now a major tv series on amazon prime just read it outstanding matt haig to say i love this book is an understatement it moved me to tears reese witherspoon beautifully written completely charming and extremely wise on the subject of adolescence and influence nick hornby everyone in shaker heights was talking about it that summer how isabelle the last of the richardson children had finally gone around the bend and burned the house down in shaker heights a placid progressive suburb of cleveland everything is meticulously planned from the layout of the winding roads to the colours of the houses to the successful lives its residents will go on to lead and no one embodies this spirit more than elena richardson whose guiding principle is playing by the rules enter mia warren an enigmatic artist and single mother who arrives in this idyllic bubble with her teenage daughter pearl and rents a house from the richardsons soon mia and pearl become more than just tenants all four richardson children are drawn to the mother daughter pair but mia carries with her a mysterious past and a disregard for the rules that threatens to upend this carefully ordered community when old family friends attempt to adopt a chinese american baby a custody battle erupts that dramatically divides the town and puts mia and elena on opposing sides suspicious of mia and her motives elena is determined to uncover the secrets in mia s past but her obsession will come at an unexpected and devastating cost

the third international conference on hybrid learning ichl 2010 was organized by the school of continuing and professional studies of the chinese university of hong kong beijing normal university goethe institut china caritas francis hsu college and caritas bianchi college of careers ichl 2010 provided a platform for knowledge exchange on

hybrid learning among educators researchers and computer scientists who share a common goal to enhance the quality of learning and teaching in this fast changing knowledge world with the support of technology innovation hybrid learning has been an ongoing trend for a number of years it is not merely a simple combination of face to face and technology mediated instruction but also encompasses different learning strategies for teaching and learning it places emphasis on outcome based teaching and learning and provides a diversified learning environment hybrid learning is probably the most efficient learning mode in the present age of globalization when learning has to be borderless and dynamic in order to address the diverse learning needs of students students are given more opportunities to develop into active independent learners and to practice practical skills for work and study it was our pleasure to have three keynote speakers for the ichl 2010 they were rebecca launer from goethe institut germany bebo white from stanford university and yan ji chang from tsinghua university all of whom shared with us their valuable insights in the hybrid learning field
