann cotton and setting it in its full social context drawing from records of cotton s court appearances local histories and newspaper articles it shows how institutions such as the family economy and religion shaped the environment she inhabited while not denying the singularity of individuals who commit serial murder the authors nonetheless make a powerful case for the influence and effects of society on their actions

**Female Killers** 2003 as the saying goes hell hath no fury like a woman scorned the phrase is never more true for the women covered in this book all of whom harbour a lust for blood and the willingness to kill read about the horrific true tale of karla homolka a dangerous manipulator who helped her husband rape and kill numerous young girls one of them being her younger sister there s also the peculiar yet disturbing case of nannie doss the seemingly sweet older woman who had a penchant for snuffing out her husbands as well as her own children then there s the chilling case of stephanie lazarus a police officer who not only managed to keep her murderous secret hidden for over two decades but also managed to become a high ranking police officer these plus five more cases of women who kill are collated in this book shedding light on a fascinating category of true crime while female killers may be considered rare when they do strike their cunning and callousness make their crimes all the more shocking psychopathy and violence are categories often reserved for men but as this book will show you women can be just as evil as their male counterparts

**The Murder Mystique** 2019-06-24 although they account for only ten percent of all murders those attributed to women seem especially likely to captivate the public this absorbing book examines why that is true and how some women literally get away with murder combining compelling storytelling with insightful observations the book invites readers to take a close look at ten high profile killings committed by american women the work exposes the forces that underlie the public s fascination with female killers and determine why these women so often become instant celebrities cases are paired by motive love money revenge self defense and psychopathology through them the authors examine the appeal of women who commit murders and show how perceptions of their crimes are shaped the book details both the crimes and the criminals as it explores how pop culture treats stereotypes of female murderers in film and print true crime aficionados will be fascinated by the minute descriptions of what happened and why while pop culture enthusiasts will appreciate the lens of societal norms through which these cases are examined

When Women Kill 2014-06-19 based on case studies from the us uk and australia this book looks at the ways in which female killers are constructed in the media in law and in feminist discourse almost invariably as victims rather than actors in the crimes they commit

**Blood on Her Hands** 2011-09-30 murder has always fascinated us and when women are the masterminds the intrigue grows exponentially not only are female murderers much rarer than male killers but their crimes usually also involve a more sophisticated type of plotting in blood on her hands award winning journalist tanya farber investigates the lives minds and motivations of some of south africa s most notorious female murderers from the poisonous nurse daisy de melker to the privileged but deeply disturbed najwa petersen to the mysterious joey harhoff who died before revealing where the bodies of her victims including her own niece were farber sets each case against the backdrop of the different eras and regions of 20th and early 21st century south africa the women operated in her writing style is lighter than the subject matter might suggest and blood on her hands will keep you reading until late at night probably with your light on the women featured also include dina rodrigues phoenix racing cloud theron marlene lehnberg chane van heerden and celiwe mbokazi

Women Who Kill 2016-11-14 why does a young woman lure teenagers into her car then participate in their horrific rape and torture what makes a nurse lethally inject the healthy babies in her care women statistically aren t a violent breed but the female of the species can be just as deadly as the male from the mass poisoner to the sexual sadist from profit killings to crimes committed just for twisted thrills carol anne davis sets out to explore the dark and disturbing world of the female serial killer in depth

analysis of individual cases including new information from the minister who heard myra hindley's confession provides an invaluable insight into the psychology behind these atrocities

Killer Women - Devasting True Stories of Female Murderers 2007-08-07 in the bestselling deadlier than the male and female of the species wensley clarkson revealed the terrifying truth of the horror that women can inflict upon their men now he brings you a new volume that is more compelling than ever before the horrifying truth of the world's most dangerous women is revealed in these pages they come from every cross section of society and whether young or old rich or poor they are united by one thing murder this is a collection of darkly readable tales and if they make you feel uncomfortable then remember that they are made all the more sinister by the fact that each one is completely true

Murderous Women 2000 true crime accounts

**Female Serial Killers** 1996-02-01 in this fascinating book peter vronsky exposes and investigates the phenomenon of women who kill and the political economic social and sexual implications buried with each victim how many of us are even remotely prepared to imagine our mothers daughters sisters or grandmothers as fiendish killers for centuries we have been conditioned to think of serial murderers and psychopathic predators as men with women registering low on our paranoia radar perhaps that's why so many trusting husbands lovers family friends and children have fallen prey to the female monster from history's earliest recorded cases of homicidal females to irma grese the nazi beast of belsen from britain's notorious child slayer myra hindley to honeymoon killer martha beck to the sensational cult of aileen wournos the first female serial killer as celebrity to cult killers homicidal missionaries and our pop culture fascination with the sexy femme fatale vronsky not only challenges our ordinary standards of good and evil but also defies our basic accepted perceptions of gender role and identity includes photographs

**The New Predator--women who Kill** 2018-09-20 based on her research and interviews with women serial killers the author provides a profile women who kill and their crime scenes highlights differences between male and female murders contrasts mass murder and serial killing describes childhood warning signs that may be predictive of later violent behavior gives a step by step guide for professionals investigating equivocal death cases and offers suggestions on how to interview female offenders

**When Women Kill** 2018-05-17 the volume explores every aspect of females who murdered from arrest through sentencing and provides descriptions of ecological and other circumstances of the murders the victims the motives of the perpetrators and their fates in court the generous utilization of case examples dramatically reveals the homicide scenarios this exploratory descriptive study compares 296 females arrested for homicide in six urban areas atlanta baltimore chicago houston los angeles and new york city in 1979 and 1983 during field trips to these cities which have the highest murder rates in the country both qualitative and quantitative data were collected from police files homicide records f b i reports and criminal court information research analyses reveals a fascinating profile of today's female murderer when women kill presents a comprehensive yet highly readable overview of this previously neglected subgroup of homicide offenders

Killer Women 1999 the chilling inside story of women who are driven to kill killer women are the most disturbing yet compelling of all criminals representing the very darkest side of humanity and subverting the conventional view of women as the weaker sex from elizabeth bathory the bloody countess whose vampire like tendencies terrorised sixteenth century hungary to the moors murderer myra hindley and the florida highway killer aileen wuornos these women transfix us with their extreme ability to commit savage acts of cruelty and depravity most chilling is the fact that many of their victims represent the most vulnerable in society babies the ill and infirm and the elderly in some cases their methods of disposing of the corpses fall nothing short of ingenious meet leonarda cianciulli the soap maker of correggio who used the fat from her victims bodies to make soap and teacakes to sell to unsuspecting customers these killers backgrounds methods and their crimes are described in forensic and gripping detail 50 terrifying cases of killer women are brought to life including elizabeth bathory the bloody countess amelia dyer the reading baby farmer jane toppan jolly jane juana barraza the old lady killer leonarda cianciulli the soap maker of correggio bonnie parker bonnie clyde rosemary west myra hindley aileen wuornos

Talking with Female Serial Killers - A chilling study of the most evil women in the world 2011

christopher berry dee criminologist and bestselling author of books about the serial killers aileen wuornos and joanne dennehy turns his uncompromising gaze upon women who not only kill but kill repeatedly because female murderers and especially serial murderers are so rare compared with their male counterparts this new study will surprise as well as shock particularly in the cases of women like beverley allitt who kill children and janie lou gibbs who killed her three sons and a grandson as well as her husband here too are women who kill under the influence of their male partners such as myra hindley and rosemary west and whose lack of remorse for their actions is nothing short of chilling but the author also turns his forensic gaze on female killers who were themselves victims like aileen wuornos whose killing spree for which she was executed can be traced directly to her treatment at the hands of men christopher berry dee has no equal as the author of hard hitting studies of the killers who often walk among us undetected for many years and who in so many cases seem to be acting entirely against their natures

Murder Most Rare 2015-02-01 marie besnard the queen of poisoners nanny hazel doss killer of four husbands three children two sisters and her mother all to turn a profit these are just two of the dozens of deadly and determined women who have been overlooked in the popular annals of serial crime until now more difficult to apprehend and motivated by more complex issues female serial killers may be

even more lethal and cunning than their male counterparts

Women Who Kill 2018-02-08 true crime australian women who kill investigates more than a dozen cases of murder in australia and new zealand where women have taken the lives of loved ones and total strangers for the thrill of it

*Question of Sanity* 2023-12-03 the women who serve as the subjects for this book all share compelling stories to be considered a serial killer one must kill at least three people all within proximity to each other in terms of time the motive is generally the same from one murder to the next as is the means by which death is brought about most are from north central new york living along the erie canal in small isolated rural communities a majority of these women were dubbed black widows women who murdered multiple husbands often for profit some were called baby farmers a title given to women accused of murdering infants others were known as angels of death those who kill beneath the guise of providing care to the ill and infirmed there were a few titled avengers women motivated by revenge and greed and finally those whose sanity is questioned impelled to kill by delusions and paranoia this is their story

**Lady Killers - Deadly Women Throughout History** 2004 when you think of serial killers throughout history the names that come to mind are ones like jack the ripper and ted bundy but what about tillie klimek moulay hassan kate bender the narrative we re comfortable with is the one where women are the victims of violent crime not the perpetrators in fact serial killers are thought to be so universally overwhelmingly male that in 1998 fbi profiler roy hazelwood infamously declared in a homicide conference there are no female serial killers lady killers based on the popular online series that appeared on jezebel and the hairpin disputes that claim and offers fourteen gruesome examples as evidence though largely forgotten by history female serial killers such as erzsebet bathory nannie doss mary ann cotton and darya nikolayevna saltykova rival their male counterparts in cunning cruelty and appetite for destruction each chapter explores the crimes and history of a different subject and then proceeds to unpack her legacy and her portrayal in the media as well as the stereotypes and sexist cliches that inevitably surround her the first book to examine female serial killers through a feminist lens with a witty and dryly humorous tone lady killers dismisses easy explanations she was hormonal she did it for love a man made her do it and tired tropes she was a femme fatale a black widow a witch delving into the complex reality of female aggression and predation featuring 14 illustrations from dame darcy lady killers is a bloodcurdling insightful and irresistible journey into the heart of darkness *True Crime Disturbing Cases* 2013 are you ready to dive into true crime s darkest depths this spine chilling anthology tells the stories of seven female serial killers whose crimes will haunt you every waking moment prepare for an unforgettable voyage into the heart of human darkness where reality is more terrifying than fiction have you ever wondered what motivates people to commit heinous crimes how did the human intellect devolve into such darkness can justice truly triumph in the face of such heinous crimes prepare for a captivating narrative experience that enables you to become an armchair detective investigating the motives tactics and implications of these extraordinary cases rather than simply narrating them benefits of true crime disturbing cases vol 1 human psyche insights peel back the layers of the criminal mind to comprehend the depths of human behavior cautionary tales learn from history in order to preserve the future while appreciating the role of justice and law enforcement engaging storytelling immerse yourself in narratives that will keep you on the tip of your seat waiting for the next discovery one instance will make you reconsider the limits between good and evil blurring the distinction between victim and culprit why trust this book this book written by true crime enthusiasts is more than just a collection of terrible tales it is a carefully chosen analysis of the human condition we treat these stories with sensitivity understanding the sensitive nature of the issue get rid of your fears balanced approach we convey the facts without embellishment creating a responsible and respectful story empathy first we personalize the victims allowing you to connect on a deeper level with the story this book captivates minds and provokes conversations whether you re a true crime fan or looking for a thought provoking present share the excitement of discovering the unknown with your friends and family set out on a quest that will test your view of reality true crime disturbing cases vol 1 is more than simply a book it s an experience that will stay with you long after you ve finished reading it order your copy today to satisfy your curiosity and face your worries

The Female Homicide Offender 2020-11-10 why do some female homicide offenders commit serial murder the answer to this question has eluded criminal profilers and police officers for decades although researchers have offered some tentative explanations based on the limited cases documented no systematic treatment of this phenomenon has occurred in the popular and academic literature at least not until now in this engaging accessible and detailed book authors stacey l shipley psy d and bruce a amigo ph d put many of the missing pieces together shedding new and provocative light on this fascinating though deadly crime relying on insights from psychology and criminology they argue that unresolved trauma following poor or severed childhood attachments to parents can result in disorderly conduct in adolescents who act delinquently and psychopathic adults who behave criminally in order to test this theory shipley and arrigo turn to the high profile case of aileen wuornos a woman executed in 2002 for the cold blooded and calculated murders of seven men challenging conventional wisdom that female killers are victims of abuse the authors provide a cogent and penetrating analysis raising many disturbing questions about the nature of predatory and serial murders committed by women going well beyond the confines of the aileen wuornos case shipley and arrigo also examine the ethical dilemmas inherent in a culture of violence where the systems of criminal justice and mental health seemingly fail to assist persons in profound distress at issue here is the manner in which society helps to create the female homicide offender including those women who kill repeatedly

**Wild Women Do** 2021-06-22 this psychological crime thriller takes us inside the mind of a unique female serial killer a prostitute who murdered seven adult men a case with which the author was intimately involved the issues raised by this high profile criminal case remain unresolved to this day women even prostitutes have the right to self defense in theory but in practice the story is more complicated this book will challenge everything you ever thought about prostitutes serial killers and justice in america aileen wuornos is a damaged soul a genuine american outlaw a symbol of women's rage a symbol of what can happen to severely abused children and of how our justice system fails women chesler's involvement with a serial killer has haunted her ever since she speaks in aileen wuornos' voice as well as in her own and delivers an incisive original and dramatic portrait of a cognitively impaired traumatized and alcoholic woman who had endured so much pain in her short life when she'd had enough the results were deadly this is a poignant sometimes humorous never before told behind the scenes tale wuornos' story is handled with great sensitivity but also with realistic detachment by chesler as she probes the telling moment the telling phrase was wuornos suffering from post-traumatic stress after a life lived on a killing field was she also born evil so many prostitutes have been tortured murdered by serial killers how did wuornos once prey become a predator requiem for a female serial killer will also haunt you it won't let you put it down take a walk on the wild side the ghost of aileen wuornos beckons

**Requiem for a Female Serial Killer** 2016-09-16 with murder sometimes i wonder why it takes the detective so long to catch the killer or that a child does not have rites or the mother or father has no rights but they give the child back to them anyway the book contains three parts part one is made up of 11 cases of women who have murdered their partners part two is titled a mixed bag of murder and consists of 11 more true crime cases of women committing murder part three presents 7 more cases of women murdering their children

**True Crime Series** 2015-12-15 true crime stories of killer women serial killers and psychopathic women who kill for pleasure claim your free bonuses after the conclusion when male serial killers are on the loose they tend to make headlines for example ted bundy and jeffrey dahmer men like these are infamous for the terror that they inflicted in the general population many of these men are diagnosed as psychopaths the reasons for them going down the paths that they chose are analysed and studied and read about there was a time however that all such crimes were always automatically linked to a man a general perception was quite common that there is no such thing as women serial killers and psychopaths in fact women killers can sometimes be more lethal and the murders that they have committed can be just as cold and calculated as a man's when women and men turn to murder and crime they leave a wake of disappearances and blood in their path a path that may be discovered after years have passed now be it male or female analysts have sat them down and assessed their mental progress things have changed over the decades their crimes are weighed in the same scales as their male counterparts and now they can't hide themselves by claiming to be absolutely innocent here is a preview of what you'll learn women who kill delphine la laurie and her house of horrors women who kill elizabeth bathory the blood countess women who kill nannie doss nancy hazel the husband killer women who kill nannie doss the second husband women who kill nannie doss the third victim women who kill nannie doss four husbands in a row women who kill nannie doss last man standing much much more download your copy today scroll up and download this book now

**Women Who Kill** 2019-08-10 from lady elizabeth bathory to bell gunness to aileen wuornos this book takes an in-depth approach to evaluating the life and crimes of some of the world's most vicious women who are grouped into chapters by psychological type readers can also take a personality disorder self-assessment quiz to learn more about psychopathy the most common psychological condition for serial killers

**Female Serial Killers** 2017-11-30 an anthology of true crime where women behave badly in and out of the bedroom some female killers simply don't want to get their hands dirty and to the deed themselves instead they ask someone else to murder for them it might seem impossible but these things truly do happen more often than we think these women would either hire a person who is not personally involved or a lover who can be easily manipulated to help the motivation can be self-preservation especially if a woman is in an abusive marriage and wants to run away but some women do kill for financial gain this is exactly what happened to andie gasper who was caught in a deadly love triangle his wife cheryl had a long-term affair with randall knight who was madly in love with her she manipulated him with her lies in order for him to kill her husband so they could collect his life insurance money the case shook the small town of yorkshire to the core because the residents were not used to this level of violence andie was shot and murdered in a very public place and even though the investigators did identify the killer almost right away randall managed to slip through the fingers of justice the gasper family was losing hope once the case turned cold but the investigators were resilient and determined to find new leads that would prove that cheryl gasper was behind everything they worked day and night for years to see what went wrong in the first trial and make randall speak to them openly about the incident and sixteen years later they finally uncovered the truth

**The Love Triangle Murderer** 2017 four turn of the century fiends whose crimes even by today's standards are still shocking because they were committed by women yorkshire magazine their names may not be as familiar as such notorious female serial killers as aileen wuornos myra hindley martha beck or belle gunness but more than a century ago they made headlines and enthralled a bloodthirsty public now venturing into the darkest side of human behavior journalist stephen jakobi unearths the life and crimes of four of history's most twisted women agnes norman a london servant girl whose victims of choice were children including three infants most startling is that agnes was a child herself

only fifteen years old louie calvert a prostitute condemned for only one murder but her unique death cell autobiography revealed much more to her story kate webster committed one of the sickest slayings of the victorian era was she also responsible for the thames torso murders which rivaled jack the ripper finally the mysterious mrs willis an english baby farmer whose services included foster care wet nursing and infanticide using original research based on family owned primary sources and government files only recently made available in the mind of a female serial killer delves into to the grisly psyche of these infamous murderesses

**In the Mind of a Female Serial Killer** 2021-02-25 walk into the darkest side of human behaviour in the mind of a female serial killer is a forensic investigation into the lives and crimes of four violent female serial killers who were active in the late nineteenth and early twentieth centuries using original research based on family owned primary sources and government files only recently made available to the public stephen jakobi delves in to the grisly psyche of these infamous murderesses meet agnes norman the most successful known mass killer of her generation yet who was only convicted of one attempted murder with louie calvert stephen launches an investigation into the truth of her unique death cell autobiography leading to her only known photograph and a third murder victim kate webster committed one of the most notorious murders by a woman in the nineteenth century was she also responsible for the early thames torso murders a victorian crime sensation which rivalled jack the ripper finally meet the mysterious mrs willis the baby farmer whose last confession of her true identity proved false page 4 of cover

*In the Mind of a Female Serial Killer* 2019-04-25 discover the most notorious female serial killers of all time these women serial killers committed some of the vilest and shocking murders there are this book tells their story if you were to think of a killer what s the first thing that would come to mind is it a hulking figure with bulging biceps and a deep gravelly voice well what about a kind sweet old lady or what about an attractive young girl who looks like she could be a supermodel such images may not match the popular conception of serial killers but there are indeed killers who fit this profile women are less likely to commit murder yes but in the small club of female serial killers that exists there are some rather outrageous characters just take the case of the female professional wrestler from mexico juana barraza she wrestled other women in the ring by day and wrung their necks by night there s also the stunning story of sharon kinne who killed her husband one of her lovers and one of her lover s wives one after the other not only that she escaped from prison and hasn t been seen since here in this book we take a look at women gone mad highlighting some of the most notorious female serial killers the world has ever known scroll back up and click the buy now button at the top right side of this page to order your copy now

*Women Serial Killers* 2005-08 history shows us that men are most likely to commit heinous crimes but women are no strangers to violence either yes they do not kill frequently and female killers do not engage in killing sprees so often instead their crimes are driven by passion and sometimes even obsession with another person they are not prone to selecting a random victim but would turn on their partners friends or family women are usually not killing for the thrill but they do so for their own personal gain even if it seems illogical to a bystander so as you may already know whenever a body turns up somewhere the police would immediately question the closest family members crystal mae wagner s case is intriguing because she managed to include a third man into the whole narrative and make him do the dirty job for her the overly brutal killing and the disposal of the body shocked the bibb county in georgia luckily crystal mae wagner s body count didn t escalate and she was caught in time but the trial and the analysis of her psychological profile intrigued everyone who was involved in this case what makes a loving mother turn on her husband and was there something that pushed her over the edge to seek help from her lover in order to do this gruesome murder let s dive in deeper into this case and discover more details about crystal mae wagner and her life

**Killer Crystal** 2019-05-30 in stay sexy don t get murdered karen kilgariff and georgia hardstark hosts of true crime comedy podcast my favorite murder open up about their lives more intimately than ever in their confessionally honest and hilarious debut book titled after their podcast sign off sharing never before heard stories ranging from their struggles with depression eating disorders and addiction karen and georgia irreverently recount their biggest mistakes and deepest fears reflecting on the formative life events that shaped them into two of the most followed voices in the podcasting world

*The Encyclopedia of Women Killers* 2005 this book examines gender bias in perceptions of criminal women using the extreme example of serial murder often an examination of the extreme can show cultural biases with greater clarity this book shows that men and women as with more common homicide trends carry out serial murdering in different patterns furthermore this book will challenge some of the more influential explanations of serial murder put forth by noted people in the field arguing that many of these theories have failed to encapsulate the actions of women who commit these serial crimes lastly this book will explore another possible definition of serial murder as well as some alternative theoretical approaches to the problem

**Stay Sexy and Don't Get Murdered** 2020-11-01 for four centuries new england has been a cradle of crime and murder from the salem witch trials to the modern day mafia nineteenth century new england was the hunting ground of five female serial killers jane toppan lydia sherman nellie webb harriet e nason and sarah jane robinson female killers are often portrayed as caricatures black widows angels of death or femme fatales but the real stories of these women are much more complex in pretty evil new england true crime author sue coletta tells the story of these five women from broken childhoods to first brushes with death and she examines the overwhelming urges that propelled these women to take the lives of a combined total of more than one hundred innocent victims the murders

investigations trials and ultimate verdicts will stun and surprise readers as they live vicariously through the killers and the would be victims that lived to tell their stories

**The Female Serial Murderer** 2001 drawing on extensive interviews with the accused herself here is the sordid twisted and surprising story of brooke lee west a successful technical writer from silicon valley who became las vegas most notorious female serial killer in february 2001 police uncovered the decomposed remains of christine smith bagged like garbage in a las vegas storage unit she d been dead for years next to the makeshift tomb were books on witchcraft and satanism it didn t take long for authorities to discover that the owner of the foul canyon gate unit 317 was christine s own daughter brooke lee west further investigation revealed something even more shocking a one woman crime spree that spanned two decades stretched from nevada to california and may have counted among its victims brooke s own husband and brother

Pretty Evil New England 2005-12-06 18 shocking true crime cases of women who kill including kelly cochran convicted of two savage murders cochran may well be a serial killer but did she feed one of her victims to unsuspecting neighbors larissa schuster larissa wanted her husband to disappear and with her knowledge of biochemistry she knew exactly how to make it happen inessa tarverdiyeva nursery school teacher by day home invading serial killer by night tarverdiyeva turned murder into an activity for the whole family to participate in karla faye tucker a controversial case from texas nobody doubted that karla faye had committed the brutal double homicide but did she deserve the death penalty martha rendell the archetypal wicked stepmother rendell murdered her stepchildren in the most horrific way possible martha marek known as the devil in petticoats marek went to extraordinary lengths to maintain her standard of living lengths that included murder audrey marie hilley a suburban housewife with a deadly quirk she enjoyed feeding poison to her nearest and dearest katherine knight a shocking case of love murder and cannibalism from australia

**Wicked Women** 2021-07-02 a powerful collection of stories about women who murdered for revenge for love and even for pleasure rife with historical details that will have any true crime junkie on the edge of their seat in every tragic story men are expected to be the killers there are countless studies and works of art made about male violence however when women are featured in stories about murder they are rarely portrayed as predators they re the prey this common dynamic is one of the reasons that women are so enthralled by female murderers they do the things that women aren t supposed to do and live the lives that women aren t supposed to want lives that are impulsive and angry and messy and inconvenient maybe we feel bad about loving them but we eat it up just the same residing squarely in the middle of a venn diagram of feminism and true crime she kills me tells the story of 40 women who murdered out of necessity fear revenge and even for pleasure

*Witch* 2021-10-26 whether a side street skirmish or an all out war fight scenes bring action to the pages of every kind of fiction but a poorly done or unbelievable fight scene can ruin a great book in an instant in fight write you ll learn practical tips terminology and the science behind crafting realistic fight scenes for your fiction broken up into rounds trained fighter and writer carla hoch guides you through the many factors you ll need to consider when developing battles and brawls in round 1 you will consider how the who when where and why questions affect what type of fight scene you want to craft round 2 delves into the human factors of biology think fight or flight and adrenaline and psychology aggression and response to injuring or killing another person round 3 explores different fighting styles that are appropriate for different situations how would a character fight from a prone position versus being attacked in the street what is the vocabulary used to describe these styles round 4 considers weaponry and will guide you to select the best weapon for your characters including nontraditional weapons of opportunity while also thinking about the nitty gritty details of using them in round 5 you ll learn how to accurately describe realistic injuries sustained from the fights and certain weapons and what kind of injuries will kill a character or render them unable to fight further by taking into account where your character is in the world when in history the fight is happening what the character s motivation for fighting is and much more you ll be able write fight scenes unique to your plot and characters all while satisfying your reader s discerning eye
