Hold Me Closer 2015-03-17 first published in the summer of 1557 as the protestant martyrs pyres blazed across england songes and sonettes written by the ryght honorable lorde henry haward late earle of surrey and other more generally known as tottel s miscellany is widely regarded as the first anthology of english poetry responsible for introducing italianate verse forms to england yet those scholars who have paid attention to the book usually dismiss its literary quality and regard its chief accomplishment as paving the way for the golden age of elizabethan verse to come as professor warner makes clear however there is much more historical significance to the miscellany than merely being a precursor to shakespeare and sidney drawing upon a wealth of historical textual and literary evidence this new study recasts the miscellany as a peculiar phenomenon of the reign

of mary i placing it in the context of its european counterparts and its competition in the london book market warner argues that at heart the miscellany was a collaborative project between the printer richard tottel and law students from the inns of court and represented a timely response to the religious political and social upheavals of the english reformation and counter reformation analysing from both a literary and historical perspective this study reconnects the miscellany with the social cultural literary and religious milieu in which it was created warner thus reveals not only the distinctiveness of the book s design compared to other english verse works for sale in 1557 but its function as a patriotic retort to continental collections of verse including one that put into print a selection of satirical songs and sonnets written by the spanish caballeros who found themselves reluctant attendants at the court of mary i

The Dictator's Seduction 2009-07-17 the purloined letter is the third of the three stories featuring the detective c auguste dupin the other two being the murders in the rue morgue and the mystery of marie roget these stories are considered important forerunners of the modern detective story the method poe s detective dupin uses to solve the crime was quite innovative he tried to identify with the criminal and to think like he would in may of 1844 poe wrote to james russell lowell that he considered it perhaps the best of my tales of ratiocination

The Oxford Handbook of Cervantes 2021-02-16 cervantes the poet travels from the court of isabel de valois to rome naples palermo algiers and madrid s barrio de las letras recovering cervantes nearly forty year literary career before the publication of don quijote gabrielle ponce hegenauer demonstrates the cultural literary and theoretical significance of cervantes status as a late sixteenth century itinerant poet this study recovers the generative literary milieus and cultural practices of spain s most famous novelist in order to posit a new theory of the modern novel as an organic transformation of lyric practices native to the late sixteenth century and cervantes own literary outlook
