Financial Accounting 6e with Annual Report 2016-02-10

libby libby short wrote this text based on their belief that the subject of financial accounting is inherently interesting but financial accounting textbooks are often not they believe most financial accounting textbooks fail to demonstrate that accounting is an exciting field of study and one that is important to future careers in business when writing this text they considered career relevance as their guide when selecting material and the need to engage the student as their guide to style pedagogy and design libby libby short is the only financial accounting text to successfully implement a real world single focus company approach in every chapter students and instructors have responded very favorably to the use of focus companies and the real world financial statements the companies chosen are engaging and the decision making focus shows the relevance of financial accounting regardless of whether or not the student has chosen to major in accounting

Financial Accounting PDF ebook 6th Edition 2017-07-01

this book will be welcomed by students and academics alike the text is easy to read and well laid out the case studies are very helpful and it is supplemented by a good range of quality supporting material christopher coles department of accounting and finance university of glasgow a hugely enjoyable and informative book with an international focus eleimon gonis university of the west of england bristol financial accounting is the ideal book for anyone with little prior knowledge or who is new to this subject area the book retains the clear writing style and unique international focus which led to the success of previous editions this approach enables the teaching of financial accounting in a way that is not country specific this fully updated text uses the international financial reporting standards ifrs as its framework to explain key concepts and practices while linking them with contemporary real life examples from around the world what s new fully updated to reflect the extensive changes that have occurred in the three years since writing the fifth edition expanded discussion of accounting by smes and partnerships chapter 4 new discussion on capital maintenance chapter 8 added material on integrated reporting and sustainability chapter 6 expanded discussion of revenue recognition including reference to ifrs 15 chapter 8 the text is ideal for undergraduates and mba students worldwide taking a first course in financial accounting visit pearsoned.co.uk alexander to find valuable online resources for both students and lecturers including an instructor s manual and full set of power point slides david alexander is professor emeritus of accounting at the university of birmingham business school england christopher nobes is professor of accounting at royal holloway university of london england he is also professor at the university of sydney and adjunct professor at the norwegian business school from 1993 to 2001 he was a member of the board of the international accounting standards committee
