article for atlantic monthly called the awakening of the negro 1896 in 1861 francis moore appeared to be a perfectly ordinary twenty three year old man a carriage maker in the bustling mississippi river town of quincy illinois and there he might well have lived out his life in unadventurous comfort but then the civil war burst out and moore along with most of his friends like young men north and south rushed to enlist in the army his cavalry regiment soon set off for what proved to be four years of warfare plunging him into harrowing experiences of battle that would have been unimaginable back in his small hometown and that uprooted him body and soul for the remainder of his life enter the story of my campaign the remarkable civil war memoir of captain francis t moore which historian thomas bahde here offers in an original edition to contemporary readers for the first time moore began the war as a private in company 1 of the second illinois volunteer cavalry and was soon promoted to lieutenant and then captain of his company he spent most of the war fighting guerillas in missouri kentucky tennessee mississippi and louisiana he fought at the battle of belmont kentucky in 1861 and raided mississippi with general benjamin grierson in 1864 he also battled confederate leaders such as nathan bedford forrest and leonidas polk his unflinching chronicle of small scale and irregular warfare combined with his intimate account of military life make his memoir as absorbing as it is historically valuable moore was also an unusually articulate young man with strong opinions about the war the preservation of the union the institution of slavery african americans the people of the south and the confederacy his wartime observations and his postwar reflections on these themes provide not only a captivating narrative they also provide readers with an opportunity to examine how the conflict endured in the memory of its veterans and the nation they served the enormous social upheaval and staggering loss of human life during the civil war cannot be overstated the estimated 2 percent of americans or 620 000 people who died in the conflict would be the equivalent of 6 000 000 people today the story of my campaign offers an indelible account of this conflagration from the perspective of one of its survivors it is evidence of a hard war fought and the long hard life The Story of My Assassins 1989 in 1861 francis moore appeared to be a perfectly ordinary twenty three year old man a carriage maker in the bustling mississippi river town of quincy illinois and there he might well have lived out his life in unadventurous comfort but then the civil war burst out and moore along with most of his friends like young men north and south rushed to enlist in the army his cavalry regiment soon set off for what proved to be four years of warfare plunging him into harrowing experiences of battle that would have been unimaginable back in his small hometown and that uprooted him body and soul for the remainder of his life enter the story of my campaign the remarkable civil war memoir of captain francis t moore which historian thomas bahde here offers in an original edition to contemporary readers for the first time moore began the war as a private in company 1 of the second illinois volunteer cavalry and was soon promoted to lieutenant and then captain of his company he spent most of the war fighting guerillas in missouri kentucky tennessee mississippi and louisiana he fought at the battle of belmont kentucky in 1861 and raided mississippi with general benjamin grierson in 1864 he also battled confederate leaders such as nathan bedford forrest and leonidas polk his unflinching chronicle of small scale and irregular warfare combined with his intimate account of military life make his memoir as absorbing as it is historically valuable moore was also an unusually articulate young man with strong opinions about the war the preservation of the union the institution of slavery african americans the people of the south and the confederacy his wartime observations and his postwar reflections on these themes provide not only a captivating narrative they also provide readers with an opportunity to examine how the

conflict endured in the memory of its veterans and the nation they served the enormous social upheaval and staggering loss of human life during the civil war cannot be overstated the estimated 2 percent of americans or 620 000 people who died in the conflict would be the equivalent of 6 000 000 people today the story of my campaign offers an indelible account of this conflagration from the perspective of one of its survivors it is evidence of a hard war fought and the long hard life that followed
