every day customers see the results of companies where fiefdoms have formed and silos create divisional or departmental strife poor sales and profits and lackluster products it s not hard to see that such companies are headed for an early grave regardless of the manner in which company fractures manifest themselves tech leaders must find a way to rid their workplaces of the divisions that threaten to undermine their company s productivity profits and survival that s why in unite the tribes leadership skills for technology managers christopher duncan bestselling author of the career programmer provides corporate leaders with a ten point plan for joining their company s divided ranks together in a way that helps employees achieve their goals while also accomplishing those of the company using the metaphors of the company as empire and the groups that form within companies as tribes duncan explains that the formation of tribes within an empire is unavoidable after all regardless of the situation in which they find themselves human beings are social creatures who align themselves with those whose goals and motivations match their own that s why the accountants hang together in the break room while developers talk shop and geek culture in a watering hole down the street yet the job of leaders is to build a cohesive powerful and enduring empire by bringing all groups together in service to a shared inspiring mission and that goes double for tech companies where breakthroughs create new landscapes on a daily basis in unite the tribes you will learn how to build alliances and a spirit of unity across all levels of the company to achieve higher employee morale greater profits and increased productivity how to come up with strategies that win market share as well as the hearts and minds of your employees how to manage conflict why self interest rules the day and how knowing another s wants and needs helps you achieve goals of your own unite the tribes will show you the visionary leader how to establish an empire by convincing your tribes of a simple but crucial truth alone you are weak and vulnerable united you are invincible what you ll learn readers of unite the tribes will learn practical down to earth approaches to problem solving and productivity that make sense to corporate leaders who have to do real work in the real world how to arrive at a plan for uniting the disparate groups that operate within their company when faced with the daily reality of office politics maneuvering ambition incompetence and short term thinking how to convey the company s purpose to employees in a way that is realistic and meaningful so that all workers can contribute to the company s greater good who this book is for those serving in leadership or managerial capacities i e those overseeing one or more employees at technology companies plagued with division and dysfunction will find the solutions they need to rally their employees to join forces in unite the tribes in addition leaders and managers of companies whose cohesion is still healthy yet is being threatened with fracture will be provided with real world strategies for reinforcing the glue that holds their company together in this practical applications driven guide table of contents the myth of absolute power building the future a lasting empire vision leadership organization mobility competitiveness persuasion strategy brilliance morale unite how it s being done offers much needed help to educators providing detailed accounts of the ways in which unexpected schools those with high poverty and high minority student populations have dramatically boosted student achievement how it s being done builds on karin chenoweth s widely hailed earlier volume it s being done providing specific information about how such schools have exceeded expectations and met with unprecedented levels of success the book lifehack calls the bible of business and personal productivity a completely revised and updated edition of the blockbuster bestseller from the personal productivity guru fast company since it was first published almost fifteen years ago david allen s getting things done has become one of the most influential business books of its era and the ultimate book on personal organization gtd is now shorthand for an entire way of approaching professional and personal tasks and has spawned an entire culture of websites organizational tools seminars and offshoots allen has rewritten the book from start to finish tweaking his classic text with important perspectives on the new workplace and adding material that will make the book fresh and relevant for years to come this new edition of getting things done will be welcomed not only by its hundreds of thousands of existing fans but also by a whole new generation eager to adopt its proven principles popular science gives our readers the information and tools to improve their technology and their world the core belief that popular science and our readers share the future is going to be better and science and technology are the driving forces that will help make it better life magazine is the treasured photographic magazine that chronicled the 20th century it now lives on at life com the largest most amazing collection of professional photography on the internet users can browse search and view photos of today s personal use why can some organizations innovate time and again while most cannot you might think the key to innovation is attracting exceptional creative talent or making the right investments or breaking down organizational silos all of these things may help but there s only one way to ensure sustained innovation you need to lead it and with a special kind of leadership collective genius shows you how preeminent leadership scholar linda hill along with former pixar tech wizard greg brandeau mit researcher emily truelove and being the boss coauthor kent lineback found among leaders a widely shared and mistaken assumption that a good leader in all other respects would also be an effective leader of innovation the truth is leading innovation takes a distinctive kind of leadership one that unleashes and harnesses the collective genius of the people in the organization using vivid stories of individual leaders at companies like volkswagen google ebay and pfizer as well as nonprofits and international government agencies the authors show how successful leaders of innovation don t create a vision and try to make innovation happen themselves rather they create and sustain a culture where innovation is allowed to happen again and again an environment where people are both willing and able to do the hard work that innovative problem solving requires collective genius will not only inspire you it will give you the concrete practical guidance you need to build innovation into the fabric of your business life magazine is the treasured photographic magazine that chronicled the 20th century it now lives on at life com the largest most amazing collection of professional photography on the internet users can browse search and view photos of today s people and events they have free access to share print and post images for personal use the blues done lost it s mind will surely have you in an uproar with laughter this book of poetry was designed to tickle your funny bone with metaphoric phrases idiomatic expressions and ebonics with a mixture of harlem renaissance style poetry remembering the days of the cotton club when our folks were sassy but classy taking you way back to when we went down yonder to big mama s house oh yeah and when the shoeshine was only 5 cents lemonheads banana splits and all of them treat but bringing you back to the present when afros bell bottoms and patent leather boots were stylish take a load off grab this book and have a seat the best selling author of the 7 minute difference demonstrates how small routine choices can enable significant positive changes in personal relationships and goals outlining specific strategies and tools for identifying key priorities and accomplishing scheduled daily tasks an unprecedented look at how the mormon faith has shaped some of today s most successful ceos and businessmen the founder of jetblue the ceo of dell computers the ceo of deloitte touche the dean of the harvard business school they all have one thing in common they are devout mormons who spend their sundays exclusively with their families never work long hours and always put their spouses and children first how do they do it now critically acclaimed author and investigative journalist jeff benedict a mormon himself examines these highly successful business execs and discovers how their beliefs have influenced them and enabled them to achieve incredible success with original interviews and unparalleled access benedict shares what truly drives these individuals and the invaluable life lessons from which anyone can benefit stuff happens and it s untidy and freedom s untidy and free people are free to make mistakes and commit crimes and do bad things the famous response of donald rumsfeld american secretary of defense to the looting of baghdad at a press conference on 11 april 2003 provides the title for a new play specially written for the olivier theatre about the extraordinary process leading up to the invasion of iraq how does the world settle its differences now there is only one superpower what happens to leaders risking their credibility with sceptical publics from events which have dominated international headlines for the last two years david hare has fashioned both a historical narrative and a human drama about the frustrations of power and the limits of diplomacy stuff happens premiered at the national theatre london in 2004 season and has subsequently been performed around the world in april 2006 it was given its new york premiere at the public theater in this new slightly updated text life magazine is the treasured photographic magazine that chronicled the 20th century it now lives on at life com the largest most amazing collection
