Horrifying True Crime Stories 2019-01-14 real life is stranger and more frightening than fiction and this book serves to cement that principal even further in this compilation there are eleven cases of some of the most deplorable unjust and violent crimes i've come across from cannibals to rapists to the sickest most twisted criminals you've not yet heard of you'll read about them all in this book i'll tell you the story of rurik jutting a british banker living in hong kong who held two women hostage tortured them and raped them over a number of days you'll learn about issei sagawa a japanese cannibal who killed and ate a woman but walks free on the streets today then there's the vile three week torture of an australian woman who when she was eventually rescued paramedics initially thought she was dead you can also read about the hello kitty murder which is as bizarre as it sounds and as equally haunting but please be warned the cases in this book are highly disturbing and include graphic and distressing descriptions please take this trigger warning seriously as this book depicts horrific crimes that involve sexual abuse domestic abuse child abuse and graphic violence throughout this book is intended to explore the evil in this world and expose the heinous behaviour some people are capable of please heed this warning before continuing to read the book fits under the following categories serial killers true crime murder and mayhem true murder cases true crime biography

Insidious 2019-06-12 the stories are alternately suspenseful scary horrifying and totally gripping all the stories are well developed and original deserves 5 stars amazon reviewer i like horror stories and these are amazing they're seriously scary some are terrifying the USP of these stories is that it has many twists which changes the plot in unexpected ways description kelly sidkey once famously quoted that though she does not believe in ghosts she sees them all the time in the woods of scotland in the open fields of ireland and across the united kingdom it's not surprising that in her stories she has shared her real life experiences about ghouls witches and genies her supernatural escapades are her personal experiences and therefore harder to ignore this collection of horror stories brings together all of kelly sidkey's tales of the paranormal it opens with her best known and highest grosser story the bridge set in the southern part of scotland and ends with the spine chilling macabre the tomb where the visitors from the grave won't let you get out alive in between is the tale of the haunted castle in ireland where something is very evil and very real and when the terror starts it comes with horrifying violence and brutal finality it is the perfect collection to have by your bedside when the wind is chilly and the moon is up reviews i completed the book in a single sitting it's a horror story very well written my grandchildren loved it and demanded more excellent could feel the characters i am waiting for more horror books of kelly sidkey to come up couldn't help but cringe at the horrific angle of the story loved every page of it captivating but disturbing i think weak hearted should not read this book one of my best books till date i finished reading this book three times gripping plot in all the chapters and everything moves at a fast pace a horror story with a difference that holds you till the end 5 stars
