TV Stations 1954

the future of television news is now are you ready for it television news which has played a crucial role in the world s most momentous events from wars and royal weddings to mankind s first steps on the moon is in the midst of a digital fuelled revolution in its early years tv news was monopolised by large corporations and state broadcasters who controlled what went on air and when then technological advances in the 1980s enabled billionaires like ted

turner and rupert murdoch to muscle in and beam 24 hour news channels across the world via cable and satellite today we are living through a third turbulent iteration streaming over the internet is radically changing how television is produced watched and delivered it has so dramatically lowered the costs of entry into what was once the exclusive domain of governments multinationals and tycoons that almost anyone can now set up their own global news channel but in such a fragmented world awash with fake news who and what can we trust in this stimulating and authoritative study zafar siddiqi who has launched and run four news channels across three continents discusses the profound implications of this new era aimed at entrepreneurs media students industry insiders and anyone interested in tv news and its effect on humankind it serves as a step by step guide for launching a news channel in the digital age they say that revolutions do not come with a manual this one does
