this dictionary uses transliteration as the basis for the word entries and makes it easier for the language learners who are not familiar with the persian script or are not skilled enough in using it in those few dictionaries which use transliterations since the alphabetical order is based on persian script it is very difficult and in some cases impossible for a non native speaker to find the word especially for those who are at the first stages of learning the language however in this method they would be able to find the transliteration as quick as the english word and they can match it with the equivalent word in the script so this dictionary is the first one which can be used by those who even do not know writing and reading in persian script
