

Ebook free Fascismo islamico (2023)

this polemic against islamic extremism highlights the striking parallels between contemporary islamism and the 20th century fascism embodied by hitler and mussolini like those infamous ideologies islamism today touts imperialist dreams of world domination belief in its inherent superiority contempt for the rest of humanity and often a murderous agenda the author born and raised in egypt and now living in germany not only explains the historical connections between early 20th century fascist movements in europe and extremist factions in islam but he also traces the fascist tendencies in mainstream islam that have existed throughout its history examining key individuals and episodes from centuries past the book shows the influence of islam s earliest exploits on current politics in the islamic world the author s incisive analysis exposes the fascist underpinnings of the muslim brotherhood hamas hezbollah the shia regime in iran isis salafi and jihadist ideologies and more forcefully argued and well researched this book grew out of a lecture on islamic fascism that the author gave in cairo resulting in a call for his death by three prominent egyptian clerics the fall of capitalism and the rise of islam provides a critical analysis of the current financial crisis in the us and the world at large it concludes that the current crisis could very well be a sign of failure of the underlying system of capitalism the book shows that the system of capitalism contains serious faults and defects at the core theory level economic and financial crisis periodically occur whenever these defects are triggered by various conditions and political decisions during the life of capitalism the collapse of financial institutions the crash of the housing market the evaporation of trillions of dollars the creation of virtual unreal wealth and the decline of productivity are symptoms of the potential failure of the ideology of capitalism this failure has serious impact on the life quality of billions of people around the world who suffer from poverty hunger health insecurity lack of education and serious inhuman conditions the world order under capitalism witnessed multiple world wars political and economic instability colonialism absence of peace deprivation of justice and polarization of wealth and power this book predicts a potential crash and collapse of the world order under the pressure of a failing capitalism concurrent to the decline and potential collapse of capitalism the book makes an account of another global phenomenon namely the second rise of islam the rise of islam similar to the first one that lasted for thirteen hundred years is a comprehensive rise that brings up the economic system together with the political system and the moral system together with the legal system it is much needed and sought to introduce to the world a system full of justice fairness and geared toward productivity and human righteousness the new rise of islam is argued to be in the best interest of the human societies around the world and that the propagated fear of this rise is unfounded the book provides a detailed description of the economic system and the political economy of islam it provides compelling evidence that the islamic political economy characterized by sustained productivity and wealth distribution guarantees the satisfaction of the basic needs of a human the islamic political economy integrates several mechanisms for natural distribution of wealth while it maintains a high level of productivity through the inhibition of usury hoarding and exploitation the fall of capitalism and the rise of islam makes extensive references to a score of historians scholars and scientists who provide a fair testimony of the islamic civilization and the ideology of islam italian colonialism is a pioneering anthology of texts by scholars from seven countries who represent the best of classical and newer approaches to the study of italian colonization essays on the political economic and military aspects of italian colonialism are featured alongside works that reflect the insights of anthropology race and gender studies film architecture and oral and cultural history the volume includes many essays by italian and african scholars that have never been translated into english it is a unique resource that offers students and scholars a comprehensive view of the field fascism was the major political invention of the twentieth century and the source of much of its pain how can we try to comprehend its allure and its horror is it a philosophy a movement an aesthetic experience what makes states and nations become fascist acclaimed historian robert o paxton shows that in order to understand fascism we must look at it in action at what it did as much as what it said it was about he explores its falsehoods and common threads the social and political base that allowed it to prosper its leaders and internal struggles how it manifested itself differently in each country france britain the low countries eastern europe even latin america as well as italy

and germany how fascists viewed the holocaust and finally whether fascism is still possible in today s world offering a bold new interpretation of the fascist phenomenon this groundbreaking book will overturn our understanding of twentieth century history the progenitor of muslim punk rock and one of today s freshest spiritual voices pushes back against the common assumption that the historic faiths have no occult or magical tradition in this richly learned historical and personal journey through the practice of magic in islam magic in islam offers a look at magical and occult technologies throughout muslim history starting with islam s earliest and most canonical sources in addition to providing a highly accessible introduction to magic as it is defined practiced condemned and defended within muslim traditions magic in islam challenges common assumptions about organized religion michael muhammad knight s deeply original book fills a gap within existing literature on the place of magic in islamic traditions and opens a new window on islam for general readers and students of religion alike in doing so the book counters and complicates widespread perceptions of islam as well as of magic as it is practiced outside of european contexts magic in islam also challenges our view of organized religions as clearly defined systems that can be reduced to checklists of key doctrines texts and rules as a result magic in islam throws a monkey wrench into the conventions of the intro to islam genre threatening to flip popular notions of a religion s center and margins europe s boundaries have mainly been shaped by cultural religious and political conceptions rather than by geography this volume of bilingual essays from renowned european scholars outlines the transformation of europe s boundaries from the fall of the ancient world to the age of decolonization or the end of the explicit endeavor to europeanize the world from the decline of the roman empire to the polycentrism of today s world the essays span such aspects as the confrontation of christian europe with islam and the changing role of the mediterranean from mare nostrum to a frontier between nations scandinavia eastern europe and the atlantic are also analyzed as boundaries in the context of exploration migratory movements cultural exchanges and war the boundaries of europe edited by pietro rossi is the first installment in the allea book series discourses on intellectual europe which seeks to explore the question of an intrinsic or quintessential european identity in light of the rising skepticism towards europe as an integrated cultural and intellectual region early in his career hitler took inspiration from mussolini this fact is widely known but an equally important role model for hitler has been neglected atatürk the founder of modern turkey who inspired hitler to remake germany along nationalist secular totalitarian and ethnically exclusive lines stefan ihrig tells this compelling story there is one critical way we honor great tragedies by never forgetting collective remembrance is as old as human society itself serving as an important source of social cohesion yet as jeffrey andrew barash shows in this book it has served novel roles in a modern era otherwise characterized by discontinuity and dislocation drawing on recent theoretical explorations of collective memory he elaborates an important new philosophical basis for it one that unveils profound limitations to its scope in relation to the historical past crucial to barash s analysis is a look at the radical transformations that symbolic configurations of collective memory have undergone with the rise of new technologies of mass communication he provocatively demonstrates how such technologies capacity to simulate direct experience especially via the image actually makes more palpable collective memory s limitations and the opacity of the historical past which always lies beyond the reach of living memory thwarting skepticism however he eventually looks to literature specifically writers such as walter scott marcel proust and w g sebal to uncover subtle nuances of temporality that might offer inconspicuous emblems of a past historical reality ethiopia trounced the italians in 1896 in the greatest african victory over europe since hannibal but failed to prevent the loss of eritrea the event was a powerful constitutive force in the rise of modern africa and pan africanism and resounds in the shared memory of africans and black americans even today more than a survey of the prophet s life and times this book is an introduction to the stunning diversity of islam and the ways in which muslims think dream and make muhammad into their very own prophet publishers weekly starred review he ranks among the most venerated historical figures in the world as well as among the most contested muhammad forty introductions offers a distinct and nuanced take on the life and teachings of the prophet muhammad using a traditional genre of islamic literature called the forty hadiths collection hadiths are the reported sayings and actions of muhammad that have been collected by the tens of thousands throughout islamic history there is a tradition in which muslim scholars take from this vast textual ocean to compile their own smaller collections of forty hadiths an act of curation that allows them to present their particular understanding of muhammad s legacy and the essential points of islam here michael muhammad

knight offers forty narrations that provide windows into the diverse ways in which muslims envision muhammad he also examines his own relationship to muslim traditions while exploring such topics as law mysticism sectarianism gender and sexuality by revealing the prophet to be an ongoing construction he carefully unravels notions about islam s center and margins this carefully crafted ebook the shape of things to come science fiction classic is formatted for your ereader with a functional and detailed table of contents the shape of things to come is a work of science fiction which speculates on future events from 1933 until the year 2106 in the book a world state is established as the solution to humanity s problems as a frame story wells claims that the book is his edited version of notes written by an eminent diplomat dr philip raven who had been having dream visions of a history textbook published in 2106 and wrote down what he could remember of it herbert george wells 1866 1946 known as h g wells was a prolific english writer in many genres including the novel history politics and social commentary and textbooks and rules for war games an excellent and timely book the idea of studying italian fascism as a society of the spectacle that used symbols rituals and a cult of the leader to create itself as it unfolded is a brilliant stroke walter l adamson author of avant garde florence from modernism to fascism frontmatter table of contents list of figures and tables acknowledgements list of abbreviations introduction 1 models of online related activism 2 methods for investigating online related large scale campaigns on the 3 water commons 4 the of water 5 patterns of online communication during the referendum campaign 6 the campaign for water on facebook 7 reinterpreting the data list of the interviews references index a pdf version of this book is available for free in open access via tandfebooks com as well as the oopen library platform oopen org it has been made available under a creative commons attribution non commercial no derivatives 3 0 license and is part of the oopen uk research project this book is an examination of the effect of contemporary wars such as the war on terror on civil life at a global level contemporary literature on war is mainly devoted to recent changes in the theory and practice of warfare particular those in which terrorists or insurgents are involved for example the revolution in military affairs small wars and so on on the other hand today s research on security is focused among other themes on the effects of the war on terrorism and on civil liberties and social control this volume connects these two fields of research showing how war and security tend to exchange targets and forms of action as well as personnel for instance the spreading use of private contractors in wars and of military experts in the struggle for security in modern society this shows how contrary to clausewitz s belief war should be conceived of as a continuation of politics by other means the opposite statement is also true that politics insofar as it concerns security can be defined as the continuation of war by other means this book will be of much interest to students of critical security studies war and conflict studies terrorism studies sociology and ir in general salvatore palidda is professor of sociology in the faculty of education at the university of genoa alessandro dal lago is professor of sociology of culture and communication at the university of genoa at publication date a free ebook version of this title will be available through luminos university of california press s open access publishing program visit luminosoa org to learn more in the post world war i american climate of isolationism nativism democratic expansion of civic rights and consumerism italian born star rodolfo valentino and italy s dictator benito mussolini became surprising paragons of authoritarian male power and mass appeal drawing on extensive archival research in the united states and italy giorgio bertellini s work shows how their popularity both political and erotic largely depended on the efforts of public opinion managers including publicists journalists and even ambassadors beyond the democratic celebrations of the jazz age the promotion of their charismatic masculinity through spectacle and press coverage inaugurated the now familiar convergence of popular celebrity and political authority this is the first volume in the new cinema cultures in contact series coedited by giorgio bertellini richard abel and matthew solomon five case studies show how different people and places were marginalized and socially excluded as the italian nation state was formed this open access edited volume offers an analysis of the entangled histories of education and development in twentieth century africa it deals with the plurality of actors that competed and collaborated to formulate educational and developmental paradigms and projects debating their utility and purpose pondering their necessity and risk and evaluating their intended and unintended consequences in colonial and postcolonial moments since the late nineteenth century the educability of the native was the subject of several debates and experiments numerous voices arguments and agendas emerged involving multiple institutions and experts governmental and non governmental religious and laic operating from the corridors of international organizations to the towns and

rural villages of africa this plurality of expressions of political social cultural and economic imagination of education and development is at the core of this collective work perhaps no other western writer has more deeply probed the bitter struggle in the muslim world between the forces of religion and law and those of violence and lawlessness as noah feldman his scholarship has defined the stakes in the middle east today now in this incisive book feldman tells the story behind the increasingly popular call for the establishment of the shari a the law of the traditional islamic state in the modern muslim world western powers call it a threat to democracy islamist movements are winning elections on it terrorists use it to justify their crimes what then is the shari a given the severity of some of its provisions why is it popular among muslims can the islamic state succeed should it feldman reveals how the classical islamic constitution governed through and was legitimated by law he shows how executive power was balanced by the scholars who interpreted and administered the shari a and how this balance of power was finally destroyed by the tragically incomplete reforms of the modern era the result has been the unchecked executive dominance that now distorts politics in so many muslim states feldman argues that a modern islamic state could provide political and legal justice to today s muslims but only if new institutions emerge that restore this constitutional balance of power the fall and rise of the islamic state gives us the sweeping history of the traditional islamic constitution its noble beginnings its downfall and the renewed promise it could hold for muslims and westerners alike in a new introduction feldman discusses developments in egypt tunisia libya and other muslim majority countries since the arab spring and describes how islamists must meet the challenge of balance if the new islamic states are to succeed the national bestseller focused and persuasive bray s book is many things the first english language transnational history of antifa a how to for would be activists and a record of advice from anti fascist organizers past and present the new yorker insurgent activist movements need spokesmen intellectuals and apologists and for the moment mark bray is filling in as all three the book s most enlightening contribution is on the history of anti fascist efforts over the past century but its most relevant for today is its justification for stifling speech and clobbering white supremacists carlos lozada the washington post bray s analysis is methodical and clearly informed by both his historical training and 15 years of organizing which included occupy wall street antifa the anti fascist handbook couldn t have emerged at a more opportune time bray s arguments are incisive and cohesive and his consistent refusal to back down from principle makes the book a crucial intervention in our political moment san francisco chronicle in the wake of tragic events in charlottesville va and donald trump s initial refusal to denounce the white nationalists behind it all the antifa opposition movement is suddenly appearing everywhere but what is it precisely and where did it come from as long as there has been fascism there has been anti fascism also known as antifa born out of resistance to mussolini and hitler in europe during the 1920s and 30s the antifa movement has suddenly burst into the headlines amidst opposition to the trump administration and the alt right they could be seen in news reports often clad all in black with balaclavas covering their faces demonstrating at the presidential inauguration and on california college campuses protesting far right speakers and most recently on the streets of charlottesville va protecting among others a group of ministers including cornel west from neo nazi violence west would later tell reporters the anti fascists saved our lives simply antifa aims to deny fascists the opportunity to promote their oppressive politics and to protect tolerant communities from acts of violence promulgated by fascists critics say shutting down political adversaries is anti democratic antifa adherents argue that the horrors of fascism must never be allowed the slightest chance to triumph again in a smart and gripping investigation historian and former occupy wall street organizer mark bray provides a detailed survey of the full history of anti fascism from its origins to the present day the first transnational history of postwar anti fascism in english based on interviews with anti fascists from around the world antifa details the tactics of the movement and the philosophy behind it offering insight into the growing but little understood resistance fighting back against fascism in all its guises research on the extreme right is rare and the extreme right has even more rarely been analysed as a social movement in this volume the extreme right is compared in italy germany and the united states using concepts and methods developed in social movement studies in particular the book describes the discourse action and organizational structures of the extreme right and explains these on the basis of the available discursive and political opportunities three main empirical methods are used in the research firstly the frame analysis looks at the cognitive mechanisms that are relevant in influencing organizational and individual behaviour second network analysis looks at the inter

organizational structural characteristics of right wing organizations finally protest event analysis allows for an empirical summary of the actions undertaken by right wing extremists over the last decade the substantive chapters address the organizational structure of the extreme right their action repertoires the framing of protest events the definition of us the struggle against modernity old and new forms of racism opposition to globalization and populism this book is an objective evidence based analysis of the empirical findings methodologies and conclusions of the three main national inquiries irish us australian into child sexual abuse in the catholic church and of the responses of the catholic church to child sexual abuse as such it stands in contrast to the overall media reporting of the problem based on the evidence of these inquiries it draws two major conclusions firstly child sexual abuse in the catholic church in the countries surveyed while widespread during the 60s and 70s is largely an historical problem secondly safe guarding mechanisms introduced into the catholic church since the 90s have been effective in curbing child sexual abuse what do eastern europe s booming sex trade america s subprime mortgage lending scandal china s fake goods industry and celebrity philanthropy in africa have in common with biopirates trolling the blood industry fish farming bandits ravaging the high seas pornography developing virtually in second life and games like world of warcraft spawning online sweatshops how are rogue industries transmuting into global empires and will the entire system be transformed by the advent of sharia economics with the precision of an economist and the narrative deftness of a storyteller syndicated journalist loretta napoleoni examines how the world is being reshaped by dark economic forces creating victims out of millions of ordinary people whose lives have become trapped inside a fantasy world of consumerism napoleoni reveals the architecture of our world and in doing so provides fresh insight into many of the most insoluble problems of our era ten essays on the nature of fascism by a leading scholar in the field focusing on how to understand and apply fascist ideology to various movements since the twentieth century mussolini s prophesied fascist century includes studies of fascism s attempted temporal revolution nazism as extended case study and fascism s postwar evolution this work represents a considerably revised edition of the first comparative history of islamic and christian spain between a d 711 and 1250 it focuses on the differential development of agriculture and urbanization in the islamic and christian territories and the flow of information and techniques between them from award winning historian mark mazower dark continent europe s twentieth century retells the story of a century of division charting the struggles of rival ideologies to create a new world order for mankind the end of the first world war saw old empires swept away and the opportunity to build a better society from the ruins yet the result was division and bloodshed on an unprecedented scale as liberal democracy communism and fascism struggled against one another for mastery of the world dark continent radically overturns the myth of europe as a safe haven of democracy to redefine our view of the twentieth century original thought provoking iconoclastic frank mclynn irish times fascinating and forceful martin gilbert literary review mazower leaves us in this wonderful book with an account of our century that anyone who takes an interest in europe s present and future will enlarge their mind by reading john keegan daily telegraph there are few who can walk with a j p taylor one is mark mazower a tour de force alex danchev tls combines narrative verve with wise and humane analysis for anyone who wants to know how europe came to be the way it is in the years since 1900 this is the work to provide the answers david cannadine observer books of the year mark mazower is the author of inside hitler s greece the balkans which won the wolfson prize for history salonika city of ghosts which won both the runciman prize and the duff cooper prize and hitler s empire this open access book investigates the transnationally connected history of arab christian communities in palestine during the british mandate 1918 1948 through the lens of the birth of cultural diplomacy relying predominantly on unpublished sources it examines the relationship between european cultural agendas and local identity formation processes and discusses the social and religious transformations of arab christian communities in palestine via cultural lenses from an entangled perspective the 17 chapters reflect diverse research interests from case studies of individual archives to chapters that question the concept of cultural diplomacy more generally they illustrate the diversity of scholarship that enables a broad based view of how cultural diplomacy functioned during the interwar period but also the ways in which its meanings have changed the book considers british mandate palestine as an internationalised node within a transnational framework to understand how the complexity of cultural interactions and agencies engaged to produce new modes of modernity karène sanchez summerer is associate professor at leiden university the netherlands her research considers the european linguistic and cultural policies and the arab communities

1860 1948 in palestine she is the pi of the research project 2017 2022 crossroads european cultural diplomacy and arab christians in palestine 1918 1948 project funded by the netherlands national research agency nwo she is the co editor of the series languages and culture in history with w frijhoff amsterdam university press she is part of the college of experts esf european science foundation 2018 2021 sary zananiri is an artist and cultural historian he is currently a postdoctoral fellow on the nwo funded project crossroads european cultural diplomacy and arab christians in palestine 1918 1948 at leiden university the netherlands arranged in five thematic parts the oral history reader covers key debates in the post war development of oral history this book is the result of a research project designed and carried out at the department of architecture university of florence this research was based on the transfer of knowledge from members of the albanian diaspora in italy university students young architects and researchers to their home country this unique process blazed a trail in the albania related studies by creating a methodology which could be replicated not only in albanian rural contexts but also elsewhere the book constitutes a structured tool for generating sustainable and socially inclusive territorial development processes in five lesser known albanian cultural sites their tangible and intangible cultural heritage was seen as a driving factor for triggering development processes aimed at improving the inhabitants quality of life and strengthening local identity and social networks through concrete proposals and strategies the book offers scenarios and solutions capable of enhancing the potential of each village and at the same time counteracting the effects of land abandonment that so often characterise them to some it is the voice of the nation yet to others it has never been clearer that the bbc is in the grip of an ideology that prevents it reporting fairly on the world many have been scandalised by its pessimism on brexit and its one sided presentation of the trump presidency whilst simultaneously amused by its outrage over fake news this punchy polemic galvanises the debate over how our licence fee money is spent and asks whether the bbc is a fair arbiter of the news or whether it is a conduit for pervasive and institutional liberal left wing bias this book covers the full story of the ustasha a fascist movement in croatia from its historic roots to its downfall the authors address key questions in what international context did ustasha terrorism grow and develop how did this movement rise to power and then exterminate hundreds of thousands of innocents who was ante pavelić its leader was he a shrewd politician able to exploit for his independent project mussolini s imperial ambitions hitler s pan german aims and the anti bolshevism of the holy see and the western bloc or was he consciously or not a pawn in other hands in a complex international scenario where croatia was only arena among many and after the movement s collapse how were several of the most prominent ustasha leaders able to evade capture by tito s victorious army the book places the appearance of the ustasha movement not only in the context of the interwar kingdom of yugoslavia but also in the wider perspective of the emergence of european fascism publisher description originally published in 1983 and named one of the best books of the year by the new york times this bestselling history is now revised and updated and includes a new final chapter a far reaching and masterful work it explores the events ideas and personalities of the seven decades since the first world war in the corridors of the vatican on the eve of world war ii american catholic priest joseph patrick hurley found himself in the midst of secret diplomatic dealings and intense debate hurleys deeply felt american patriotism and fixed ideas about confronting nazism directly led to a mighty clash with pope pius xii it was 1939 the earliest days of piuss papacy and controversy within the vatican over policy toward nazi germany was already heated this groundbreaking book is both a biography of joseph hurley the first american to achieve the rank of nuncio or vatican ambassador and an insiders view of the alleged silence of the pope on the holocaust and nazism drawing on hurleys unpublished archives the book documents critical debates in pope piuss vatican secret u s vatican dealings the influence of detroits flamboyant anti semitic priest charles e coughlin and the controversial case of croatias cardinal stepinac the book also sheds light on the powerful connections between religion and politics in the twentieth century what is fascism is it revolutionary or is it reactionary can it be both fascism is notoriously hard to define how do we make sense of an ideology that appeals to streetfighters and intellectuals alike that is overtly macho in style yet attracts many women that calls for a return to tradition while maintaining a fascination with technology and that preaches violence in the name of an ordered society in the new edition of this very short introduction kevin passmore brilliantly unravels the paradoxes of one of the most important phenomena in the modern world tracing its origins in the intellectual political and social crises of the late nineteenth century the rise of fascism following world war i including

fascist regimes in italy and germany and the fortunes of failed fascist movements in eastern europe spain and the americas he also considers fascism in culture the new interest in transnational research and the progress of the far right since 2002 about the series the very short introductions series from oxford university press contains hundreds of titles in almost every subject area these pocket sized books are the perfect way to get ahead in a new subject quickly our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable this book will be essential for scholars and students interested in ibero american cultural studies gender religion and totalitarian politics book jacket this title first published in 1923 examines the historical development of the islamic faith from its origins through to its position in the early twentieth century it also examines the historical reactions of islam to the west including the babist movement in the nineteenth century this title will be of interest to students of history and m this comprehensive survey of etruscan civilization from its origin in the villanovan iron age in the ninth century b c to its absorption by rome in the first century b c combines well known aspects of the etruscan world with new discoveries and fresh insights into the role of women in etruscan society in addition the etruscans are contrasted to the greeks whom they often emulated and to the romans who at once admired and disdained them the result is a compelling and complete picture of a people and a culture this in depth examination of etruria examines how differing access to mineral wealth trade routes and agricultural land led to distinct regional variations heavily illustrated with ancient etruscan art and cultural objects the text is organized both chronologically and thematically interweaving archaeological evidence analysis of social structure descriptions of trade and burial customs and an examination of pottery and works of art for a long time now it has been common understanding that africa played only a marginal role in the first world war its reduced theatre of operations appeared irrelevant to the strategic balance of the major powers this volume is a contribution to the growing body of historical literature that explores the global and social history of the first world war it questions the supposedly marginal role of africa during the great war with a special focus on northeast africa in fact between 1911 and 1924 a series of influential political and social upheavals took place in the vast expanse between tripoli and addis ababa the first world war was to profoundly change the local balance of power this volume consists of fifteen chapters divided into three sections the essays examine the social political and operational course of the war and assess its consequences in a region straddling africa and the middle east the relationship between local events and global processes is explored together with the regional protagonists and their agency contrary to the myth still prevailing the first world war did have both immediate and long term effects on the region this book highlights some of the significant aspects associated with it

Fascismo islamico 2017 this polemic against islamic extremism highlights the striking parallels between contemporary islamism and the 20th century fascism embodied by hitler and mussolini like those infamous ideologies islamism today touts imperialist dreams of world domination belief in its inherent superiority contempt for the rest of humanity and often a murderous agenda the author born and raised in egypt and now living in germany not only explains the historical connections between early 20th century fascist movements in europe and extremist factions in islam but he also traces the fascist tendencies in mainstream islam that have existed throughout its history examining key individuals and episodes from centuries past the book shows the influence of islam s earliest exploits on current politics in the islamic world the author s incisive analysis exposes the fascist underpinnings of the muslim brotherhood hamas hezbollah the shia regime in iran isis salafi and jihadist ideologies and more forcefully argued and well researched this book grew out of a lecture on islamic fascism that the author gave in cairo resulting in a call for his death by three prominent egyptian clerics

Islamic Fascism 2016 the fall of capitalism and the rise of islam provides a critical analysis of the current financial crisis in the us and the world at large it concludes that the current crisis could very well be a sign of failure of the underlying system of capitalism the book shows that the system of capitalism contains serious faults and defects at the core theory level economic and financial crisis periodically occur whenever these defects are triggered by various conditions and political decisions during the life of capitalism the collapse of financial institutions the crash of the housing market the evaporation of trillions of dollars the creation of virtual unreal wealth and the decline of productivity are symptoms of the potential failure of the ideology of capitalism this failure has serious impact on the life quality of billions of people around the world who suffer from poverty hunger health insecurity lack of education and serious inhuman conditions the world order under capitalism witnessed multiple world wars political and economic instability colonialism absence of peace deprivation of justice and polarization of wealth and power this book predicts a potential crash and collapse of the world order under the pressure of a failing capitalism concurrent to the decline and potential collapse of capitalism the book makes an account of another global phenomenon namely the second rise of islam the rise of islam similar to the first one that lasted for thirteen hundred years is a comprehensive rise that brings up the economic system together with the political system and the moral system together with the legal system it is much needed and sought to introduce to the world a system full of justice fairness and geared toward productivity and human righteousness the new rise of islam is argued to be in the best interest of the human societies around the world and that the propagated fear of this rise is unfounded the book provides a detailed description of the economic system and the political economy of islam it provides compelling evidence that the islamic political economy characterized by sustained productivity and wealth distribution guarantees the satisfaction of the basic needs of a human the islamic political economy integrates several mechanisms for natural distribution of wealth while it maintains a high level of productivity through the inhibition of usury hoarding and exploitation the fall of capitalism and the rise of islam makes extensive references to a score of historians scholars and scientists who provide a fair testimony of the islamic civilization and the ideology of islam

Fall of Capitalism and Rise of Islam 2010-04-22 italian colonialism is a pioneering anthology of texts by scholars from seven countries who represent the best of classical and newer approaches to the study of italian colonization essays on the political economic and military aspects of italian colonialism are featured alongside works that reflect the insights of anthropology race and gender studies film architecture and oral and cultural history the volume includes many essays by italian and african scholars that have never been translated into english it is a unique resource that offers students and scholars a comprehensive view of the field

Italian Colonialism 2016-04-30 fascism was the major political invention of the twentieth century and the source of much of its pain how can we try to comprehend its allure and its horror is it a philosophy a movement an aesthetic experience what makes states and nations become fascist acclaimed historian robert o paxton shows that in order to understand fascism we must look at it in action at what it did as much as what it said it was about he explores its falsehoods and common threads the social and political base that allowed it to prosper its leaders and internal struggles how it manifested itself differently in each country france britain the low countries eastern europe even latin america as well as italy and germany how fascists viewed the holocaust

and finally whether fascism is still possible in today's world offering a bold new interpretation of the fascist phenomenon this groundbreaking book will overturn our understanding of twentieth century history

The Anatomy of Fascism 2011-12-01 the progenitor of muslim punk rock and one of today's freshest spiritual voices pushes back against the common assumption that the historic faiths have no occult or magical tradition in this richly learned historical and personal journey through the practice of magic in islam magic in islam offers a look at magical and occult technologies throughout muslim history starting with islam's earliest and most canonical sources in addition to providing a highly accessible introduction to magic as it is defined practiced condemned and defended within muslim traditions magic in islam challenges common assumptions about organized religion michael muhammad knight's deeply original book fills a gap within existing literature on the place of magic in islamic traditions and opens a new window on islam for general readers and students of religion alike in doing so the book counters and complicates widespread perceptions of islam as well as of magic as it is practiced outside of european contexts magic in islam also challenges our view of organized religions as clearly defined systems that can be reduced to checklists of key doctrines texts and rules as a result magic in islam throws a monkey wrench into the conventions of the intro to islam genre threatening to flip popular notions of a religion's center and margins

Magic In Islam 2016-05-24 europe's boundaries have mainly been shaped by cultural religious and political conceptions rather than by geography this volume of bilingual essays from renowned european scholars outlines the transformation of europe's boundaries from the fall of the ancient world to the age of decolonization or the end of the explicit endeavor to europeanize the world from the decline of the roman empire to the polycentrism of today's world the essays span such aspects as the confrontation of christian europe with islam and the changing role of the mediterranean from mare nostrum to a frontier between nations scandinavia eastern europe and the atlantic are also analyzed as boundaries in the context of exploration migratory movements cultural exchanges and war the boundaries of europe edited by pietro rossi is the first installment in the allea book series discourses on intellectual europe which seeks to explore the question of an intrinsic or quintessential european identity in light of the rising skepticism towards europe as an integrated cultural and intellectual region

The Boundaries of Europe 2015-04-24 early in his career hitler took inspiration from mussolini this fact is widely known but an equally important role model for hitler has been neglected atatürk the founder of modern turkey who inspired hitler to remake germany along nationalist secular totalitarian and ethnically exclusive lines stefan ihrig tells this compelling story

Atatürk in the Nazi Imagination 2014-11-20 there is one critical way we honor great tragedies by never forgetting collective remembrance is as old as human society itself serving as an important source of social cohesion yet as jeffrey andrew barash shows in this book it has served novel roles in a modern era otherwise characterized by discontinuity and dislocation drawing on recent theoretical explorations of collective memory he elaborates an important new philosophical basis for it one that unveils profound limitations to its scope in relation to the historical past crucial to barash's analysis is a look at the radical transformations that symbolic configurations of collective memory have undergone with the rise of new technologies of mass communication he provocatively demonstrates how such technologies capacity to simulate direct experience especially via the image actually makes more palpable collective memory's limitations and the opacity of the historical past which always lies beyond the reach of living memory thwarting skepticism however he eventually looks to literature specifically writers such as walter scott marcel proust and w g sebald to uncover subtle nuances of temporality that might offer inconspicuous emblems of a past historical reality

Collective Memory and the Historical Past 2020-11-29 ethiopia trounced the italians in 1896 in the greatest african victory over europe since hannibal but failed to prevent the loss of eritrea the event was a powerful constitutive force in the rise of modern africa and pan africanism and resounds in the shared memory of africans and black americans even today

The Battle of Adwa 2005 more than a survey of the prophet's life and times this book is an introduction to the stunning diversity of islam and the ways in which muslims think dream and make muhammad into their very own prophet publishers weekly starred review he ranks among the most venerated historical figures in the world as well as among the most contested muhammad forty introductions offers a distinct and nuanced take on the life and teachings of the prophet muhammad using a traditional genre of islamic literature called the forty hadiths collection hadiths are the reported sayings and actions of muhammad that have been collected

by the tens of thousands throughout islamic history there is a tradition in which muslim scholars take from this vast textual ocean to compile their own smaller collections of forty hadiths an act of curation that allows them to present their particular understanding of muhammad s legacy and the essential points of islam here michael muhammad knight offers forty narrations that provide windows into the diverse ways in which muslims envision muhammad he also examines his own relationship to muslim traditions while exploring such topics as law mysticism sectarianism gender and sexuality by revealing the prophet to be an ongoing construction he carefully unravels notions about islam s center and margins

Muhammad: Forty Introductions 2019-01-08 this carefully crafted ebook the shape of things to come science fiction classic is formatted for your ereader with a functional and detailed table of contents the shape of things to come is a work of science fiction which speculates on future events from 1933 until the year 2106 in the book a world state is established as the solution to humanity s problems as a frame story wells claims that the book is his edited version of notes written by an eminent diplomat dr philip raven who had been having dream visions of a history textbook published in 2106 and wrote down what he could remember of it herbert george wells 1866 1946 known as h g wells was a prolific english writer in many genres including the novel history politics and social commentary and textbooks and rules for war games

The Shape of Things To Come (Science Fiction Classic) 2024-01-05 an excellent and timely book the idea of studying italian fascism as a society of the spectacle that used symbols rituals and a cult of the leader to create itself as it unfolded is a brilliant stroke walter l adamson author of avant garde florence from modernism to fascism

The Divo and the Duce 2019-01-15 five case studies show how different people and places were marginalized and socially excluded as the Italian nation state was formed

Italy's Margins 2014-03-27 this open access edited volume offers an analysis of the entangled histories of education and development in twentieth century Africa. It deals with the plurality of actors that competed and collaborated to formulate educational and developmental paradigms and projects, debating their utility and purpose, pondering their necessity and risk, and evaluating their intended and unintended consequences in colonial and postcolonial moments. Since the late nineteenth century, the educability of the native was the subject of several debates and experiments. Numerous voices, arguments, and agendas emerged involving multiple institutions and experts: governmental and non-governmental, religious and laic, operating from the corridors of international organizations to the towns and rural villages of Africa. This plurality of expressions of political, social, cultural, and economic imagination of education and development is at the core of this collective work.

Education and Development in Colonial and Postcolonial Africa 2020-01-03 perhaps no other Western writer has more deeply probed the bitter struggle in the Muslim world between the forces of religion and law and those of violence and lawlessness. As Noah Feldman's scholarship has defined the stakes in the Middle East today, now in this incisive book, Feldman tells the story behind the increasingly popular call for the establishment of the Shari'a, the law of the traditional Islamic state. In the modern Muslim world, Western powers call it a threat to democracy, Islamist movements are winning elections, and terrorists use it to justify their crimes. What then is the Shari'a, given the severity of some of its provisions? Why is it popular among Muslims? Can the Islamic state succeed? Should it? Feldman reveals how the classical Islamic constitution governed through and was legitimated by law. He shows how executive power was balanced by the scholars who interpreted and administered the Shari'a, and how this balance of power was finally destroyed by the tragically incomplete reforms of the modern era. The result has been the unchecked executive dominance that now distorts politics in so many Muslim states. Feldman argues that a modern Islamic state could provide political and legal justice to today's Muslims, but only if new institutions emerge that restore this constitutional balance of power. The fall and rise of the Islamic state gives us the sweeping history of the traditional Islamic constitution: its noble beginnings, its downfall, and the renewed promise it could hold for Muslims and Westerners alike. In a new introduction, Feldman discusses developments in Egypt, Tunisia, Libya, and other Muslim majority countries since the Arab Spring and describes how Islamists must meet the challenge of balance if the new Islamic states are to succeed.

The Fall and Rise of the Islamic State 2012-08-26 the national bestseller, focused and persuasive, Bray's book is many things: the first English language transnational history of Antifa, a how-to-for-would-be-activists and a record of advice from anti-fascist organizers past and present; the New Yorker insurgent; activist movements' need spokesmen, intellectuals, and apologists; and for the moment, Mark Bray is filling in. As all three, the book's most enlightening contribution is on the history of anti-fascist efforts over the past century, but its most relevant for today is its justification for stifling speech and clobbering white supremacists. Carlos Lozada, *The Washington Post*: Bray's analysis is methodical and clearly informed by both his historical training and 15 years of organizing, which included Occupy Wall Street, Antifa, *The Anti-Fascist Handbook*. Couldn't have emerged at a more opportune time. Bray's arguments are incisive and cohesive, and his consistent refusal to back down from principle makes the book a crucial intervention in our political moment. *San Francisco Chronicle*: In the wake of tragic events in Charlottesville, VA, and Donald Trump's initial refusal to denounce the white nationalists behind it, all the Antifa opposition movement is suddenly appearing everywhere. But what is it, precisely, and where did it come from? As long as there has been fascism, there has been anti-fascism, also known as Antifa. Born out of resistance to Mussolini and Hitler in Europe during the 1920s and 30s, the Antifa movement has suddenly burst into the headlines amidst opposition to the Trump administration and the alt-right. They could be seen in news reports often clad all in black with balaclavas covering their faces, demonstrating at the presidential inauguration and on California college campuses protesting far-right speakers, and most recently on the streets of Charlottesville, VA, protecting among others a group of ministers including Cornel West from neo-Nazi violence. West would later tell reporters the anti-fascists saved our lives. Simply put, Antifa aims to deny fascists the opportunity to promote their oppressive politics and to protect tolerant communities from acts of violence promulgated by fascists. Critics say shutting down political adversaries is anti-democratic. Antifa adherents argue that

the horrors of fascism must never be allowed the slightest chance to triumph again in a smart and gripping investigation historian and former occupy wall street organizer mark bray provides a detailed survey of the full history of anti fascism from its origins to the present day the first transnational history of postwar anti fascism in english based on interviews with anti fascists from around the world antifa details the tactics of the movement and the philosophy behind it offering insight into the growing but little understood resistance fighting back against fascism in all its guises

Antifa 2017-08-29 research on the extreme right is rare and the extreme right has even more rarely been analysed as a social movement in this volume the extreme right is compared in italy germany and the united states using concepts and methods developed in social movement studies in particular the book describes the discourse action and organizational structures of the extreme right and explains these on the basis of the available discursive and political opportunities three main empirical methods are used in the research firstly the frame analysis looks at the cognitive mechanisms that are relevant in influencing organizational and individual behaviour second network analysis looks at the inter organizational structural characteristics of right wing organizations finally protest event analysis allows for an empirical summary of the actions undertaken by right wing extremists over the last decade the substantive chapters address the organizational structure of the extreme right their action repertoires the framing of protest events the definition of us the struggle against modernity old and new forms of racism opposition to globalization and populism

Mobilizing on the Extreme Right 2012-02-16 this book is an objective evidence based analysis of the empirical findings methodologies and conclusions of the three main national inquiries irish us australian into child sexual abuse in the catholic church and of the responses of the catholic church to child sexual abuse as such it stands in contrast to the overall media reporting of the problem based on the evidence of these inquiries it draws two major conclusions firstly child sexual abuse in the catholic church in the countries surveyed while widespread during the 60s and 70s is largely an historical problem secondly safe guarding mechanisms introduced into the catholic church since the 90s have been effective in curbing child sexual abuse

Child Sexual Abuse Inquiries and the Catholic Church: Reassessing the Evidence 2021-04-26 what do eastern europe s booming sex trade america s subprime mortgage lending scandal china s fake goods industry and celebrity philanthropy in africa have in common with biopirates trolling the blood industry fish farming bandits ravaging the high seas pornography developing virtually in second life and games like world of warcraft spawning online sweatshops how are rogue industries transmuted into global empires and will the entire system be transformed by the advent of sharia economics with the precision of an economist and the narrative deftness of a storyteller syndicated journalist loretta napoleoni examines how the world is being reshaped by dark economic forces creating victims out of millions of ordinary people whose lives have become trapped inside a fantasy world of consumerism napoleoni reveals the architecture of our world and in doing so provides fresh insight into many of the most insoluble problems of our era

Rogue Economics 2011-01-04 ten essays on the nature of fascism by a leading scholar in the field focusing on how to understand and apply fascist ideology to various movements since the twentieth century mussolini s prophesied fascist century includes studies of fascism s attempted temporal revolution nazism as extended case study and fascism s postwar evolution

Youth and violent extremism on social media 2017-12-04 this work represents a considerably revised edition of the first comparative history of islamic and christian spain between a d 711 and 1250 it focuses on the differential development of agriculture and urbanization in the islamic and christian territories and the flow of information and techniques between them

A Fascist Century 2008-08-20 from award winning historian mark mazower dark continent europe s twentieth century retells the story of a century of division charting the struggles of rival ideologies to create a new world order for mankind the end of the first world war saw old empires swept away and the opportunity to build a better society from the ruins yet the result was division and bloodshed on an unprecedented scale as liberal democracy communism and fascism struggled against one another for mastery of the world dark continent radically overturns the myth of europe as a safe haven of democracy to redefine our view of the twentieth century original thought provoking iconoclastic frank mclynn irish times fascinating and forceful martin gilbert literary review mazower leaves us in this wonderful book with an account of our century that anyone who takes an interest in europe s present and future will enlarge their mind by reading john keegan daily telegraph there are few who can walk with a j p taylor one is mark

mazower a tour de force alex danchev tils combines narrative verve with wise and humane analysis for anyone who wants to know how europe came to be the way it is in the years since 1900 this is the work to provide the answers david cannadine observer books of the year mark mazower is the author of inside hitler s greece the balkans which won the wolfson prize for history salonika city of ghosts which won both the runciman prize and the duff cooper prize and hitler s empire

Islamic and Christian Spain in the Early Middle Ages 2005-11-01 this open access book investigates the transnationally connected history of arab christian communities in palestine during the british mandate 1918 1948 through the lens of the birth of cultural diplomacy relying predominantly on unpublished sources it examines the relationship between european cultural agendas and local identity formation processes and discusses the social and religious transformations of arab christian communities in palestine via cultural lenses from an entangled perspective the 17 chapters reflect diverse research interests from case studies of individual archives to chapters that question the concept of cultural diplomacy more generally they illustrate the diversity of scholarship that enables a broad based view of how cultural diplomacy functioned during the interwar period but also the ways in which its meanings have changed the book considers british mandate palestine as an internationalised node within a transnational framework to understand how the complexity of cultural interactions and agencies engaged to produce new modes of modernity karène sanchez summerer is associate professor at leiden university the netherlands her research considers the european linguistic and cultural policies and the arab communities 1860 1948 in palestine she is the pi of the research project 2017 2022 crossroads european cultural diplomacy and arab christians in palestine 1918 1948 project funded by the netherlands national research agency nwo she is the co editor of the series languages and culture in history with w frijhoff amsterdam university press she is part of the college of experts esf european science foundation 2018 2021 sary zananiri is an artist and cultural historian he is currently a postdoctoral fellow on the nwo funded project crossroads european cultural diplomacy and arab christians in palestine 1918 1948 at leiden university the netherlands

Dark Continent 2018-09-27 arranged in five thematic parts the oral history reader covers key debates in the post war development of oral history

European Cultural Diplomacy and Arab Christians in Palestine, 1918–1948 2021 this book is the result of a research project designed and carried out at the department of architecture university of florence this research was based on the transfer of knowledge from members of the albanian diaspora in italy university students young architects and researchers to their home country this unique process blazed a trail in the albania related studies by creating a methodology which could be replicated not only in albanian rural contexts but also elsewhere the book constitutes a structured tool for generating sustainable and socially inclusive territorial development processes in five lesser known albanian cultural sites their tangible and intangible cultural heritage was seen as a driving factor for triggering development processes aimed at improving the inhabitants quality of life and strengthening local identity and social networks through concrete proposals and strategies the book offers scenarios and solutions capable of enhancing the potential of each village and at the same time counteracting the effects of land abandonment that so often characterise them

The Oral History Reader 1998 to some it is the voice of the nation yet to others it has never been clearer that the bbc is in the grip of an ideology that prevents it reporting fairly on the world many have been scandalised by its pessimism on brexit and its one sided presentation of the trump presidency whilst simultaneously amused by its outrage over fake news this punchy polemic galvanises the debate over how our licence fee money is spent and asks whether the bbc is a fair arbiter of the news or whether it is a conduit for pervasive and institutional liberal left wing bias

Five Albanian Villages 2020-12-27 this book covers the full story of the ustasha a fascist movement in croatia from its historic roots to its downfall the authors address key questions in what international context did ustasha terrorism grow and develop how did this movement rise to power and then exterminate hundreds of thousands of innocents who was ante pavelić its leader was he a shrewd politician able to exploit for his independent project mussolini s imperial ambitions hitler s pan german aims and the anti bolshevism of the holy see and the western bloc or was he consciously or not a pawn in other hands in a complex international scenario where croatia was only arena among many and after the movement s collapse how were several of the most prominent ustasha

leaders able to evade capture by tito s victorious army the book places the appearance of the ustasha movement not only in the context of the interwar kingdom of yugoslavia but also in the wider perspective of the emergence of european fascism

The Noble Liar 2020-06-30 publisher description

Nationalism and Terror 2018-03-10 originally published in 1983 and named one of the best books of the year by the new york times this bestselling history is now revised and updated and includes a new final chapter a far reaching and masterful work it explores the events ideas and personalities of the seven decades since the first world war

The Search for Neofascism 2006-03-27 in the corridors of the vatican on the eve of world war ii american catholic priest joseph patrick hurley found himself in the midst of secret diplomatic dealings and intense debate hurleys deeply felt american patriotism and fixed ideas about confronting nazism directly led to a mighty clash with pope pius xii it was 1939 the earliest days of piuss papacy and controversy within the vatican over policy toward nazi germany was already heated this groundbreaking book is both a biography of joseph hurley the first american to achieve the rank of nuncio or vatican ambassador and an insiders view of the alleged silence of the pope on the holocaust and nazism drawing on hurleys unpublished archives the book documents critical debates in pope piuss vatican secret u s vatican dealings the influence of detroits flamboyant anti semitic priest charles e coughlin and the controversial case of croatias cardinal stepinac the book also sheds light on the powerful connections between religion and politics in the twentieth century

Modern Times 1992 what is fascism is it revolutionary or is it reactionary can it be both fascism is notoriously hard to define how do we make sense of an ideology that appeals to streetfighters and intellectuals alike that is overtly macho in style yet attracts many women that calls for a return to tradition while maintaining a fascination with technology and that preaches violence in the name of an ordered society in the new edition of this very short introduction kevin passmore brilliantly unravels the paradoxes of one of the most important phenomena in the modern world tracing its origins in the intellectual political and social crises of the late nineteenth century the rise of fascism following world war i including fascist regimes in italy and germany and the fortunes of failed fascist movements in eastern europe spain and the americas he also considers fascism in culture the new interest in transnational research and the progress of the far right since 2002 about the series the very short introductions series from oxford university press contains hundreds of titles in almost every subject area these pocket sized books are the perfect way to get ahead in a new subject quickly our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Vatican Secret Diplomacy 2008-10-01 this book will be essential for scholars and students interested in ibero american cultural studies gender religion and totalitarian politics book jacket

Fascism: A Very Short Introduction 2014-05-29 this title first published in 1923 examines the historical development of the islamic faith from its origins through to its position in the early twentieth century it also examines the historical reactions of islam to the west including the babist movement in the nineteenth century this title will be of interest to students of history and m

The Seduction of Modern Spain 2010 this comprehensive survey of etruscan civilization from its origin in the villanovan iron age in the ninth century b c to its absorption by rome in the first century b c combines well known aspects of the etruscan world with new discoveries and fresh insights into the role of women in etruscan society in addition the etruscans are contrasted to the greeks whom they often emulated and to the romans who at once admired and disdained them the result is a compelling and complete picture of a people and a culture this in depth examination of etruria examines how differing access to mineral wealth trade routes and agricultural land led to distinct regional variations heavily illustrated with ancient etruscan art and cultural objects the text is organized both chronologically and thematically interweaving archaeological evidence analysis of social structure descriptions of trade and burial customs and an examination of pottery and works of art

Islam at the Cross Roads 2019-08-13 for a long time now it has been common understanding that africa played only a marginal role in the first world war its reduced theatre of operations appeared irrelevant to the strategic balance of the major powers this volume is a contribution to the growing body of historical literature that explores the global and social history of the first

world war it questions the supposedly marginal role of africa during the great war with a special focus on northeast africa in fact between 1911 and 1924 a series of influential political and social upheavals took place in the vast expanse between tripoli and addis ababa the first world war was to profoundly change the local balance of power this volume consists of fifteen chapters divided into three sections the essays examine the social political and operational course of the war and assess its consequences in a region straddling africa and the middle east the relationship between local events and global processes is explored together with the regional protagonists and their agency contrary to the myth still prevailing the first world war did have both immediate and long term effects on the region this book highlights some of the significant aspects associated with it
