Get Ahead! Surgery: 250 SBAs for Finals 2014-10-24

as finals approach medical students often become overwhelmed by the sheer volume of knowledge required to pass all subjects in one go including surgery medicine obstetrics and gynaecology

pharmacology and psychiatry clearly the students cannot know each of these subjects in as much detail as they did during their individual attachments and they need to concentrate on important topics rather than minutiae whereas existing textbooks cover many topics very well and in great detail they are lengthy and difficult to read in a short space of time also some subjects are poorly covered and give no real understanding of practical management and logical thought processes the exact requirements for passing finals surgical talk surgery for finals is specifically aimed at helping students pass the surgical final examination it concentrates on subjects and concepts that tend to confuse students each chapter is like a tutorial providing tips on what to say and when to say it and more importantly a logical approach to answering questions the book deals with topics poorly covered elsewhere such as fluid balance total parenteral nutrition central lines drains and surgical antibiotics it also has comprehensive chapters on orthopaedics and urology the reader will feel as though they are being taught one to one

Complete SAQs for Medical Finals 2009-11-09

this is one of two companions to pastest s surgical finals passing the clinical and medical finals passing the clinical the book systematically covers the medical syllabus with 141 structured answer questions and detailed teaching notes also included are five sample essay plans and complete model essays showing both good and bad techniques a revision checklist and 73 favourite essay questions enable each student to develop a structured revision plan
