at least one ropes or some other adaptable material in the wake of fixing a knot it should hang all alone a hitch is somewhat extraordinary it resembles a bunch knot however it by and large includes another item like a stick a post a ring or every so often another rope appropriately tied hitches can hold their place or they might have the option to slide contingent upon the hitch you pick a lashing resembles a hitch yet somewhat progressively unpredictable lashings include the utilization of a rope or comparable material to make sure about at least two articles together to horribly misrepresent this the knot bunch is simply rope secured together the hitch is a rope attached to an item and a lashing is a rope affixing various articles together again a decent bunch can spare lives knot tying has always been one of those key outdoor skills that the inexperienced take for granted the experienced outdoorsman however has had enough success and failure to know that there are right and wrong knots for certain jobs but first it helps to know a few strange terms put it simply a knot is some kind of fastening or splice made by intertwining one or more ropes or some other flexible material after tightening a knot it should hold on its own a hitch is a little bit different it s like a knot but it generally involves another object like a stick a post a ring or occasionally another rope properly tied hitches can hold their place or they may be able to slide depending on the hitch you choose a lashing is like a hitch but slightly more complex lashings involve the use of a rope or similar material to

secure two or more objects together to grossly oversimplify all this the knot is just rope fastened together the hitch is a rope fastened to an object and a lashing is a rope fastening multiple objects together a good knot can save lives when you re dealing with a survival situation performing first aid and when working over heights or water but you have to know how to tie it so make sure you know what to do with your rope the next time you head into the wild by learning these 20 essential knots
