enthusiastic thorough and everything you need to know about discovering buried treasure there is an incredible amount of treasure buried right under our feet but most people don t even know this huge amount of untold wealth exists imagine how it must feel to uncover large caches of silver and gold coins or long lost jewelry packed with shimmering precious stones these are not some made up fairy tales there are people who at this very moment are finding these treasures veteran metal detector and treasure hunter mark smith takes you under his wing and demystifies treasure hunting in metal detecting by revealing his most closely guarded secrets and sharing personal stories of success these valuable lessons and truly amazing treasure hunting stories will make you wonder why you aren t out there with a metal detector right now metal detecting cuts right through the technical jargon and spells everything out with full color illustrations and easy to understand terms making this book simple to follow regardless of your prior treasure hunting experience novices and seasoned veterans will both find plenty of helpful information buried in the pages of this book from choosing your first metal detector to finding locations loaded with unlimited treasure possibilities and everything in between mark shows you how to get out there and claim your own share of treasure be it gold silver meteorites old coins jewelry or relics what are you waiting for grab a copy today and start uncovering history adventure and treasure

Guide of The World's Most Valuable Missing Treasures

2019-01-14

track pirate gold and misplaced riches across 168 counties in this comprehensive guide to the lost treasures of texas countless fortunes have disappeared into the vast expanse of the lone star state the history of the coast is cluttered with shipwrecks like that of the 1554 spanish fleet even when pirates such as jean laffite managed to get their ill gotten gains ashore their loot vanished just as completely as if it had sunk beneath the waves entire mines including the ventures of jim bowie and san saba presidio have been reclaimed by the earth the unmarked caches of bandits like jesse james and pancho villa still bedevil the dreams of treasure seekers today w craig gaines reveals what has been lost what has been found and what remains to be recovered

The Metal Detecting Handbook

2016-11-15

the committee firenze 2016 on the occasion of the 50th anniversary of the tragic 1966 flood invited six engineers and scientists to form an international technical scientific committee itsc to assess the current status of flood protection for the city of florence and identify steps to reduce the risk of flooding facing the city in this final report itsc concludes that florence remains at risk to significant flooding and this risk grows each day it is not a question of whether a flood of the magnitude of 1966 or greater will occur but when in fact the level of protection that exists in florence now is not on a level appropriate to the citizens and treasures that rest within the city if under current conditions a 1966 like flood occurred the consequences to human lives treasures properties and community infrastructure could be much more catastrophic than they were in 1966
