group performance a companion 2 cd set includes all the melodies and accompaniments for the song anthology plus pronunciation for foreign language songs while many texts and courses on the art of singing offer comprehensive overviews of technique and performance few have time to delve into the specific questions they spawn solutions for singers explores these unanswered questions filling in gaps that professional performers students of singing and voice teachers have long sought to close fielding over 200 questions distinguished teacher and performer richard miller tackles problems raised during hundreds of his master classes and pedagogy courses he deliberately avoids abstract generalities concentrating instead on specific recurring questions what are some good exercises to loosen or relax tension in the back of the tongue do you apply the same principles regarding breathing to a younger student that you do to older students what is meant by voiced and unvoiced consonants is there a female falsetto through such specialized questions miller probes the very essence of artistic expression the questions are organized under ten broad topics which miller considers from various angles he couples traditional and modern philosophies to present the most relevant and precise solutions the result is an invaluable handbook for singers which read either sequentially or selectively provides a unique and pragmatic approach to vocal artistry and technique future and current independent private music educators will find this book an invaluable resources for establishing and maintaining a private music studio private music instructors will learn what they should expect professionally personally and financially from their independent music instruction business until facilitate searching as a guide to selecting vocal repertoire this book s practical and sometimes colorful comments on each song or aria will assist the vocal instructor in matching the student s ability and range to the appropriate piece this distillation of barbara doscher s many years of experience in the teaching studio is a necessary addition to any vocal instructor s collection as well as a valuable resource for the individual singer this volume deals with the multiple impacts of the first world war on societies from south europe latin america asia and africa usually largely overlooked by the historiography on the conflict due to the lesser intensity of their military involvement in the war neutrals or latecomers these countries or regions were considered peripheral as a topic of research however in the last two decades the advances of global history recovered their importance as active wartime actors and that of their experiences this book will reconstruct some experiences and representations of the war that these societies built during and after the conflict from the prism of mediators between the war fought in the battlefields and their homes as well as the local appropriations and resignifications of their experiences and testimonies this book teaches performers to use the feldenkrais method of neuromuscular activities to ameliorate problems of tension muscle strain and illness in order to obtain optimal vocal performance it contains important and unique modularized lessons specifically designed for liberating function in all musicians and singers in particular in the race of sound nina sun eidsheim traces the ways in which sonic attributes that might seem natural such as the voice and its qualities are socially produced eidsheim illustrates how listeners measure race through sound and locate racial subjectivities in vocal timbre the color or tone of a voice eidsheim examines singers marian anderson billie holiday and jimmy scott as well as the vocal synthesis technology vocaloid to show how listeners carry a series of assumptions about the nature of the voice and to whom it belongs outlining how the voice is linked to ideas of racial essentialism and authenticity eidsheim untangles the relationship between race gender vocal technique and timbre while addressing an undertheorized space of racial and ethnic performance in so doing she advances our knowledge of the cultural historical formation of the timbral politics of difference and the ways that comprehending voice remains central to understanding human experience all the while advocating for a form of listening that would allow us to hear singers in a self reflexive denaturalized way race sex and gender first published in 2000 routledge is an
