Why Startups Fail

2023-09-26

if you want your startup to succeed you need to understand why startups fail whether you're a first time founder or looking to bring innovation into a corporate environment why startups fail is essential reading eric ries founder and ceo of Airbnb and New York Times bestselling author of the lean startup and the startup way why do startups fail that question caught Harvard Business School professor Tom Eisenmann by surprise when he realized he couldn't answer it so he launched a multiyear research project to find out why startups fail Eisenmann reveals his findings six distinct patterns that account for the vast majority of startup failures bad bedfellows startup success is thought to rest largely on the founder's talents and instincts but the wrong team investors or partners can sink a venture just as quickly false starts in following the oft-cited advice to fail fast and to launch before you're ready founders risk wasting time and capital on the wrong solutions false promises success with early adopters can be misleading and give founders unwarranted confidence to expand speed traps despite the pressure to get big fast hypergrowth can spell disaster for even the most promising ventures help wanted rapidly scaling startups need lots of capital and talent but they can make mistakes that leave them suddenly in short supply of both cascading miracles Silicon Valley exhorts entrepreneurs to dream big but the bigger the vision the more things that can go wrong drawing on fascinating stories of ventures that failed to fulfill their early promise from a home furnishings retailer to a concierge dog walking service from a dating app to the inventor of a sophisticated social robot from a fashion brand

to a startup deploying a vast network of charging stations for electric vehicles eisenmann offers frameworks for detecting when a venture is vulnerable to these patterns along with a wealth of strategies and tactics for avoiding them a must read for founders at any stage of their entrepreneurial journey why startups fail is not merely a guide to preventing failure but also a roadmap charting the path to startup success

Entrepreneurial Learning

2005-09-21

this book addresses the burgeoning interest in organizational learning and entrepreneurship bringing together for the first time a collection of new papers dealing explicitly with entrepreneurial learning where past books have examined learning in a corporate context harrison and leitch focus instead on the learning process within entrepreneurship and the small business areas covered include a review of the concept of entrepreneurial learning and the relationship between entrepreneurial learning and the wider literatures on management and organizational learning a review and development of a number of conceptual models of the process of learning in entrepreneurial contexts an illustration of the applications of concept of entrepreneurial learning in a range of contexts an international perspective on entrepreneurial learning

Entrepreneurship Policy: Theory and Practice

2020-03-11

entrepreneurship policy theory and practice is the first book to fully analyze the construction of entrepreneurship policy a rapidly evolving area of policy about which little is known from a study and assessment of the practices of governments in thirteen countries in europe north america and the asia pacific this book fully describes the policy area and shares new tools and methods for better understanding and explaining the why and how of an entrepreneurship policy approach unlike other research in the field of entrepreneurship where implications from research findings are used to suggest what policy actions should be taken to increase the level of entrepreneurship in an economy this study is based on what entrepreneurship policy actions are being taken this is a unique book in the field which points to the way forward both for policymakers and for the research community in terms of thinking about entrepreneurship policy and the complex issues surrounding its development

Antecedents and Consequences of Entrepreneurial Quality Among Graduate Entrepreneurs in Jakarta

2024-02-03

this monograph is modeling an entrepreneurial success among

graduates to motivate graduates in the future to choose entrepreneurship as their career path from past studies it is found that psychosocial factors social support work experience university experience mentoring contribute to entrepreneurial quality which in turn leads to entrepreneurial success it is believed that social support in this case the environment where we are our family friends cultures are somehow have some impact to not only intention to become an entrepreneur but also to the success of an entrepreneur work experience gives some insight how to start and run a business hence it helps to shape someone to be an entrepreneur some studies also reveal that simulating a business in university life either in a business project or being mentored by an entrepreneur plays an important role in the success of those who would become an entrepreneur

Advancing European Entrepreneurship Research

2021-09-27

the objective with the strategic interest group in entrepreneurship sig entrepreneurship of the european academy of management euram is to be the leading research community for engaged entrepreneurship scholars in europe the sig entrepreneurship aims at promoting research and networking interests for individuals and research groups focused on entrepreneurship and entrepreneurial styles of management this is done by providing a wide ranging engaged and internationally focused forum to discuss and develop research and practice in the field we put a distinct focus on the key european feature context matter why we try in all activities to promote and stimulate what european might mean in any given context it means different things in different contexts and that is the whole point and thereby the key strength of the european takes on the matter as we see it this is our idea of the european perspective on entrepreneurship the tradition of european scholars on entrepreneurship and smes system has been consolidated during the last three decades and an increasingly distinct european school of thought has emerged as a consequence this development provides a solid base for the future development of the field where europe and its entrepreneurship scholars will play an increasingly prominent role with this concern this book has been managed gathering the best contributions of our annual meeting re edited and improved the central theme is

presenting entrepreneurship understood as a working attitude a mode of thinking a concrete everyday practice and increasingly an identity marker for ways of being and living within liquid modernity entrepreneurship is nowadays a broadly endorsed and accepted signifier for forms of organizing that targets human organizational and economic renewal and growth

Target XAT 2021 (Past Papers 2005 - 2020 + 5 Mock Tests) 12th Edition

2009-01-01

china has grown to become the world s second largest economy in merely three decades and entrepreneurship has been identified as a key driver of china s fast growth since the mid 2000s the country has transitioned from a predominance of necessity based entrepreneurship to that of an opportunity based entrepreneurship the china surveys of global entrepreneurship monitor in the last fifteen years consistently indicate the country s high rate of entrepreneurship furthermore more chinese entrepreneurs have started setting their sights on business internationalisation against this backdrop of a thriving entrepreneurial economy institutions and business environment are however not often viewed as friendly to private entrepreneurs and businesses the re emergence of entrepreneurship suggests a history of struggle to overcome opposition and obstruction to survive and grow including rule ambiguities rent seeking subsidies and institutional constraints such as industrial barriers difficulties in getting access to critical resources and weak property rights china has also been experiencing economic slowdown increase in inequality and

worsening environmental problems since the turn of the century clearly indicating that the rapid development of entrepreneurship in china presents a lot of puzzling questions entrepreneurship in china attempts to deal with these unanswered queries as well as provide an insightful and updated understanding of entrepreneurship development in china the chapters in this book were originally published as a special issue of the journal entrepreneurship regional development

Entrepreneurship in China

2022-12-08

this is a single authored book a series of academic papers some original some fairly recently published neatly set around a unifying theme and tied into a comprehensive argument once you have shared davidsson s insights stumblings joys and humor over some 240 pages it feels as if he were part of your family the book sets off with a very clear and helpful introduction that lays out the entrepreneurship phenomenon this book is value adding for a fairly wide academic audience essentially all those interested in diverse areas of entrepreneurship and innovation or in questions of methodology research design and interpretation of ultimately any complex fast paced behavioural and social realities it does not give us all the answers thank heavens but it certainly asks some excellent questions the novice scholar will find some welcome foothold and guidance this book is simply fun to read when could you last say that of a research methodology book jacqueline fendt international journal of entrepreneurial behaviour and research unquestionably per davidsson

can be considered a leading voice of authority on the study of entrepreneurship as an academic discipline from the initial introduction through to the latter discussions one aspect of this textbook that immediately makes itself apparent to the reader is davidsson's markedly personal and deeply engaging writing style the entrepreneurship research challenge is notably distinct from many of the generic business research methods texts in that it does not attempt to portray an objective toolbox of methodological choices instead the style is such that the reader feels that davidsson truly wishes for his audience to learn from his unique experiences opinions and even mistakes the practical advice provided is both insightful and useful this text is not simply about how to go through the motions of the research process instead it makes a very well reasoned attempt to form a basis for the discipline as a whole as well as to address methods to overcome unique challenges while promoting research output that is useful for these reasons it should be considered essential reading for any entrepreneurship scholar and in particular for those at the early stages of their research career russell matthews international small business journal entrepreneurship is an emerging dynamic and to a considerable extent unpredictable phenomenon thus it makes for a challenging research subject in this book one of the most experienced empiricists in the field has collected some of his most important ideas on how improved conceptualization and research design can make this challenge more manageable per davidsson addresses questions such as what precisely is entrepreneurship and entrepreneurship research what unique contribution can it make compared with research in other fields conversely how can scholars with different disciplinary backgrounds best contribute to the study of entrepreneurship what does the emergent and highly diverse nature of entrepreneurship

imply for research design and what is required from entrepreneurship researchers and practitioners in order for the research to make strong contributions to business and policy practice this comprehensive in depth account of how the emergence of new entrepreneurial activity can be studied will be warmly welcomed by researchers and academics in the areas of entrepreneurship innovation and methodology and research design

Exploring Entrepreneurship

2021-07-01

early economic thinkers and classic works such as cantillon 1755 knight 1921 and kirzner 1973 the paper opens by explaining how uncertainty and thus entrepreneurship disappeared from microeconomic theory as it became increasingly formalized and stylized it then goes on to bring the entrepreneur and entrepreneurial decision making back into economic theory by focusing on the interrelationships among actors knowledge and perceived economic opportunities using a resource based framework the third paper in this section chapter 4 is by foss and klein entrepreneurship and the economic theory of the firm any gains from trade foss and klein strongly link theories of the firm to entrepreneurship arguing a fundamental and intrinsic connection between the two they like mahoney and michael explain how entrepreneurship became less important in economic models as the general equilibrium model became dominant foss and klein ask does the entrepreneur need a firm they focus on the judgment of the entrepreneur and suggest that this judgment is exercised through asset ownership and starting a firm foss and klein further argue that it is through this notion of judgment that heterogeneous assets combine to meet future wants

Handbook of Entrepreneurship Research

2012-01-01

this book discusses the idea that there is a specific islamic form of entrepreneurship based on extensive original research amongst small and medium sized enterprises in saudi arabia it shows how businesses are started and how they grow in the context of an islamic economy and society it argues that as specific islamic approaches to a wide range of economic activities are being formulated and implemented there is indeed a particular islamic approach to entrepreneurship examining the relationship between islamic values and entrepreneurial activity the book considers whether such values can be more effectively used in order to raise the profile of islamic entrepreneurship and also to promote alternatives to development in the contemporary business environment the book analyses the nature of entrepreneurship and the special qualities of islamic entrepreneurship and discusses how the islamic approach to entrepreneurship can be encouraged and developed further still

Islamic Entrepreneurship

2022-05-09

global women s entrepreneurship research responds to recent calls from academic researchers and policy analysts alike to pay greater attention to the diversity and heterogeneity among women entrepreneurs drawing together studies by 26 researchers affiliated with the diana international research network this collection

contributes to a richer and more robust understanding of the field part i diverse settings introduces research set in a range of contexts from those rarely examined to those representing more familiar terrains part ii diverse questions explores new questions and reframes old questions in fresh innovative ways part iii diverse approaches features studies with distinct methodological approaches that reflect and extend the rigour and creativity of research in this field together the research assembled in this volume significantly advances knowledge about women s entrepreneurship around the world while the book s primary audience is academic researchers and graduate students working in the areas of women s entrepreneurship as well as entrepreneurship and family business more generally it will also be of interest to scholars working in related research areas in the sociology of gender work and organizations policy makers in government and non government agencies as well as profit and not for profit organizations that provide services to or conduct research on women entrepreneurs will also benefit greatly from the insights provided in this unique volume

(Free Sample) TARGET IIFT 2021 (Past Papers 2005 - 2020) + 5 Mock Tests 12th Edition

2022-04-18

as of early 2022 seven of the ten largest firms in the world by market capitalization had been funded through various types of entrepreneurial finance this handbook provides an up to date survey

of what we know about this significant phenomenon in all its forms and where our knowledge about it needs to head from here the handbook embraces a wide range of established and emerging academic and practitioner voices across the globe to explore the theoretical and practical flux and tension in the field until recently most studies have taken a supply side perspective focusing on the perspective of those who provide funding to new ventures this book takes a different demand side perspective beginning with the entrepreneur and gradually broadening our view to include close by and then more distant funding sources following this approach it is organized into four parts detailing the individual level founders resources bricolage and bootstrapping effectuation and portfolio entrepreneurship the inner circle informal financing business groups incubators and accelerators the wider world formal debt microfinance venture capital corporate venture capital business angels government funding and family offices and emerging perspectives non western perspectives gender indigenous perspectives post conflict and disaster zones and ethics the introduction considers the general state of the field while the conclusion takes on additional topics relevant to entrepreneurial finance such as decentralized finance big data behavioral economics financial innovation and covid 19 as well as possible ways in which entrepreneurial finance can have a greater impact on other disciplines this handbook will be a core reference work for researchers practitioners and policy makers seeking an up to date academic survey of entrepreneurial finance it can also be used as a primary text in ph d seminars in entrepreneurship entrepreneurial finance and finance instructors in master s level courses in entrepreneurial finance and venture capital will also find the book of benefit

Global Women's Entrepreneurship Research

2020-07-01

with contributions from some of the field's leading scholars this volume aims to further expand the agenda and scope of cultural entrepreneurship research by broadening what culture encompasses and what entrepreneurship entails

De Gruyter Handbook of Entrepreneurial Finance

Advances in Cultural Entrepreneurship
