new york times bestseller set before the events of star wars episode i the phantom menace this new novel is a thrilling follow up to star wars darth plagueis it s kill or be killed in the space penitentiary that houses the galaxy s worst criminals where convicts face off in gladiatorial combat while an underworld gambling empire reaps the profits of the illicit blood sport but the newest contender in this savage arena as demonic to behold as he is deadly to challenge is fighting for more than just survival his do or die mission for the dark masters he serves is to capture the ultimate weapon an object that will enable the sith to conquer the galaxy sith lords darth plagueis and darth sidious are determined to possess the prize and one of the power hungry duo has his own treacherous plans for it but first their fearsome apprentice must take on a bloodthirsty prison warden a cannibal gang cutthroat crime lord jabba the hutt and an unspeakable alien horror no one else could brave such a gauntlet of death and live but no one else is the dreaded dark side disciple known as darth maul praise for lockdown schreiber was a great choice for this novel imbuing the story with a dark foreboding tone while never quite stepping into the horror territories that death troopers and red harvest took us jedi news fans of the dark side should rejoice lockdown delivers a can t put this down tale of scum and villainy club jade lockdown is an action packed ride that spins one entertaining chapter after another the multiple layers of story keeps readers guessing what will happen next and just who will live and who will die it certainly adds to the character of darth maul while matching darth plagueis s complexity with sheer fun five out of five metal bikinis roqoo depot somehow schreiber is able to skate the line between hard hitting prison story and the adventure and excitement i love from star wars in a way that doesn t betray either genre it s really quite masterful big shiny robot lockdown is an exciting engaging read it actually lines

up beautifully for a sequel which i for one would love to read coffee with kenobi the novel makes the clone wars better it also illuminates the phantom menace i think it s the hallmark of the best tie in fiction to resonate throughout other parts of the expanded universe in that way knights archive by the fiftieth page i was hooked lockdown is a wonderful antihero novel where it s just fine to root for the villain because there are even worse things out there this book was so fun and entertaining i ll have to keep an eye out for more star wars books from schreiber seattle geekly
