the twentieth century obsessed with the future we
created technologies that would help connect us faster
gather news map the planet and compile knowledge we
strove for an instantaneous network where time and
space could be compressed well the future s arrived we
live in a continuous now enabled by twitter email and a
so called real time technological shift yet this now a
wide ranging social and cultural critique present shock
artfully weaves through many different materials as it
makes its point we are exhilarated drugged and consumed
by the now but we need to attend to the future before
us and embrace the present in a more constructive way
