Torn Between America and China 2010 how can a developing democratic and predominantly muslim country like indonesia manage its foreign relations while facing a myriad of security concerns and dilemmas in the increasingly complex post cold war international politics without compromising its national interests and sacrificing its independence approaching this problem from the vantage point of the indonesian foreign policy elite this book explores the elite s perceptions about other states and the manner in which these shape the decision making process and determine policy outcomes the combined qualitative and quantitative research strategy draws on a unique series of in depth interviews with 45 members of the indonesian foreign policy elite that included the country s present and or former presidents cabinet ministers high ranking military officers and senior diplomats among all state actors indonesian relations with the united states and china are the highest concern of the elite the leaders believe that in the future indonesia will increasingly have to manoeuvre between the two rival powers while the united states during george w bush s presidency was seen as the main security threat to indonesia china is considered the main malign factor in the long run with power capabilities that need to be constrained and counter balanced

America's Response to China 2010 warren i cohen begins with the mercantile interests of the newly independent american colonies and follows through to the tianenmen square massacre and the policy of george h w bush and bill clinton

America Views China 1991 u s historians present 16 essays on the american view of the chinese from the 18th century to the present among the perspectives are art commerce missionary activity diplomacy popular culture and a comparison with images of japan includes a general bibliography annotation copyrighted by book news inc portland or

America's China Sojourn 1983 americans look to china with fascination and fear unsure whether it is friend or foe but certain it will play a crucial role in their future this is nothing new gordon chang says *fateful ties* draws on literature art biography popular culture and politics to trace america s long and varied preoccupation with china

Americans in China 2022 this book brings together twelve scholars six americans and six chinese to explore the ways america and china think about international order the book shows how each country s traditions historical experiences and ideologies influence current global dialogues

America, China, and the Struggle for World Order 2015-07-23 from the red menace to tiananmen square the united states and china have long had an emotionally tumultuous relationship richard madsen s frank and innovative examination of the moral history of u s china relations targets the forces that have shaped this surprisingly strong tie between two strikingly different nations combining his expertise as a sinologist with the vision of america developed in *habits of the heart* and the good society madsen studies the cultural myths that have shaped the perceptions of people of both nations for the past twenty five years the dominant american myth about china born in the 1960s foresaw western ideals of economic intellectual and political freedom emerging triumphant throughout the world nixon s visit to china nurtured this idea and by the 1980s it was helping to sustain america s hopefulness about its own democratic identity meanwhile

chinese popular culture has focused on the u s especially american consumer goods coca cola was described by the people s daily as capitalism concentrated in a bottle today we face a new global institutional and cultural environment in which the old myths no longer work for either americans or chinese madsen provides a framework for us to think about the relationship between democratic ideals and economic political realities in the post cold war world what he proposes is no less than the foundation for building a public philosophy for the emerging world order

China and the American Dream 2023-11-15 one issue could lead to a disastrous war between the united states and china taiwan a growing number of taiwanese want independence for their island and regard mainland china as an alien nation mainland chinese consider taiwan a province that was stolen from china more than a century ago and their patience about getting it back is wearing thin washington officially endorses a one china policy but also sells arms to taiwan and maintains an implicit pledge to defend it from attack that vague muddled policy invites miscalculation by taiwan or china or both the three parties are on a collision course and unless something dramatic changes an armed conflict is virtually inevitable within a decade although there is still time to avert a calamity time is running out in this book carpenter tells the reader what the u s must do quickly to avoid being dragged into war

America's Coming War with China 2015-03-31 an examination of the u s china relationship that charts a new path for america focusing on its existing advantages ryan hass charts a path forward in america s relationship and rivalry with china rooted in the relative advantages america already possesses hass argues that while competition will remain the defining trait of the relationship both countries will continue to be impacted for good or ill by their capacity to coordinate on common challenges that neither can solve on its own such as pandemic disease global economic recession climate change and nuclear nonproliferation hass makes the case that the united states will have greater success in outpacing china economically and outshining it in questions of governance if it focuses more on improving its own condition at home than on trying to impede chinese initiatives he argues that the task at hand is not to stand in china s way and turn a rising power into an enemy in the process but to renew america s advantages in its competition with china

Stronger 2021-03-09 a quintessentially american story chronicling chinese american achievement in the face of institutionalized racism by the new york times bestselling author of the rape of nanking in an epic story that spans 150 years and continues to the present day iris chang tells of a people s search for a better life the determination of the chinese to forge an identity and a destiny in a strange land and often against great obstacles to find success she chronicles the many accomplishments in america of chinese immigrants and their descendents building the infrastructure of their adopted country fighting racist and exclusionary laws and anti asian violence contributing to major scientific and technological advances expanding the literary canon and influencing the way we think about racial and ethnic groups interweaving political social economic and cultural history as well as the stories of individuals chang offers a bracing view not only of what it means to be chinese american but also of what it is to be american

America's Response to China 1980 this volume explores commercial relations between the united states and china from the eighteenth century until 1949 fleshing out with facts the romantic and shadowy image of the china trade these nine chapters by specialists in the field have developed from papers they presented at a conference supported by the national committee on american east asian relations the

work begins with an introduction by john k fairbank then moves on to analysis of the old china trade up to the american civil war centering on traditional chinese exports of tea and silk a second section deals with american imports into china cotton textiles and textile related goods cigarettes kerosene finally the impact of the trade on both countries is assessed and the operations of american owned and multinational companies in china are examined for both the united states and china the economic importance of the trade proves to have been less than the legend might suggest

The Chinese in America 2004-03-30 national bestseller new york times notable book of the year from an eminent international security scholar an urgent examination of the conditions that could produce a catastrophic conflict between the united states and china and how it might be prevented china and the united states are heading toward a war neither wants the reason is thucydides s trap when a rising power threatens to displace a ruling one violence is the likeliest result over the past five hundred years these conditions have occurred sixteen times war broke out in twelve at the time of publication an unstoppable china approached an immovable america and both xi Jinping and donald trump promised to make their countries great again the seventeenth case was looking grim it still is a trade conflict cyberattack korean crisis or accident at sea could easily spark a major war in destined for war eminent harvard scholar graham allison masterfully blends history and current events to explain the timeless machinery of thucydides s trap and to explore the painful steps that might prevent disaster today short listed for the 2018 lionel gelber prize named a best book of the year by financial times the times london amazon allison is one of the keenest observers of international affairs around president joe Biden a must read book in both washington and Beijing boston globe full of wide ranging erudite case studies that span human history a fine book new york times book review

America's China Trade in Historical Perspective 1986 china s expanding economic and military power and the us response to the challenge of china s rise are shaping international relations in the twenty first century a breakdown in this relationship could bring about a situation reminiscent of the cold war lyle goldstein argues that while conflict is not predetermined there are worrying signs that the relationship is becoming an increasingly chilly and dangerous rivalry the main purposes of this book are to analyze the trajectory of the relationship to examine both us views and chinese views of the other and to propose concrete steps to reverse a perilous deterioration in the relationship he examines key flash points or difficult issues in the us china relationship in depth such as taiwan the korean peninsula japan economic issues and climate change to name a few a unique feature of the book is that goldstein s language skills allowed him to incorporate chinese military and diplomatic publications to a degree that few in the west have been able to in the past goldstein is under no illusions that compromise is easy but he calls for both the us and china to take steps to seek an accommodation of interests in the pacific and globally to avoid a dangerous strategic rivalry

Destined For War 2017-05-30 for more than a century no us adversary or coalition of adversaries not nazi germany imperial japan or the soviet union has ever reached sixty percent of us gdp china is the sole exception and it is fast emerging into a global superpower that could rival if not eclipse the united states what does china want does it have a grand strategy to achieve it and what should the united states do about it in the long game rush doshi draws from a rich base of chinese primary sources including decades worth of party documents leaked materials memoirs by party leaders and a careful analysis of china s conduct to provide a history of china s grand

strategy since the end of the cold war taking readers behind the party's closed doors he uncovers beijing's long methodical game to displace america from its hegemonic position in both the east asia regional and global orders through three sequential strategies of displacement beginning in the 1980s china focused for two decades on hiding capabilities and biding time after the 2008 global financial crisis it became more assertive regionally following a policy of actively accomplishing something finally in the aftermath populist elections of 2016 china shifted to an even more aggressive strategy for undermining us hegemony adopting the phrase great changes unseen in century after charting how china's long game has evolved doshi offers a comprehensive yet asymmetric plan for an effective us response ironically his proposed approach takes a page from beijing's own strategic playbook to undermine china's ambitions and strengthen american order without competing dollar for dollar ship for ship or loan for loan

Meeting China Halfway 2015-03-31 v 1 description the first of a three volume series on the interaction of the us and china in different regions of the world china the united states and the future of central asia explores the delicate balance of competing foreign interests in this resource rich and politically tumultuous region editor david denoon and his internationally renowned set of contributors assess the different objectives and strategies the u s and china deploy in central asia and examine how the two world powers are indirectly competitive with one another for influence in the region

The Long Game 2021-06-11 china and the united states two massive economic and military powers cannot avoid engaging with each other enjoying what is often termed the most important bilateral relationship in the world the two sometimes cooperate but often compete as their interests come into conflict both countries are separated not just by the pacific ocean but also by their very different histories experiences societies customs and outlooks non governmental unofficial relationships and exchanges are often as important as formal dealings in determining the climate of sino american relations for several decades in the mid twentieth century chinese and americans were virtually isolated from each other trapped in icy hostility chinese scholars are now making up for lost time this assortment of essays most by mainland chinese academics and students focuses upon the role of culture very broadly defined in sino american affairs taking a holistic approach in this collection over thirty authors focus on such topics as the influence of ideology the impact of geopolitics the use of rhetoric soft power educational encounters and exchanges immigration gender race identity literature television movies music and the press cultural factors are as the authors demonstrate enormously significant in affecting how chinese and americans think about and approach each other both as individuals and at the state level

China, The United States, and the Future of Southeast Asia 2017-05-16 with the ever expanding presence of china in the global economy americans more and more look east for goods and trade but as caroline frank reveals this is not a new development china loomed as large in the minds and account books of eighteenth century americans as it does today long before they had achieved independence from britain and were able to sail to asia themselves american mariners merchants and consumers were aware of the east indies and preparing for voyages there focusing on the trade and consumption of porcelain tea and chinoiserie frank shows that colonial americans saw themselves as part of a world much larger than just britain and europe frank not only recovers the widespread presence of chinese commodities in early america and the impact of east indies trade on the nature of american commerce but also explores the role

of the this trade in american state formation she argues that to understand how chinese commodities fueled the opening acts of the revolution we must consider the power dynamics of the american quest for china and china during the colonial period filled with fresh and surprising insights this ambitious study adds new dimensions to the ongoing story of america s relationship with china

The Power of Culture 2016-01-14 this text offers the first comprehensive synthesis of the history of u s chinese relations from initial contact to the present it is also the only text to examine issues in the relationship from both chinese and american perspectives

America's Cultural Experiment in China, 1942-1949 1976 from two former beijing bureau chiefs with long experience in asian affairs comes a clear eyed and uncompromising look at the potentially disastrous collision course now taking shape in u s china relations aggressively anti american china has nuclear weapons deliberately targeted at the united states recent confrontations between chinese and american military forces indicate that china may try to take taiwan by force while our trade deficit rises to unprecedented heights the powerful new china lobby shapes u s policy with the support of american businesses eager for a share of its booming markets the coming conflict with china is required reading for those who wish to understand the tense global rivalry that is already shaping the course of the 21st century plunges harpoons into the tenderest interstices of the chinese american relationship new york times disturbing and provocative there is plenty to worry about wall street journal

Objectifying China, Imagining America 2011 a remarkable history of the two centuries old relationship between the united states and china from the revolutionary war to the present day from the clipper ships that ventured to canton hauling cargos of american ginseng to swap chinese tea to the us warships facing off against china s growing navy in the south china sea from the yankee missionaries who brought christianity and education to china to the chinese who built the american west the united states and china have always been dramatically intertwined for more than two centuries american and chinese statesmen merchants missionaries and adventurers men and women have profoundly influenced the fate of these nations while we tend to think of america s ties with china as starting in 1972 with the visit of president richard nixon to china the patterns rapturous enchantment followed by angry disillusionment were set in motion hundreds of years earlier drawing on personal letters diaries memoirs government documents and contemporary news reports john pomfret reconstructs the surprising tragic and marvelous ways americans and chinese have engaged with one another through the centuries a fascinating and thrilling account the beautiful country and the middle kingdom is also an indispensable book for understanding the most important and often the most perplexing relationship between any two countries in the world

The United States and China 2013 china s rise as a global superpower has completely reshaped the landscape of international politics as the country s authoritarian regime becomes increasingly assertive on the world stage the united states grows ever more hostile to its asian rival repressive moves by china in xinjiang and hong kong military activities in the south china sea and western measures against chinese companies have only exacerbated tensions while the great powers of east and west battle over hegemony the world is being led inexorably towards a new cold war during his time as a cabinet minister attending national security council meetings oliver letwin realised that there was no agreement among western politicians and academics on how to conduct a peaceful long term relationship with china china vs america traces the contours of history both ancient and modern to explain how china has emerged as a challenger to american

power in the twenty first century and why this has created such uneasiness in the west in this robust and controversial assessment letwin argues that the international rules based order is completely ill equipped to foster a positive relationship between china and the united states and that the global community must act now to correct the collision course these two behemoths are currently on before it s too late

The Coming Conflict with China 1998-02-03 this comprehensive and balanced assessment of the historical and contemporary determinants of sino american relations now updated through 2017 explains the conflicted engagement between the two governments offering a welcome richness of discussion and analysis sutter explores the twists and turns of the relationship over the past 200 years

The Beautiful Country and the Middle Kingdom 2016-11-29 this book examines the power transition between the us and china and the implications for europe and asia in a new era of uncertainty the volume addresses the impact that the rise of china has on the united states europe transatlantic relations and east asia china is seeking to use its enhanced power position to promote new ambitions the united states is adjusting to a new superpower rivalry and the power shift from the west to the east is resulting in a more peripheral role for europe in world affairs featuring essays by prominent chinese and international experts the book examines the us china rivalry the changing international system grand strategies and geopolitics foreign policy geo economics and institutions and military and technological developments the chapters examine how strategic security and military considerations in this triangular relationship are gradually undermining trade and economics reversing the era of globalization and contributing to the breakdown of the us led liberal order and institutions that will be difficult to rebuild the volume also examines whether the adversarial antagonism in us china relations the tension in transatlantic ties and the increasing rivalry in europe china relations are primarily resulting from leaders ambitions or structural power shifts this book will be of much interest to students of asian security us foreign policy european politics and international relations in general

China vs America 2021-08-24 provides insight into u s and chinese involvement in aid trade direct investment and strategic ties in latin america in recent years china has become the largest trading partner for more than half the countries in latin america and demonstrated major commitments in aid and direct investment in various parts of the region china has also made a number of strategic commitments to countries like nicaragua cuba and venezuela which have long standing policies opposing u s influence in the region china the united states and the future of latin america posits that this activity is a direct challenge to the role of the u s in latin america and the caribbean part of a three volume series analyzing u s china relations in parts of the world where neither country is dominant this volume analyzes the interactions between the u s china and latin america the book series has so far considered the differences in operating styles between china and the u s in central asia and southeast asia this third volume unpacks the implications of competing u s and chinese interests in countries such as brazil and argentina and china s commitments in nicaragua and venezuela this volume draws upon a variety of policy experts focusing on the viewpoints of south american and caribbean scholars as well as scholars from outside states china s new global reach and its ambitions as well as the u s response are analyzed in detail a nuanced examination of current complexities and future implications china the united states and the future of latin america provides readers with varied perspectives on the changing economic

and strategic picture in latin america and the caribbean

US-China Relations 2017-12-08 barbara w tuchman won her second pulitzer prize for this nonfiction masterpiece an authoritative work of history that recounts the birth of modern china through the eyes of one extraordinary american general joseph w stilwell was a man who loved china deeply and knew its people as few americans ever have barbara w tuchman s groundbreaking narrative follows stilwell from the time he arrived in china during the revolution of 1911 through his tours of duty in peking and tientsin in the 1920s and 30s to his return as theater commander in world war ii when the nationalist government faced attack from both japanese invaders and communist insurgents peopled by warlords ambassadors and missionaries this classic biography of the cantankerous but level headed vinegar joe sparkles with tuchman s genius for animating the people who shaped history praise for stilwell and the american experience in china tuchman s best book so large in scope so crammed with information so clear in exposition so assured in tone that one is tempted to say it is not a book but an education the new yorker the most interesting and informative book on u s china relations a brilliant lucid and authentic account the nation a fantastic and complex story finely told the new york times book review

US-China Foreign Relations 2020-10-15 trading freedom explores the surprisingly rich early history of us china trade and its unexpected impact on the developing republic the economic and geographic development of the early united states is usually thought of in trans atlantic terms defined by entanglements with europe and africa in trading freedom dael a norwood recasts these common conceptions by looking to asia making clear that from its earliest days the united states has been closely intertwined with china monetarily politically and psychologically norwood details us trade with china from the late eighteenth through the late nineteenth centuries a critical period in america s self definition as a capitalist nation and shows how global commerce was central to the articulation of that national identity trading freedom illuminates how debates over political economy and trade policy the building of the transcontinental railroad and the looming sectional struggle over slavery were all influenced by sino american relations deftly weaving together interdisciplinary threads from the worlds of commerce foreign policy and immigration trading freedom thoroughly dismantles the idea that american engagement with china is anything new

China, The United States, and the Future of Latin America 2017-10-24 in the first decades of the 20th century almost half of the chinese americans born in the united states moved to china a relocation they assumed would be permanent at a time when people from around the world flocked to the united states this little noticed emigration belied america s image as a magnet for immigrants and a land of upward mobility for all fleeing racism chinese americans who sought greater opportunities saw china a tottering empire and then a struggling republic as their promised land american exodus is the first book to explore this extraordinary migration of chinese americans their exodus shaped sino american relations the development of key economic sectors in china the character of social life in its coastal cities debates about the meaning of culture and modernity there and the u s government s approach to citizenship and expatriation in the interwar years spanning multiple fields exploring numerous cities and crisscrossing the pacific ocean this book will appeal to anyone interested in chinese history international relations immigration history and asian american studies

Stilwell and the American Experience in China 2017-01-24 this edited volume offers diverse and comprehensive views of china s rise

and its implications to the east asian region and beyond the economic growth of china initially started in the late 1970s with domestic and rural reforms has been increasingly driven by china's industrialization and integration into the regional and global markets the growth and integration of china however has exposed china's closest neighbours and even more remote countries to its various previously internal problems and the lagging political openness of china has often negatively impacted on cooperation with other countries in dealing with these problems i.e. trans border pollutions epidemics illegal migrations organized crimes financial management etc this book integrates geopolitical and domestic political analysis of china with a broad set of transnational security issues and includes a diversity of regional views in doing so it explores further than the dichotomous debate between the american realists and liberals adding finesse to the often simplified discussions on how to deal with the rising china this book will be of interest to students of asian politics security studies and international relations

Trading Freedom 2022-01-18 this volume explores the policy dynamics economic commitments and social impacts of the fast evolving sino lac relations china's engagement with latin america and the caribbean has entered into an era of strategic transition while china is committed to strengthening its economic and political ties with latin america and the caribbean latin america as a bloc is enthusiastically echoing china's endeavor by diverting their focus toward the other side of the ocean the transitional aspect of china lac ties is phenomenal and is manifested not only in the accelerating momentum of trade investment and loan but also in the china celac forum mechanism that maps out an institutional framework for decades beyond while latin america is redefined as an emerging priority to the leadership in beijing what are the responses from latin america and the united states in this sense experts from four continents provide local answers to this global question

American Exodus 2019-08-27 where great powers meet explores the global competition for power between the united states and china focusing on southeast asia david shambaugh looks at how asean the association of southeast asian nations and the countries within it maneuver between the us and china and the degree to which they align with one or the other power not simply an analysis of the region's place within an evolving international system where great powers meet provides us with a comprehensive strategy that advances the american position while exploiting chinese weaknesses

The Rise of China and International Security 2008-08-29 in the turbulent years after world war i a transpacific community of american and chinese writers and artists emerged to forge new ideas regarding aesthetics democracy internationalism and the political possibilities of art breaking with preconceived notions of an exotic east the americans found in china and in the works of chinese intellectuals inspiration for leftist and civil rights movements chinese writers and intellectuals looked to the american tradition of political democracy to inform an emerging chinese liberalism this interaction reflected an unprecedented integration of american and chinese cultures and a remarkable synthesis of shared ideals and political goals the transpacific community that came together during this time took advantage of new advances in technology and media such as the telegraph and radio to accelerate the exchange of ideas it created a fast paced cross cultural dialogue that transformed the terms by which the united states and china or more broadly west and east knew each other transpacific community follows the left wing journalist agnes smedley's campaign to free the author ding ling from prison pearl buck's

attempt to fuse jeffersonian democracy with late qing visions of equality in the good earth paul robeson s collaboration with the musician liu liangmo which drew on chinese and african american traditions and the writer lin yutang s attempt to create a typewriter for chinese characters together these individuals produced political projects that synthesized american and chinese visions of equality and democracy and imagined a new course for east west relations

China and Latin America in Transition 2016-08-27 a timely provocative exposé of america s political and business leadership s deep ties to china a network of people who believe they are doing the right thing at a profound and often hidden cost to american and western interests the past few years have seen a shift in the relations between china and the united states from enthusiastic economic partners to wary frenemies to open rivals americans have been slow to wake up to the challenges posed by the chinese communist party why did this happen and what can be done about it in america second isaac stone fish traces the evolution of the chinese communist party s influence in america he shows how america s leaders initially welcomed china s entry into the us economy believing that trade and engagement would lead to a more democratic china and he explains how despite the fact that this belief has proved misguided many of the country s businesspeople and politicians have become too dependent on china to challenge it america second exposes a deep web of chinese influence in america built quietly over the years through prominent figures such as former secretaries of state henry kissinger and madeleine albright disney chairman bob iger and members of the bush political dynasty and it shows how to fight that influence without being paranoid xenophobic or racist this is an authoritative and important story not only of corruption but of misplaced intentions with serious implications for the future of the united states as well as for the world at large

Where Great Powers Meet 2020 this book surveys the complicated history of u s chinese relations after two brief chapters providing historical context the focus shifts to the mid twentieth century the wartime alliance the war s bitter aftermath and the decades since world war ii including the path from normalisation to china s hosting of the 2008 summer olympics the author traces the ways in which the two countries have managed the blend of common and competitive interests in their economic and strategic relationships the shifting political base for sino american relations within each country the emergence and dissolution of rival political coalitions supporting and opposing the relationship the evolution of each society s perceptions of the other and ongoing differences regarding controversial topics like taiwan and human rights the author s early years in china american education and career as a china expert and an advisor on u s china relations and cultural affairs for over fifty years have afforded him unique opportunities to observe and participate in the development of this important relationship

Transpacific Community 2016-05-31 the last four years have seen significant damage in us china relations that will take years to rebuild early signs within the biden administration indicate that an expeditious return to strong sino us ties is premature at best to fully address these challenges and regain credibility both at home and abroad the biden team will need to recalibrate a new set of values objectives and thinking in redefining the most important bilateral relationship in the world this edited book volume seeks to reimagine us china relations provide innovative policy analysis and utilizes a truly multidisciplinary approach coupled with both first and second hand quantitative data infographics geopolitical analysis and perspectives from leading experts more importantly this book project provides a nuanced

perspective highlighting the central issues that will define america and china both now and well into the future whether you are a policy maker business professional academic established practitioner or a casual observer this impressive volume provides exceptional insight on issues like technology trade cross strait relations security alliances in east asia geopolitics climate change and much more

America Second 2022-03-01 relations between china and the united states have been of central importance to both countries over the past half century as well as to all states affected by that relationship taiwan and the soviet union foremost among them only recently however has the opening of archives made it possible to research this history dispassionately the eight chapters in this volume offer the first multinational multi archival review of the history of chinese american conflict and cooperation in the 1970s on the chinese side normalization of relations was instrumental to beijing s effort to enhance its security vis à vis the soviet union and was seen as a tactical necessity to promote chinese military and economic interests the united states was equally motivated by national security concerns in the wake of vietnam policymakers saw normalization as a means of forestalling soviet power as the essays in this volume show normalization was far from a foregone conclusion

The United States and China Since World War II: A Brief History 2014-12-18 one of the u s government s leading china experts reveals the hidden strategy fueling that country s rise and how americans have been seduced into helping china overtake us as the world s leading superpower for more than forty years the united states has played an indispensable role helping the chinese government build a booming economy develop its scientific and military capabilities and take its place on the world stage in the belief that china s rise will bring us cooperation diplomacy and free trade but what if the china dream is to replace us just as america replaced the british empire without firing a shot based on interviews with chinese defectors and newly declassified previously undisclosed national security documents the hundred year marathon reveals china s secret strategy to supplant the united states as the world s dominant power and to do so by 2049 the one hundredth anniversary of the founding of the people s republic michael pillsbury a fluent mandarin speaker who has served in senior national security positions in the u s government since the days of richard nixon and henry kissinger draws on his decades of contact with the hawks in china s military and intelligence agencies and translates their documents speeches and books to show how the teachings of traditional chinese statecraft underpin their actions he offers an inside look at how the chinese really view america and its leaders as barbarians who will be the architects of their own demise pillsbury also explains how the u s government has helped sometimes unwittingly and sometimes deliberately to make this china dream come true and he calls for the united states to implement a new more competitive strategy toward china as it really is and not as we might wish it to be the hundred year marathon is a wake up call as we face the greatest national security challenge of the twenty first century

From Trump to Biden and Beyond 2021-09-08 to explore what extended competition between the united states and china might entail out to 2050 the authors of this report identified and characterized china s grand strategy analyzed its component national strategies diplomacy economics science and technology and military affairs and assessed how successful china might be at implementing these over the next three decades
