Orden y virtud 1995

impressive analysis of the republican rhetoric of the 1829 52
rosas government maintains that the language of republicanism
among rosista publicists was in fundamental conflict with
modern scientific concerns something that was untrue of rosas s
unitario opponents includes a fascinating anthology of writings
by various figures in the rosas camp highly recommended
handbook of latin american studies v 58

El partido republicano en España 1900

en razones públicas andrés rosler traza un retrato histórico
conceptual del republicanismo que desmiente por completo la
imagen con que se lo suele asociar la de un discurso anticuado
conservador que moraliza lo político obsesionado por limitar el
poder e incapaz de hacer frente a sus enemigos a contrapelo de
esa visión el autor desarrolla su argumentación a partir del
análisis de cinco aspectos republicanos claves la libertad como
no dominación la virtud como soporte motivador y epistémico de
la participación cívica el debate como el elemento constitutivo de
la política la ley como la otra cara de la libertad y la patria como
el espacio particularista aunque estrictamente institucional de la
república y de su contracara el cesarismo que surge cuando la
libertad cede su lugar a la dominación la virtud a la corrupción el
debate a la unanimidad la ley al capricho de los gobernantes y la
patria al chauvinismo el recorrido es amplio porque la historia de
la república desde sus orígenes romanos hasta la actual
república francesa pasando por las repúblicas del medioevo
tardío las de la modernidad temprana y la norteamericana es
larga como lo es la lista de los pensadores que reflexionaron
sobre ella rosler lo sigue con dominio teórico erudición y claridad
expositiva sin ocultar sus lados oscuros como la convivencia en
ciertos momentos de la república con la esclavitud y echando luz
sobre los asuntos tratados con una original variedad de recursos
la teoría republicana clásica de cicerón a maquiavelo pasando
por salustio y tito livio pero también pensadores modernos y

contemporáneas imágenes tomadas de la pintura y la literatura escenas de películas o argumentos operísticos la obra nos proporciona así una imagen viva del discurso republicano que nos atrae no solo por sus propiedades inherentes sino también por lo que hay en él de nuestras propias experiencias políticas y aspiraciones

La comunidad de ciudadanos 2006

ensayo sobre el sistema de las autonomías y de la oligarquía del estado de partidos durante la democracia en España a través de un análisis profundo donde se reflexiona y debate sobre las posibilidades de una regeneración institucional de nuestro país

Razones públicas 2016-05-01

partiendo de la recopilación de una serie de textos básicos de la política los autores analizan la evolución de la idea de democracia a lo largo de la historia en la primera parte del libro se recogen una serie de textos clásicos que sirven de pretexto para discutir la democracia ateniense el discurso republicano liberal y la democracia radical así como la crítica a la democracia elaborada por los elitistas la segunda parte se caracteriza por la actualidad de los enfoques seleccionados y por el prestigio de los autores que los presentan Linz Habermas Sartori Almond y Dahl entre otros

Cartas y discursos de un republicano 1869

el republicanismo ha ocupado un notable espacio en la contemporaneidad hispana durante un prolongado período de tiempo de una manera general el arco cronológico de su pervivencia como movimiento político significativo en la vida política española puede trazarse entre la década de 1830 y los años de la transición a la democracia asimismo los republicanos

lograron durante este período una amplia implantación geográfica si bien es cierto que determinadas áreas cataluña país valenciano galicia o andalucía se identifican en mayor medida por su tradición republicana no obstante el republicanismo no ha despertado apenas interés entre historiadores y estudiosos de la política hasta fechas recientes a ello ha contribuido considerablemente la desproporcionada atención depositada en las dos convulsas experiencias de gobierno republicano que ha relegado a un segundo plano al movimiento en su conjunto el presente libro estudia el desarrollo del republicanismo durante la restauración canovista período en el que constituyó el referente central de las aspiraciones de amplios núcleos de la sociedad española en concreto examina los diversos ingredientes que conformaron la cultura política del movimiento la oposición a la institución monárquica y la vindicación de la forma de gobierno republicana el problema de la ciudadanía en sus dimensiones civil política social y cívica el diseño republicano de las instituciones estatales y las formulaciones concurrentes en torno a la organización territorial del estado la cuestión de la nación y el nacionalismo español el anticlericalismo concretamente la dimensión política del mismo y en fin las nociones de la política y el cambio social exhibidas desde el movimiento el análisis de estos problemas permite constatar que la cultura política republicana fue durante la restauración a un tiempo unitaria y diversa o puesto en otros términos que los republicanos del período imaginaron repúblicas en parte semejantes pero también con notables disimilitudes

Del hecho nacional a la conciencia de España 1994

esta obra ofrece una aproximación a las experiencias del constitucionalismo la lucha electoral y el régimen representativo vividos en peru dos décadas antes de la independencia proclamada por san martin y a las de los primeros ensayos republicanos llevados a cabo por el y bolivar su merito es mostrar la inviabilidad de un régimen representativo que se

asienta en una estructura económica y social en la que los electores están sujetos a servidumbre y que la falta de verdad y libertad electorales son parte de la pesada herencia institucional y moral de la colonia

Discurso pronunciado ... en la noche del 13 de noviembre de 1868, con motivo de instalarse el Comité Republicano de Madrid 1868

destacado estudio de la historia política peruana del siglo XIX abarca desde el primer civilismo de Manuel Pardo hasta la patria nueva de Leguía es un análisis de la república que nos permite rescatar los aciertos e identificar los errores de la cultura política peruana y sus similitudes con el presente la utopía republicana es un análisis de nuestra primera centuria independiente es una invitación a leer nuestra historia de un modo diferente enfocando los grandes retos de la construcción nacional a través de la bruma política contemporánea es un libro que en su segunda edición después de veinte años nos permite entender la época del primer civilismo y sus similitudes y conexiones con el presente el análisis del Perú del siglo XIX que hace Mc Evoy en este libro nos ayuda a comprender cómo se ha creado nuestra república este estudio parte por un lado de un país ilusionado con un proyecto republicano que consigue fugaz representación en el Partido Civil y Manuel Pardo y por otro lado de las fuerzas sociales y económicas acostumbradas a vivir de y convivir con un sistema patrimonialista que conocen y dominan en medio de esta coyuntura se encuentran algunos líderes dispuestos a la traición y a fundar un partido personalista una historia que parece no haber cambiado en la actualidad este libro es una pieza fundamental en la producción intelectual nacional de las últimas décadas y abarca hasta la patria nueva de Leguía es un libro de historia pero su objetivo es el presente sobre todo para entender a la cultura política peruana que parece permanecer siempre entre nosotros

Discursos 1907

los Últimos de la tricolor es el resultado de la tesis doctoral del autor Jesús Movellán Haro tras haberla defendido en febrero de 2020 en la universidad de Cantabria bajo la dirección de la Dra. Ángeles Barrio Alonso y después de cinco años de investigación predoctoral el estudio del republicanismo durante la transición hacia la democracia en España apenas ha sido tratado historiográficamente en líneas generales se ha tendido a interpretar que antes 1975 los republicanos españoles habían desaparecido y que su proyecto político carecía de vigencia para el proceso de democratización que posteriormente tuvo lugar sin embargo los últimos republicanos españoles como se muestra en este libro llegaron al final de la dictadura franquista con un discurso político válido y acorde al contexto sociopolítico del momento su desaparición final no tuvo tanto que ver con su falta de adaptación al proceso como a los obstáculos que encontraron los últimos representantes del republicanismo para visibilizarse y poder participar en igualdad de condiciones con las demás fuerzas políticas de la oposición antifranquista esto finalmente condicionó la supervivencia del republicanismo español más allá de la transición por estas razones en esta monografía se aborda el estudio de los últimos republicanos reunidos en el partido político de acción republicana democrática española así como entre los últimos miembros del gobierno de la República Española en el exilio se valorará la capacidad del republicanismo para reorganizarse en el interior de España antes y sobre todo después de la muerte de Franco y se analizarán las ideas más relevantes de su discurso político de esta forma podrá comprobarse cómo los últimos representantes de un republicanismo de naturaleza liberal demócrata intentaron sin éxito participar en el proceso de transición en España asimismo se valorará en este trabajo si el proyecto político de estos republicanos les sobrevivió o si por el contrario desapareció como alternativa existente en el escenario político español de la democracia actual

España trastornada 2017-02-23

despite being separated by thousands of miles and shaped by distinctive national histories the countries of spain italy and argentina were intertwined in a variety of ways during the first half of the twentieth century this collection brings scholars from each nation into conversation with one another to trace these complex historical connections over the period of the two world wars deploying latinity as a novel analytical framework it gives a broad and dynamic perspective on cases of reciprocal exchange that include the influence of italian socialism on hispanophone leftists the roots of argentine liberalism in machiavelli and spanish nationalist thinkers and the web of connections among italian fascism argentine nacionalismo and spanish francoism

La democracia en sus textos 1998

this volume addresses an important historiographical gap by assessing the respective contributions of tradition and foreign influences to the 19th century codification of criminal law more specifically it focuses on the extent of french influence among others in european and american civil law jurisdictions in this regard the book seeks to dispel a number of myths concerning the french model s actual influence on european and latin american criminal codes the impact of the napoleonic criminal code on other jurisdictions was real but the scope and extent of its influence were significantly less than has sometimes been claimed the overemphasis on french influence on other civil law jurisdictions is partly due to a fundamental assumption that modern criminal codes constituted a break with the past the question as to whether they truly broke with the past or were merely a degree of reform touches on a difficult issue namely the dichotomy between tradition and foreign influences in the codification of criminal law scholarship has unfairly ignored this important subject an oversight that this book remedies

Historia del movimiento republicano en Europa 1874

relics of the past tells the story of antiquities collecting antiquarianism and archaeology in peru and chile in the second half of the nineteenth and the early twentieth century while the role of foreign travellers and scholars dedicated to the study of south america s pre columbian past is well documented historians have largely overlooked the knowledge gathered and the collections formed among collectors of antiquities antiquaries and archaeologists born or living in south america during this period the landed gentry the clergy and an urban bourgeoisie of doctors engineers and military officials put antiquities on display in their private mansions or bestowed them upon the public museums that were being formed by municipalities and governments in santiago de chile cuzco or lima men and some few women gathered antiquities on their journeys inland and during sociable weekend excursions but also on quotidian commercial voyages or in military campaigns they bartered antiquities with their fellow collectors or haggled about their price on the antiquities market in their hours of leisure they marvelled at them wrote about them and disputed over their meaning age and interest in learned societies informal gatherings and at meetings in universities and public museums this volume unveils a hitherto largely unknown world of antiquarian and archaeological collecting and learning in peru and chile

Imaginar la República 2008

in 1837 mariquita sánchez de mendeville was so fed up with governor juan manuel de rosas that she chose to leave her beloved city of buenos aires leaving was especially hard because mariquita felt that she had played an influential role in transforming buenos aires from a spanish colonial outpost into a brilliant capital in a world of republics juan manuel de rosas s

version of order alienated mariquita who chose self imposed exile in montevideo over living under rosas s stifling rule the struggle went on for nearly two decades until mariquita finally came home for good in 1852 while rosas went into exile mariquita s and juan manuel s lives corresponded with the major events and processes that shaped the turbulent beginnings of the argentine nation many of which also shaped latin america and the atlantic world during the age of revolution 1750 1850 their lives provide an overarching narrative for argentine history that both scholars and students will find intriguing

Representaciones del espacio en la poesía del exilio republicano español: Emilio Prados, Juan Ramón Jiménez y Luis Cernuda 2003

this book explores the ways in which people in latin america and the caribbean joined with others in europe and the united states to re imagine the ancient term democracy so as to give it relevance and power in the modern world in all these regions that process largely followed the french revolution in latin america it more especially followed independence movements of the 1810s and 20s the book looks at how a variety of political actors and commentators used the term to characterize or argue about modern conditions through the ensuing half century by 1870 it was firmly established in mainstream political lexicons throughout the region following introductory scene setting and overview chapters specialists contribute wide ranging accounts of aspects of the context in which the word was re imagined six final chapters explore differences in its fortune from place to place

Los orígenes del gobierno

representativo en el Perú 1875

this volume explores women s literary and cultural production in latin america and suggests how such works engage with discourses of identity nationhood and gender including contributions by several prominent latin american scholars themselves it seeks to provide a vital insight into the analysis and reception of the works in a local context and foster debate between latin american and metropolitan academics the book is divided into two sections women and nationhood and models and genres the first section comprises six chapters which examines women s responses to and attempts to carve out space within national discourses in a latin american context spanning the nineteenth century to the present day the chapters offer an insight into the ways in which latin american women have constructed themselves as modern subjects of the nation and made use of the ambiguous spaces created by modernization and national discourses the section starts firstly with a focus on the southern cone covering chile and argentina and then moves geographically northward to colombia and bolivia the second section models and genres consists of six chapters that examine how women writers engage with and critically re work existing literary discourses and paradigms considering phenomena such as detective fiction fairy tales and classical mythological figures the chapters illustrate how these genres and models frequently coded as masculine are given new inflections both as a result of their deployment by women and as a result of their re working in a latin american context

Historia del movimiento republicano en Europa 1982

the long revolutionary movements that gave birth to constitutional democracies in the americas were founded on egalitarian constitutional ideals they claimed that all men were created equal with similar capacities and also that the

community should become self governing following the first constitutional debates that took place in the region these promising egalitarian claims which gave legitimacy to the revolutions soon fell out of favor advocates of a conservative order challenged both ideals and favored constitutions that established religion and created an exclusionary political structure liberals proposed constitutions that protected individual autonomy and rights but established severe restrictions on the principle of majority rule radicals favored an openly majoritarian constitutional organization that according to many directly threatened the protection of individual rights this book examines the influence of these opposite views during the founding period of constitutionalism in countries including the united states argentina colombia chile ecuador mexico peru and venezuela

Galdós, demócrata y republicano **2017-08-14**

this study of 200 years of latin american constitutionalism 1810 2010 both presents a description and a critical analysis of what latin americans did with their constitutions during those years

La utopía republicana 2008

volume iii covers the iberian empires and stresses the ethnic dimension of the independent processes in spanish america and brazil an important reference text for historians of the atlantic world with a keen interest in the iberian empires

Historia del movimiento republicano en Europa por Emilio Castelar 2021-11-09

the 2006 volume of redescriptions has two main themes the political principles and practices of democratic political representation and the temporal dimension of politics discussed in six articles and two review articles different principles and organizational arrangements play a key role in theories of political representation in the democratization of suffrage and in the present debates on the modes of equal representation of women the articles discussing the proper time for politics also refer to issues closely connected to debates on democracy and representation today

Los Últimos de la Tricolor: republicanos y republicanismo durante la transición hacia la democracia en España (1969-1977) 2022-05-13

beyond civilization and barbarism examines the role of cultural production in the struggle for power in argentina during the first half of the nineteenth century identifying the pueblo or people as the common preoccupation of those vying to legitimize competing political projects it argues that this decisive period of latin american history was marked by a fundamentally modern debate to define the constitutive parts of the nation

nationalism in the new world brings together work by scholars from the united states canada latin america and europe to discuss the common problem of how the nations of the americas grappled with the basic questions of nationalism who are we how do we imagine ourselves as a nation debates over the origins and meanings of nationalism have emerged at the forefront of the humanities and social sciences over the past two decades however these discussions have been mostly about nations in europe the middle east asia or africa in addition their focus is usually on the violence spawned by ethnic and religious strains of nationalism which have been largely absent in the americas the contributors to this volume americanize the conversation on nationalism they ask how the countries of the americas fit into the larger world of nations and in what ways they present distinctive forms of nationhood such questions are particularly important because as the editors write the american nations that came into being in the wake of revolutions that shook the atlantic world beginning in 1776 provided models of what the modern world might become american nations were among the first nation states to emerge on the world stage as former colonies with multiethnic populations american nations could not logically rest their claim to nationhood on ancient bonds of blood and history out of a world of empires and colonies the independent states of the americas forged new nations based on a varied mix of modern civic ideals instead of primordial myths on ethnic and religious diversity instead of common descent and on future hopes rather than ancient roots

A Woman, a Man, a Nation 2023

madness in buenos aires patients psychiatrists and the argentine state 1880 1983 examines the interactions between psychiatrists patients and their families and the national state in modern argentina this book offers a fresh interpretation of the argentine state s relationship to modernity and social change during the twentieth century while also examining the often contentious place of psychiatry in modern argentina drawing on a number of previously untapped archival sources jonathan ablard uses the experience of psychiatric patients as a case study of how the argentine state developed and functioned over the last century and of how argentines interacted with it ablard argues that the capacity of the argentine state to provide social services and professional opportunities and to control the populace was often constrained to an extent not previously recognized in the scholarly literature these limitations including a shortage of hospitals insufficient budgets and political and economic instability shaped the experiences of patients their families and doctors and also influenced medical and lay ideas about the nature and significance of mental illness furthermore these

this book is available as open access through the bloomsbury
2023-03-23 **15/19** **storia del pensiero politico contemporaneo**

open access programme and is available on
bloomsburycollections.com liberalism today has perhaps more
supporters and adversaries than any other political movement
this volume traces liberalism's global ascent through essays
about some of the thinkers and actors who participated in its rise
and spread the essays included here present for the first time in
one place the geographic and ideological diversity of liberal
thought and practice as it developed since the eighteenth
century by exploring thinkers as diverse as montesquieu
abraham lincoln jacob burckhardt khayr al din hu shih john rawls
and czeslaw milosz this volume contributes toward a better
understanding of liberalism's past and present each chapter
opens with a critical passage from the author under
consideration and explores the author's significance for
liberalism by facilitating a direct encounter with influential
authors and texts the volume serves as an introduction both to
the multiple dimensions of liberalism and to reading texts in
political thought by engaging with particular liberal moments the
essays allow readers to create and explore conversations among
liberalisms across time and space it thus encourages a broader
and more nuanced understanding of the nature and history of
liberalism stimulating accessible and interdisciplinary liberal
moments will appeal to students and scholars in the history of
political thought intellectual history and beyond

The Legal Foundations of Inequality **2013-08-29**

girlhood interdisciplinary and global in source scope and
methodology examines the centrality of girlhood in shaping
women's lives scholars study how age and gender along with a
multitude of other identities work together to influence the
historical experience spanning a broad time frame from 1750 to
the present essays illuminate the various continuities and
differences in girls' lives across culture and region girls on all
continents except antarctica are represented case studies and
essays are arranged thematically to encourage comparisons
