replete with shady merchants scoundrels hungry mercenaries scheming nobles and maneuvering cardinals the man who believed he was king of france proves the adage that truth is often stranger than fiction or at least as entertaining the setting of this improbable but beguiling tale is 1354 and the hundred years war being waged for control of france seeing an opportunity for political and material gain the demagogic dictator of rome tells giannino di guccio that he is in fact the lost heir to louis x allegedly switched at birth with the son of a tuscan merchant once convinced of his birthright giannino claims for himself the name jean i king of france and sets out on a brave if ultimately ruinous quest that leads him across europe to prove his identity with the skill of a crime scene detective tommaso di carpegna falconieri digs up evidence in the historical record to follow the story of a life so incredible that it was long considered a literary invention of the italian renaissance from italy to hungry then through germany and france the would be king s unique combination of guile and earnestness seems to command the aid of lords and soldiers the indulgence of inn keepers and merchants and the collusion of priests and rogues along the way the apparent absurdity of the tale allows carpegna falconieri to analyze late medieval society exploring questions of essence and appearance being and belief at a time when the divine right of kings confronted the rise of mercantile culture giannino s life represents a moment in which truth lies history and memory combine to make us wonder where reality leaves off and fiction begins

the enigmatic and richly illustrative tarot deck reveals a host of strange and iconic mages such as the tower the wheel of fortune the hanged man and the fool over which loom the terrifying figures of death and the devil the 21 numbered playing cards of tarot have always exerted strong fascination way beyond their original purpose and the multiple resonances of the deck are ubiquitous from t.s. eliot and his wicked pack of cards in the waste land to the psychic divination of solitaire in ian fleming's live and let die and from the satanic novels of dennis wheatley to the deck's adoption by new age practitioners the cards have in modern times become inseparably connected to the occult they are now viewed as arguably the foremost medium of prophesying and foretelling yet as the author shows originally the tarot were used as recreational playing cards by the italian nobility in the renaissance it was only much later in the 18th and 19th centuries that the deck became associated with esotericism before evolving finally into a diagnostic tool for mind body and spirit this is the first book to explore the remarkably varied ways in which tarot has influenced culture tracing the changing patterns of the deck's use from game to mysterious oracular device helen farley examines tarot's emergence in 15th century milan and discusses its later associations with astrology kabbalah and the age of aquarius

filmmaker alejandro jodorowsky s insights into the tarot as a spiritual path works with the original marseille tarot to reveal the roots of western wisdom provides the key to the symbolic language of the tarot s nomadic cathedral transforms a simple divination tool into a vehicle for self realization and healing alejandro jodorowsky s profound study of the tarot which began in the early 1950s reveals it to be far more than a simple divination device the tarot is first and foremost a powerful instrument of self knowledge and a representation of the structure of the soul the way of tarot shows that the entire deck is structured like a temple or a mandala which is both an image of the world and a representation of the divine the authors use the sacred art of the original marseille tarot created during a time of religious tolerance in the 11th century to reconnect with the roots of the tarot s western esoteric wisdom they explain that the tarot is a nomadic cathedral whose parts the 78 cards or arcana should always be viewed with an awareness of the whole structure this understanding is essential to fully grasp the tarot s hermetic symbolism the authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within human beings each description of the major arcana includes key word summaries symbolic meanings traditional interpretations and a section where the card speaks for itself jodorowsky and costa then take the art of reading the tarot to a depth never before possible using their work with tarology a new psychological approach that uses the symbolism and optical language of the tarot to create a mirror image of the personality they offer a powerful tool for self realization creativity and healing

a workbook for using symbolic acts to heal the unconscious mind provides several hundred successful psychomagic solutions for a wide range of specific psychological sexual emotional and physical problems from stuttering eczema and fears to repressed rage and hereditary illnesses details how practitioners can develop unique psychomagic solutions for their patients explains how psychomagic bypasses the rational mind to work directly with the unconscious for quicker and more enduring change traditional psychotherapy seeks to unburden the unconscious mind purely through talk and discussion psychomagic recognizes that it is difficult to reach the unconscious with rational thought we should instead speak directly to the

unconscious in its own language that of dreams poetry and symbolic acts by interacting on this deeper level we can initiate quicker and more enduring change to resolve repressed childhood trauma express buried emotions and overcome deep seated intimacy issues through the lens of psychomagic illness can be seen as the physical dream of the unconscious revealing unresolved issues some passed from generation to generation in this workbook of psychomagic spells legendary filmmaker and creator of psychomagic alejandro jodorowsky provides several hundred successful psychomagic solutions for a wide range of psychological sexual emotional and physical problems from stuttering eczema and fear of failure to repressed rage hereditary illnesses and domineering parents each solution takes the same elements associated with a negative emotional charge and recasts them into a series of theatrical symbolic actions that enable one to pay the psychological debts hindering their lives explaining the shamanic techniques at the foundation of psychomagic the author offers methods for aspiring practitioners to develop solutions for their own unique patients jodorowsky explains how the surreal acts of psychomagic are intended to break apart the dysfunctional persona with whom the patient identifies in order to connect with a deeper more authentic self as he says in the book health only finds itself in the authentic there is no beauty without authenticity

a healing path using the power of dreams theater poetry and shamanism shows how psychological realizations can cause true transformation when manifested by concrete poetic acts includes many examples of the surreal but successful actions jodorowsky has prescribed to those seeking his help while living in mexico alejandro jodorowsky became familiar with the colorful and effective cures provided by folk healers he realized that it is easier for the unconscious to understand the language of dreams than that of rationality illness can even be seen as a physical dream that reveals unresolved emotional and psychological problems psychomagic presents the shamanic and genealogical principles jodorowsky discovered to create a healing therapy that could use the powers of dreams art and theater to empower individuals to heal wounds that in some cases had traveled through generations the concrete and often surreal poetic actions jodorowsky employs are part of an elaborate strategy intended to break apart the dysfunctional persona with whom the patient identifies in order to connect with a deeper self that is when true transformation can manifest for a young man who complained that he lived only in his head and was unable to grab hold of reality and advance toward the financial autonomy he desired jodorowsky gave the prescription to paste two gold coins to the soles of his shoes so that all day he would be walking on gold a judge whose vanity was ruling his every move was given the task of dressing like a tramp and begging outside one of the fashionable restaurants he loved to frequent while pulling glass doll eyes out of his pockets the lesson for him was that if a tramp can fill his pockets with eyeballs then they must be of no value and thus the eyes of others should have no bearing on who you are and what you do taking his patients directly at their words jodorowsky takes the same elements associated with a negative emotional charge and recasts them in an action that will make them positive and enable them to pay the psychological debts hindering their lives
