*Online Society in China* 2015-03-10 this book discusses the rich and varied culture of china s online society and its impact on offline china it argues that the internet in china is a separate space in which individuals and institutions emerge and interact while offline and online spaces are connected and influence each other the chinese internet is more than merely a technological or media extension of offline chinese society instead of following existing studies by locating online china in offline society the contributors in this book discuss the carnival of the chinese internet on its own terms examining the complex relationship between government officials and the people using the internet in china this book demonstrates that culture is highly influential in how technology is used discussing a wide range of different activities the contributors examine what chinese people actually do on the internet and how their actions can be interpreted within the online society they are creating

**China Online** 2014-10-30 dive into china s new web based subculture of tech savvy subversive netizens with china online using baidu china s form of google young chinese web surfers are creating their own language on the internet with this book you can get an insider s view of the way the new wave of chinese youth communicates in code author and translator véronique michel guides you on a tour of the lifestyles inhabiting modern day tribes on the internet the moonlight or starlight tribe the ant tribe the corporate insects the diamond man china online describes a youth culture in transition using humor and creativity to survive in a hugely competitive environment they enjoy puns including the ingenious talking numbers used to say more things with fewer keystrokes and characters there is a great deal that lies under the surface learn the secret netspeak used by over half a billion of the coolest people in china and be in the know

**China Online** 2024-02-06 the chinese internet is driving change across all facets of social life and scholars have grown mindful that online and offline spaces have become interdependent and inseparable dimensions of social political economic and cultural activity this book showcases the richness and diversity of chinese cyberspaces conceptualizing online and offline china as separate but inter connected spaces in which a wide array of people and groups act and interact under the gaze of a seemingly monolithic authoritarian state the cyberspaces comprising online china are understood as spaces for interaction and negotiation that influence offline china the book argues that these spaces allow their users greater freedoms despite ubiquitous control and surveillance by the state authorities the book is a sequel to the editors earlier work online society in china creating celebrating and instrumentalising the online carnival routledge 2011

*Zoning China* 2023-05-31 an examination of cultural zoning in china considers why government regulation of online video is so much more lenient than regulation of broadcast television in zoning china luzhou li investigates why the chinese government regulates online video relatively leniently while tightly controlling what appears on broadcast television li argues that television has largely been the province of the state even as the market has dominated the development of online video thus online video became a space where people could question state media and the state s preferred ideological narratives about the nation history and society li connects this relatively unregulated arena to the second channel that opened up in the early days of economic reform piracy in all its permutations she compares the dual cultural sphere to china s economic zoning the marketized domain of online video is the cultural equivalent of the special economic zones which were developed according to market principles in china s coastal cities li explains that although the relaxed oversight of online video may seem to represent a loosening of the party state s grip on media the practice of cultural zoning in fact demonstrates the the state s strategic control of the media environment she describes how china s online video industry developed into an original creative force of production and distribution that connected domestic private production companies transnational corporations and a vast network of creative labor from amateurs to professional content creators li notes that china has increased state management of the internet since 2014 signaling that online and offline censorship standards may be unified cultural zoning as a technique of cultural governance however will likely remain

*When Documentaries Meet New Media* 2002 new media and digital technologies open up numerous possibilities to document different versions of reality which makes it essential to examine how they transform the logic behind the creation and production of documentaries in digital cultures this study aims to investigate the integration between the traditional documentary and new media the interactive documentary in the context of the different sociocultural and technological environments of china and the west accordingly a comparative study on the evolution and integration of these two fields was carried out the documentary genre brings with it a method of classification and various modes of representing reality while new media provide new approaches to interactivity as well as the production and distribution of interactive documentaries interactive documentaries grow and change as a continuously evolving system engaging the roles of the author and the user such that their roles are mixed for better co expression and the reshaping of their shared environment in addition an analytical approach based on the types of interactivity was adopted to explore this new form of documentary both to deduce how the stories about our shared world can be told and to understand the impact of interactive documentaries on the construction of our versions of the reality as well as our role in it

**The Power of the Internet in China** 2002-10-01 since the mid 1990s the internet has revolutionized popular expression in china enabling users to organize protest and influence public opinion in unprecedented ways guobin yang s pioneering study maps an innovative range of contentious forms and practices linked to chinese cyberspace delineating a nuanced and dynamic image of the chinese internet as an arena for creativity community conflict and control like many other contemporary protest forms in china and the world yang argues chinese online activism derives its methods and vitality from multiple and intersecting forces and state efforts to constrain it have only led to more creative acts of subversion transnationalism and the tradition of protest in china s incipient civil society provide cultural and social resources to online activism even internet businesses have encouraged contentious activities generating an unusual synergy between commerce and activism yang s book weaves these strands together to create a vivid story of immense social change indicating a new era of informational politics

**Learn Chinese from Modern Writers** 2023-03-01 home to the new york yankees the bronx zoo and the grand concourse the bronx was at one time a haven for upwardly mobile second generation immigrants eager to leave the crowded tenements of manhattan in pursuit of the american dream once hailed as a wonder borough of beautiful homes parks and universities the bronx became during the 1960s and 1970s a national symbol of urban deterioration thriving neighborhoods that had long been home to generations of families dissolved under waves of arson crime and housing abandonment turning blocks of apartment buildings into gutted graffiti covered shells and empty trash filled lots in this revealing history of the bronx evelyn gonzalez describes how the once infamous new york city borough underwent one of the most successful and inspiring community revivals in american history from its earliest beginnings as a loose cluster of commuter villages to its current status as a densely populated home for new york s growing and increasingly more diverse african american and hispanic populations this book shows how the bronx interacted with and was affected by the rest of new york city as it grew from a small colony on the tip of manhattan into a sprawling metropolis this is the story of the clattering of elevated subways and the cacophony of crowded neighborhoods the heady optimism of industrial progress and the despair of economic recession and the vibrancy of ethnic cultures and the resilience of local grassroots coalitions crucial to the borough s rejuvenation in recounting the varied and extreme transformations this remarkable community has undergone evelyn gonzalez argues that it was not racial discrimination rampant crime postwar liberalism or big government that was to blame for the urban crisis that assailed the bronx during the late 1960s rather the decline was inextricably connected to the same kinds of social initiatives economic transactions political decisions and simple human choices that had once been central to the development and vitality of the borough although the history of the bronx is unquestionably a success story crime poverty and substandard housing still afflict the community today yet the process of building and rebuilding carries on and the revitalization of neighborhoods and a resurgence of economic growth continue to offer hope for the future

Disruptions as Opportunities 2015 disruptions as opportunities governing chinese society with interactive authoritarianism addresses the long standing puzzle of why china outlived other one party authoritarian regimes with particular attention to how the state manages an emerging civil society drawing upon over 1 200 survey responses conducted in 126 villages in the sichuan province as well as 70 interviews conducted with civil society organization cso leaders and government officials participant observation and online research the book proposes a new theory of interactive authoritarianism to explain how an adaptive authoritarian state manages nascent civil society sun argues that when new phenomena and forces are introduced into chinese society the chinese state adopts a three stage interactive approach toward societal actors toleration differentiation and legalization without institutionalization sun looks to three disruptions earthquakes internet censorship and social media based guerrilla resistance to the ride sharing industry to test his theory about the three stage interactive authoritarian approach and argues that the chinese government evolves and consolidates its power in moments of crisis

**China Online** 2016-05 explore china is the first book in the geography explorer series using this interactive workbook readers will have an opportunity to explore the culture and geography of china through a variety of engaging activities including map exercises recipes book recommendations and more this book is perfect for students seeking to supplement an existing geography curriculum young travelers preparing for a trip and kids interested in expanding their knowledge of the world

**Explore China** 2008 it s 1850 and you are fleeing war and starvation in your homeland of china you sell everything you have to go to a place in america called gold mountain better known as california do you try to strike it rich in the gold mines of california or will you seek your fortune in san francisco s chinatown or will you work as a laborer on the transcontinental railroad

Chinese Immigrants in America 2018-04-10 the internet was supposed to be an antidote to authoritarianism it can enable citizens to express themselves freely and organize outside state control yet while online activity has helped challenge authoritarian rule in some cases other regimes have endured no movement comparable to the arab spring has arisen in china in contesting cyberspace in china rongbin han offers a powerful counterintuitive explanation for the survival of the world s largest authoritarian regime in the digital age han reveals the complex internal dynamics of online expression in china showing how the state service providers and netizens negotiate the limits of discourse he finds that state censorship has conditioned online expression yet has failed to bring it under control however han also finds that freer expression may work to the advantage of the regime because its critics are not the only ones empowered the internet has proved less threatening than expected due to the multiplicity of beliefs identities and values online state sponsored and spontaneous pro government commenters have turned out to be a major presence on the chinese internet denigrating dissenters and barraging oppositional voices han explores the recruitment training and behavior of hired commenters the fifty cent army as well as group identity formation among nationalistic internet posters who see themselves as

patriots defending china against online saboteurs drawing on a rich set of data collected through interviews participant observation and long term online ethnography as well as official reports and state directives contesting cyberspace in china interrogates our assumptions about authoritarian resilience and the democratizing power of the internet

**Contesting Cyberspace in China** 2006 it is widely recognized that internet technology has had a profound effect on political participation in china but this new use of technology is not unprecedented in chinese history this is a pioneering work that systematically describes and analyzes the manner in which the chinese used telegraphy during the late qing and the internet in the contemporary period to participate in politics drawing upon insights from the fields of anthropology history political science and media studies this book historicizes the internet in china and may change the direction of the emergent field of chinese internet studies in contrast to previous works this book is unprecedented in its perspective in the depth of information and understanding in the conclusions it reaches and in its methodology written in a clear and engaging style this book is accessible to a broad audience

**China and the Asian Economies** 2021-09-27 this edited book on digital technologies and early childhood in china policy and practice is the eighth volume in the research in global child advocacy series this volume details the entanglement of digital technologies and early childhood ecologies learning and pedagogies in china it analyses how traditional chinese values eastern and western curricular approaches and socio political economic cultural and demographic changes influence current policies services and practice this book is the first research based review of technology integration into early childhood education and the factors that affect it in china it is particularly timely given china s growing influence and the increased recognition of the importance of early childhood education for human capital development globally across international contexts there is limited knowledge of china s early childhood curricular reforms and this book offers insight into the socio cultural and political influences that have driven the nation s tremendous investment in the technology infrastructure the ambitious goals for implementation into the education of young children and barriers to these integration efforts collectively this rich collection of chapters offers a nuanced understanding of the entanglement of digital technologies and early childhood education in china each chapter sheds light on a distinct aspect of this complex landscape providing valuable insights and opening new avenues for exploration it sheds light on the socio cultural and political influences that have shaped china s ambitious goals for technology integration in the education of young children by addressing the barriers and challenges faced in these integration efforts the book provides critical knowledge for policymakers researchers and educators seeking to enhance early childhood education practices in china and beyond furthermore this volume contributes to the global understanding of china s early childhood curricular reforms and the significant investments made in technology infrastructure as china continues to play an influential role in the global landscape understanding its early childhood curricular reforms and technology integration efforts becomes increasingly important this book contributes to the international knowledge base by offering insights into the socio cultural and political influences driving china s investment in technology infrastructure and the challenges faced in its implementation it serves as a valuable resource for researchers policymakers and educators worldwide seeking to enhance early childhood education practices promote digital literacy and harness the potential of digital technologies in early learning environments

**China's Formal Online Education under COVID-19** 2024-01-01 presenting lessons proven on the firing line creative teacher mr donn and his circus dog maxie show how to immerse students in learning ancient history and keep them coming back for more sections feature well structured plans supported by reproducibles special lessons for the computer lab with links and handouts and additional lessons for substitute teachers topics in this unit include geography the shang and zhou dynasties confucianism taoism and legalism the qin dynasty the great wall the han dynasty daily life the silk road the t ang dynasty buddhism chinese inventions the chinese calendar ancient chinese festivals and a virtual visit to china grades 6 8 revised edition

**Digital Technologies and Early Childhood in China** 2012 an innovative look at how families in ming dynasty china negotiated military and political obligations to the state how did ordinary people in the ming dynasty 1368 1644 deal with the demands of the state in the art of being governed michael szonyi explores the myriad ways that families fulfilled their obligations to provide a soldier to the army the complex strategies they developed to manage their responsibilities

suggest a new interpretation of an important period in china s history as well as a broader theory of politics using previously untapped sources including lineage genealogies and internal family documents szonyi examines how soldiers and their families living on china s southeast coast minimized the costs and maximized the benefits of meeting government demands for manpower families that had to provide a soldier for the army set up elaborate rules to ensure their obligation was fulfilled and to provide incentives for the soldier not to desert his post people in the system found ways to gain advantages for themselves and their families for example naval officers used the military s protection to engage in the very piracy and smuggling they were supposed to suppress szonyi demonstrates through firsthand accounts how subjects of the ming state operated in a space between defiance and compliance and how paying attention to this middle ground can help us better understand not only ming china but also other periods and places combining traditional scholarship with innovative fieldwork in the villages where descendants of ming subjects still live the art of being governed illustrates the ways that arrangements between communities and the state hundreds of years ago have consequences and relevance for how we look at diverse cultures and societies even today

**Ancient China** 2017-11-28 this volume offers systematic analysis of china s growing engagement in global governance institutions over the past three decades during this period china has gone from outsider to observer to insider the volume is based on studies of chinese involvement in a wide cross section of regimes including trade finance intellectual property rights foreign aid and climate change the contributions show that china s participation in global governance reflects the mutually interactive processes of china s own socialization into the global community and the simultaneous adaptation of global institutions and actors to china s growing activism both china and the international system are internally complex hence chinese engagement varies across economic regimes yielding different results in terms of chinese compliance its influence on regimes and the extent of cooperation and conflict in addressing challenges in international society the chapters reveal that china is neither purely a savior nor scofflaw of the global economic system and while china is a defender of the status quo in some areas it is a reformer in others and occasionally a revisionist in still other spheres a detailed analysis of many areas of global governance this volume will be essential reading for students and scholars of international relations chinese studies and global governance

**The Art of Being Governed** 2017-09-18 this book is among the first to use a media events framework to examine china s internet activism and politics and the first study of the transformation of china s media events through the parameter of online activism the author locates the practices of major modes of online activism in china shanzhai culture jamming citizen journalism and weiguan mediated mobilisation into different types of chinese media events ritual celebration natural disaster political scandal the contextualised analysis of online activism thus enables exploration of the spatial temporal and relational dimensions of chinese online activism with other social agents such as the party state mainstream media and civil society analysis reveals internet politics in china on three interrelated levels the individual the discursive and the institutional contemporary cases rich in empirical research data and interdisciplinary theory demonstrate that the alternative and activist use of the internet has intervened into and transformed conventional chinese media events in various types of agents their agendas and performances and the subsequent and corresponding political impact the party market controlled chinese media events have become more open contentious and deliberative in the 2 0 era due to the active participation of ordinary chinese people aided by the internet

**Global Governance and China** 2015-12-15 this book analyzes the ways in which china s soft power growth faces dilemmas in east asia through both online and offline platforms one dilemma for china s transnational soft power field expansion lies in the intersection of its source and receiving countries the author discusses how transnational audiences consumption and reception of chinese television series are shaped by domestic factors with interpretations of and desires for different forms of capital further inhibiting the foreign export of these series another dilemma is the outsourced soft power while hong kong and taiwan play significant roles as outsourced soft power mediators their under established emerging digital media platforms have yet to meet the expectations of transnational audiences in a virtual transnational soft power field grounded in the author s multi site field research focused on television spheres soft power made in china argues that china s soft power paradox in south korea and japan two quasi sinophone countries is not due to a lack of state level strategy but linked to soft power pathways that rely on production in one source country and both distribution and reception in a receiving country

**Media Events in Web 2.0 China** 2018-09-25 china in the era of social media discusses how social media is changing the world in an unprecedented way through speed scope and depth in the last decade or so social media in china has witnessed the most explosive growth in the world being the most populous nation in the world it has the most social media users in the world as well this book examines the current situation and unique characteristics of chinese social media the significance of social media in the country s social transformation and particularly its influences on political change in the nation the main goal of this book is to explore how social media has been affecting and thus changing china s political system the ruling communist ideology and the state run media as well as its public discourse and public opinions scholars of asian studies political science and communications will find this book particularly interesting

**Soft Power Made in China** 2020-06-22 chinese cyber nationalism offers the first comprehensive examination of the social and ideological movement that mixes confucian cultural traditions and advanced media technology over the past decade the internet has increasingly become a communication center organizational platform and channel of execution by which chinese nationalistic causes have been promoted throughout the world dr xu wu chronicles the movement s evolutionary path through five distinct developing phases that cover the span of twelve years through the use of online surveys and in depth interviews with foreign policy makers nationalist webmasters and leading intellectuals in china this book analyzes the characteristics and political implications of the movement xu presents a unique framework for scholars to understand china s modernization and historic return onto the world stage chinese cyber nationalism is a important addition to the study of political communication and china s foreign policy

**China in the Era of Social Media** 2007-02-23 the highly anticipated next book in tuttle s stories for language learners series is here this book presents 22 classic chinese proverbs and the traditional tales behind them the stories are bilingual with the chinese and english versions presented on facing pages each includes an explanation of how the proverb is used today cultural notes vocabulary and discussion questions online audio recordings of the tales by native speakers give students a chance to improve their pronunciation and comprehension some of the proverbs featured in this collection include painting the eyes on the dragon based on the story of a famous court painter in 6th century china who painted dragons this proverb refers to the finishing touches needed to bring a work of art or literature to life in a discussion it refers to the final statements used to clinch the argument waiting for rabbits by a tree stump based on

an ancient folktale about a foolish farmer who sees a rabbit kill itself in front of him by running into a tree stump then gives up tilling his field to wait for more rabbits by the stump this saying is applied to people who wait passively for luck to strike again it also refers to impractical people who stick to one way of doing things only because it has worked for them once in the past pure water has no fish perfect people have no friends many versions of this historical tale exist the one told here is about a 2nd century ad official sent to govern a far flung outpost on the silk road who is fastidious in applying strict rules and thereby causes the local people to rebel against him in the professional world it is used to refer to people who do not like to work with an overly strict supervisor or colleague whether being used in a classroom or for self study chinese stories for language learners provides an educational and entertaining way for intermediate mandarin learners to expand their vocabulary and understanding of the language

**Chinese Cyber Nationalism** 2021-03-23 china s role in the history of world animation has been trivialized or largely forgotten in animated encounters daisy yan du addresses this omission in her study of chinese animation and its engagement with international forces during its formative period the 1940s 1970s she introduces readers to transnational movements in early chinese animation tracing the involvement of japanese soviet american taiwanese and china s ethnic minorities at socio historical or representational levels in animated filmmaking in china du argues that chinese animation was international almost from its inception and that such border crossing exchanges helped make it chinese and subsequently transform the history of world animation she highlights animated encounters and entanglements to provide an alternative to current studies of the subject characterized by a preoccupation with essentialist ideas of chineseness and further questions the long held belief that the forty year period in question was a time of cultural isolationism for china due to constant wars and revolutions china s socialist era known for the pervasiveness of its political propaganda and suppression of the arts unexpectedly witnessed a golden age of animation socialist collectivism reinforced by totalitarian politics and centralized state control allowed chinese animation to prosper and flourish artistically in addition the double marginality of animation a minor art form for children coupled with its disarming qualities and intrinsic malleability and mobility granted animators and producers the double power to play with politics and transgress ideological and geographical borders while surviving censorship both at home and abroad a captivating and enlightening history animated encounters will attract scholars and students of world film and animation studies children s culture and modern chinese history

**Chinese Stories for Language Learners** 2019-02-28 chinese economic reform has been undertaken through a series of phased reforms the goal of chinese economic reform was to generate sufficient surplus value to finance the modernization of the mainland chinese economy this book provides an assessment of where investment stands today and it s likely future role in china it reviews china s interaction with the rest of the world as the country advances towards superpower status provides and accessible study of both inward and outward investment not found in other books on china based on clear case studies while the author worked as an embassy commercial officer from 2000 to 2003 in china and then as a consultant for western companies and chinese companies seeking to implement inward and outward investment plans

**Animated Encounters** 2008-02-28 this book examines how emerging forms of citizenship are shaped by young people in digital spaces as way of making sense of contemporary chinese society forming new identities and negotiating social and political participation by focusing on chinese young adults everyday online practices the book offers a unique treatment of the topic of young people and the chinese internet that navigates between the dominant focus on censorship on the one hand and protest and politicized action on the other the book brings the focus of research from highly visible or spectacular forms of collectivity belonging and identification exhibited in young people s online practices to young people s everyday social and cultural engagement through new media it brings new insights by understanding the meanings of young people s mundane and everyday online engagement for their citizenship learning identity performance and their formation of political subjectivity readers will gain insights into citizenship in china and young people and the chinese internet

**The Rise of the Dragon** 2021-11-01 teachers of chinese as a foreign language in many international contexts are searching for pedagogic solutions to promote effective learning models of innovative and successful approaches are urgently needed this volume presents a collection of compelling and empirically rich research studies that showcases innovative developments in the practice of teaching chinese as a foreign language the studies focus on three interrelated areas learners teachers and applications of new technologies specifically the studies explore methods for fostering learner centred classrooms autonomous learners intercultural learning the role of teacher views and identities the nature of a middle ground approach and technologies that accommodate the unique aspects of the chinese language with new options for mobile and interactive learners providing both inspiration and practical models for language practitioners and researchers it offers a vital resource for teachers professional development and for pre service teacher education

**Digital Citizenship in China** 2015-11-07 the global implications of china s rise as a global actor in 2005 a senior official in the george w bush administration expressed the hope that china would emerge as a responsible stakeholder on the world stage a dozen years later the trump administration dramatically shifted course instead calling china a strategic competitor whose actions routinely threaten u s interests both assessments reflected an underlying truth china is no longer just a rising power it has emerged as a truly global actor both economically and militarily every day its actions affect nearly every region and every major issue from climate change to trade from conflict in troubled lands to competition over rules that will govern the uses of emerging technologies to better address the implications of china s new status both for american policy and for the broader international order brookings scholars conducted research over the past two years culminating in a project global china assessing china s growing role in the world the project is intended to furnish policy makers and the public with hard facts and deep insights for understanding china s regional and global ambitions the initiative draws not only on brookings s deep bench of china and east asia experts but also on the tremendous breadth of the institution s security strategy regional studies technological and economic development experts areas of focus include the evolution of china s domestic institutions great power relations the emergence of critical technologies asian security china s influence in key regions beyond asia and china s impact on global governance and norms global china assessing china s growing role in the world provides the most current broad scope and fact based assessment of the implications of china s rise for the united states and the rest of the world
