

Free pdf Apa 6th edition multiple authors (2023)

this article covers how to cite a reference in apa style 7th ed when there are multiple authors broadly speaking in an apa style the author refers to the person s or group s who should be given credit for the work being referenced here s a run through of everything this page includes in text citations when there are multiple authors apa in text citations with multiple authors if a work has two authors separate their names with an ampersand in a parenthetical citation or and in a narrative citation if there are three or more authors only include the first author s last name followed by et al meaning and others apa 7th edition citation guide multiple authors source with two authors rules for citing more than one author apply to all sources regardless of format below is an example of a book with two authors use the word and between the authors names within the text and use an ampersand for parenthetical citations reference page format multiple authors if you are citing a source that has multiple authors follow these basic steps two authors always cite both authors names in text every time you reference them example johnson and smith 2009 found three or more authors two or more works by the same author in the same year if you are using more than one reference by the same author or the same group of authors listed in the same order published in the same year first check to see if they have more specific dates this recommendation is new to apa 7 when multiple works in a paper have an identical author or authors and publication year append letters to the years when the first authors of multiple references in a paper share the same surname but have different initials use initials in the in text citations dates in a citation multiple authors 2 authors 3 or more authors always cite both authors names in text every time you reference them examples johnson and smith 2019 found was their conclusion johnson smith 2019 apa manual p 266 section 8 17 last updated aug 18
