poison apple books thrilling bone chilling these books have bite marisol and her mom move from the city to rural montana for a few months and stay with family friends and their twin children jack and hailey marisol loves looking at the stars so far away from city lights but she feels creeped out by the woods right by their house she s even more scared when her new friend lily warns her about the wolves there wolves that are most dangerous around the full moon when she notices hailey disappear several times late at night marisol starts to wonder could she be friends with a werewolf

Now You See Me ... (Poison Apple #4)

2011-07-01

this book has bite when lena and her best friend abby find an old polaroid camera they never suspect that a creepy ghost story is about to develop best friends lena and abby love searching through thrift stores for lost treasures when they find an old

polaroid camera they can't wait to try it out but the photos that develop are troubling things that weren't really there appear in the pictures creepiest of all is the image of a boy dark and angry looking he shows up over and over clearer each time can the girls discover what the ghost boy wants before it's too late

The Dead End (Poison Apple #1)

2011-07-01

poison apple books thrilling bone chilling these books have bite casey slater can't believe her bad luck it's the summer before seventh grade and instead of the perfect vacation she'd planned with her best friend casey is in a remote country town where her parents are restoring an old creaky creepy house worst of all everyone else in town thinks the old house is haunted and soon casey thinks so too a vase explodes a heavy china cabinet falls over on its own and it seems like the ghost doesn't want them there casey thought she'd be dying of boredom but now she's scared to death

Miss Fortune

2010

zoe's never been superstitious so when she and her best friend mia have their fortunes read at a carnival she doesn't take it seriously but the woman gives zoe a necklace to seal her fortune and as soon as zoe puts it on unexplained things begin to happen to her original

Curiosity Killed the Cat (Poison Apple #7)

2011-08-01

poison apple books thrilling bone chilling these books have bite hannah isn't thrilled to be moving in with her dad and his new family who live right next to a spooky cemetery luckily hannah doesn't believe all the ghost cat stories she's heard about the graveyard not so luckily the cemetery is the least of hannah's troubles her stepsister madison is the meanest girl in hannah's grade her cat icky has been missing since the move and worst of all hannah can't sleep at night something keeps scratching at her door but when she looks for it nothing is ever there hannah's starting to wonder could those scary stories be true after all

Her Evil Twin (Poison Apple #6)

2011-07-01

is anna's new bff really her evil twin nothing is as it seems in this thrilling bone chilling new poison apple book anna's new friend emma is everything anna wants to be fearless effortlessly fashionable and always up for doing something new and fun the girls even look alike and soon they're fixing their hair the same way and sharing clothes but emma is also kind of a troublemaker she likes to sneak off school grounds at lunch and she doesn't seem to like anna having any other friends emma never seems to get caught but anna does after all they look just alike when emma's sense of adventure takes a sinister turn anna starts to worry is her mirror image bff a dangerous evil twin

The Poisoned Apple

2020-10-06

sometimes bad decisions come back to bite you the princess is too sweet too kind but the witch knows just how to handle a princess like that one bite from a painstakingly made poisoned apple should do it once the apple is in the hands of the princess the plan is in motion but when the kindhearted princess gives the apple away the witch watches as her plot spirals out of control can she get the apple back before it's too late who will end up with a happily ever after what goes around comes around in this darkly humorous fairy tale sure to keep readers on the edge of their seats and howling with laughter

Miss Fortune (Poison Apple #3)

2011-07-01

poison apple books thrilling bone chilling these books have bite zoe's never been superstitious so when she and her best friend mia have their fortunes read at a carnival she doesn't take it seriously in fact zoe mocks the fortune teller but the woman gives zoe a necklace to seal her fortune and as soon as zoe puts it on unexplained things begin to happen to her her bike spins out of control a fire starts in the oven when it isn't on and zoe begins receiving threatening texts and emails the necklace must be cursed but when zoe and mia return to the site of the carnival it's gone can they break the curse before something terrible happens

The Green-Eyed Monster

2012-01-01

chloe never thought she'd have a friend as stylish confident or mysterious as taylor and taylor definitely has secrets she doesn't like to talk about where she's from and she has a weird habit of predicting things before they happen and she has a nasty

jealous streak sometimes taylor gets so green with envy she doesn't even seem human so when a string of accidents hurts everyone who's ever had something taylor wanted chloe is scared for her friend is taylor just a mean girl or could she really be some kind of monster

The Poison Squad

2018-09-25

a new york times notable book the inspiration for pbs's american experience film the poison squad from pulitzer prize winner and new york times bestselling author deborah blum the dramatic true story of how food was made safe in the united states and the heroes led by the inimitable dr harvey washington wiley who fought for change by the end of nineteenth century food was dangerous lethal even milk might contain formaldehyde most often used to embalm corpses decaying meat was preserved with both salicylic acid a pharmaceutical chemical and borax a compound first identified as a cleaning product this was not by accident food manufacturers had rushed to embrace the rise of industrial chemistry and were knowingly selling harmful products unchecked by government regulation basic safety or even labelling requirements they put profit before the health of their customers by some estimates in new york city alone thousands of children were killed by embalmed milk every year citizens activists journalists scientists and women's groups began agitating for change but even as protective measures were enacted in europe american corporations blocked even modest regulations then in 1883 dr harvey washington wiley a chemistry professor from purdue university was named chief chemist of the agriculture department and the agency began methodically investigating food and drink fraud even conducting shocking human tests on groups of young men who came to be known as the poison squad over the next thirty years a titanic struggle took place with the courageous and fascinating dr wiley campaigning indefatigably for food safety and consumer protection together with a gallant cast including the muckraking reporter upton sinclair whose fiction revealed the horrific truth about the chicago stockyards fannie farmer then the most famous cookbook author in the country and henry j heinz one of the few food producers who actively advocated for pure food dr wiley changed history when the landmark 1906 food and drug act was finally passed it was known across the land as dr wiley's law blum brings to life this timeless and hugely satisfying david and goliath tale with righteous verve and style driving home the moral imperative of confronting corporate greed and government corruption with a bracing clarity which speaks resoundingly to the enormous social and political challenges we face today

The Poison Eaters

2020-05-19

washington post best children s book formaldehyde borax salicylic acid today these

chemicals are used in embalming fluids cleaning supplies and acne medications but in 1900 they were routinely added to food that americans ate from cans and jars in 1900 products often weren't safe because unregulated unethical companies added these and other chemicals to trick consumers into buying spoiled food or harmful medicines chemist harvey washington wiley recognized these dangers and began a relentless thirty year campaign to ensure that consumers could purchase safe food and drugs eventually leading to the creation of the u s food and drug administration or fda a us governmental organization that now has a key role in addressing the covid 19 coronavirus pandemic gripping the world today acclaimed nonfiction and sibert honor winning author gail jarow uncovers this intriguing history in her trademark style that makes the past enthrallingly relevant for today's young readers

Monsters

2015-09-03

disturbingly compelling guardian a blackly comic tale about two children you would never want to meet from the script writer for killing eve season two and director of promising young woman set in the cornish town of fowey all is not as idyllic as the beautiful seaside town might seem the body of a young woman is discovered in the nets of a fishing boat it is established that the woman was murdered most are shocked and horrified but there is somebody who is not a twelve year old girl she is delighted she loves murders soon she is questioning the inhabitants of the town in her own personal investigation but it is a bit boring on her own then miles giffard a similarly odd twelve year old boy arrives in fowey with his mother and they start investigating together oh and also playing games that re enact the murders just for fun you understand a book about two twelve year olds that is definitely not for kids

Dead in the Water

Poisoned Apples

2014-09-23

every little girl goes through her princess phase whether she wants to be snow white or cinderella belle or ariel but then we grow up and life is not a fairy tale christine heppermann s collection of fifty poems puts the ideals of fairy tales right beside the life of the modern teenage girl with piercing truths reminiscent of laurie halse anderson and ellen hopkins this is a powerful and provocative book for every young woman e lockhart author of we were liars calls it a bloody poetic attack on the beauty myth that s caustic funny and heartbreaking cruelties come not just from wicked stepmothers but also from ourselves there are expectations pressures judgment and

criticism self doubt and self confidence but there are also friends and sisters and a whole hell of a lot of power there for the taking in fifty poems christine heppermann confronts society head on using fairy tale characters and tropes poisoned apples explores how girls are taught to think about themselves their bodies and their friends the poems range from contemporary retellings to first person accounts set within the original tales and from deadly funny to deadly serious complemented throughout with black and white photographs from up and coming artists this is a stunning and sophisticated book to be treasured shared and paged through again and again

Our Daily Poison

2004-09-03

an enlightening and deeply disturbing account of the dangerous chemicals that have infiltrated our food by the rachel carson prize winning journalist booklist our daily poison is a gripping and urgent book for anyone concerned about democracy corporate power or public health raj patel author of stuffed and starved in it award winning journalist and filmmaker marie monique robin travels across north america europe and asia to document the shocking array of chemicals we encounter in our daily lives from the pesticides that blanket our crops to the additives and plastics that contaminate our food and their effects on our health over time following the trail of the synthetic molecules in our environment and our food robin traces the ugly history of industrial chemical production as well as the shoddy regulatory system for chemical products that still operates today using scientific studies expert testimony and interviews with farmworkers suffering from acute chronic poisoning robin demonstrates how corporate interests and our own ignorance may be costing us our lives what rachel carson s groundbreaking silent spring did for the environmental movement robin is doing for awareness of toxins in the food chain publishers weekly this may be one of the most important books of the year kirkus reviews full of facts stories and wisdom the huffington post

Partitioned Representations

2013-03-07

cognitive science is a field that began with the realization that researchers in varied disciplines psychology artificial intelligence linguistics philosophy formal semantics neuroscience and others had taken on a common set of problems in representation and meaning in reasoning and language nevertheless cognitive science as a whole enjoys no common methodology or theoretical framework and is in danger of becoming even more fragmented with time there are two reasons for this first cognitive science is built on existing methodologies that have different historical origins as a result the psychologist's truth is different from the linguist's truth the artificial intelligence researcher's truth is different from the philosopher's truth the neuroscientist's truth is different from the formal semanticist's truth all too often there is little or no recognition of the relevance of work in other disciplines to one's own concerns second cognitive scientists tend to develop theories around isolated problems for instance there are theories about how humans categorize concepts about how humans analyze linguistic expressions syntactically about how the english tense system works semantically about how humans reason about space or reason about time about how goal directed problem solving occurs about how the brain computes and so on
