Reflective Teaching in Further, Adult and Vocational Education 2011

consulting in complex and changing times organizations face challenges today that are too messy and complicated for consultants to simply play doctor run a few tests offer a neat diagnosis of the problem and recommend a solution edgar schein argues that consultants have to jettison the old idea of professional distance and work with their clients in a more personal way emphasizing authentic openness curiosity and humility schein draws deeply on his own decades of experience offering over two dozen case studies that illuminate each stage of this humble consulting process just as he did with process consultation nearly fifty years ago schein has once again revolutionized the field enabling consultants to be more genuinely helpful and vastly more effective

Organizational Behavior 2012-08-29

the much loved children s classic from the author of charlotte s and stuart little available in ebook for the very first time

Criminal & Behavioral Profiling 2016-04-04

from the enron debacle to the martha stewart scandal trust in business practices and in corporate leaders has been seriously jeopardized hitting an all time low according to matthew gilbert in his latest book the workplace revolution the problem stems from a relentless work ethic the tireless pursuit of profit and the conflict between business values and human values today more than ever people are waking up to the fact that they are not getting back what they give to their employers while they are dedicating an inordinate amount of themselves to their work their jobs offer little to meet their needs for community self expression and service and many have simply abandoned the possibility that self serving profit driven companies can offer more than a paycheck gilbert assures us that the problem is not hopeless in the workplace revolution he provides both personal strategies and corporate methodologies for improving overall health in the workplace and restoring trust and goodwill between business leaders and their employees with statistics and commentary from a wide range of sources and examples of companies such as hewlett packard that are already balancing economic and human concerns he demonstrates to worker and ceo alike that they can turn the experience of work into a spiritual ideal based life enhancing adventure for all concerned and still meet corporate goals revolutionary concepts for today s corporations and the health of their employees

Humble Consulting 2015-03-17

this well constructed and highly original sourcebook integrates educational materials for teaching environmental ethics with theoretical reflections the book is set to contribute immensely to its aim of taking ethics out of philosophy departments and putting it into the streets into villages and on the earth to make ethics an everyday activity not something left to experts and specialists context based activities are presented in almost every chapter while it acknowledges foundational theories in environmental ethics and the work that they continue to do it wholeheartedly embraces a growing body of literature that emphasises contextual process oriented and place based approaches to ethical

reflection deliberation and action it walks on the ground and isn't afraid to get a little dirty or to seek joy in earthly relationships and it ultimately breaks with much western academic tradition by framing ethics in a storied world thus making room to move beyond euro american perspectives in environmental issues this work will be of interest to school teachers and other non formal and informal educators teacher educators college instructors university professors and other professionals who wish to bring environmental ethics to the forefront of their pedagogical practices

The Trumpet of the Swan 2005-03-01

the guidelines for the assessment of general damages are designed to provide a clear and logical framework for the assessment of damages in personal injury cases the first edition of this title was regarded as a landmark in personal injury practice each succeeding issue has built on this reputation and the book has now firmly established itself as essential reading for all those involved in the area of personal injury litigation this new edition has updated the award figures to take into account the rise in inflation the book also considers a small number of decisions concerning damages for sexual abuse including image based abuse since the previous edition this book is edited by a working party of the judicial college under the chairmanship of the hon mrs justice lambert dbc the members of the working party are all lawyers and personal injury specialists stuart mckechnie kc barrister steven snowden kc barrister lisa sullivan master of the queen's bench division and richard wilkinson barrister
