Learning Journals

1999

journal writing is a common technique in education and training this text offers guidance on keeping and using journals and gives step by step advice on integrating journal writing on taught courses and in training and professional development

Student Nurses' Perceptions of Reflective Journal Writing

2004

this unique book is for anyone who is conducting research projects in social sciences humanities and philosophies inside this journal you will find hundreds of questions reflection tasks and critical thinking exercises to help you to reflect on your methodology ethics philosophies biases and the real world impact of your work fill your journal right from the beginning of your research journey until you are ready to write up your findings learn more about your own decisions assumptions knowledge study strengths and weaknesses and even the impact your studies might be having on your own wellbeing no matter your level of study or years of experience this journal will encourage you to think differently about your research and to ensure your work is ethical and impactful a journal for the conscious critical researcher who is ready to dig a bit deeper into their own work

The Reflective Journal for Researchers and Academics

2020-01-08

this text presents a research study into the development of reflective practitioners in a pre service teacher education programme the teacher educator in the study modelled his own reflections on practice in the hope that it would help students to apply reflection to their own teaching the results of the author s research demonstrate that reflection on practice occurs in three distinct periods before anticipatory during contemporaneous and after retrospective a pedagogical experience the book concludes that when student teachers own learning situations both within their university coursework and their school experiences become the focus for their learning about teaching and learning their understanding of and practice in teaching is enhanced

Developing Reflective Practice

2002-11-01

the student nurse guide believes in inspiring future nurses through a different approach in training we believe doing a degree in nursing doesn t have to be unnecessarily hard stressful exhausting or financially ruin you we believe anyone can be a nurse no matter what challenges you have to overcome reflective practice is one of the very first things you will learn about when you start uni it is incredibly boring at first it seems a very daunting complex process with theories and models and something you have to get right if you want to qualify no pressure you also may have to write one of your first assignments about reflection and include something from practice to reflect on just deciding what to reflect on can seem to take forever let alone writing the actual reflective account why writing reflective accounts are important it helps you to remember key learning experiences you have recorded examples to draw on when writing assignments it helps develop your self awareness showcases your development journey achievements builds your critical analysis problem solving skills helps you to develop your reflection in action vs reflection on action it s part of the nmc code to be a reflective practitioner through continuous reflection if you haven t already started keeping a reflective journal you will need to soon most universities recommend students start one at the beginning of their degree to help them develop their reflection skills and as a way of keeping all their reflective accounts in one place the student nurse guide reflective journal was designed specifically for nursing students it includes an example of a student nurses reflective account to draw from if you get stuck each page includes space to record the date location key learning point to help you quickly recall find the subject read around to help develop your knowledge of key nursing skills as a result of your reflection a reflective writing outline is also included on every reflective account page to help guide your writing and keep you on track featuring a modern contemporary design in a5 size it is easy to keep at hand ready to record any learning opportunity as it happens with approx 180 lined pages the one thing to remember when reflecting is there is no right or wrong way of doing it the aim is not be perfect but to just record an event or experience which you feel contributed to your learning in some way remember this can be both positive and negative you don t have to be too critical of yourself once you have at least described what happened you can always come back and reflect on it at a later time always be honest with yourself when reflecting even if it makes you feel uncomfortable at times writing reflective accounts is a skill you will develop the more you practice it once you have learnt about the different theories and modules on reflection you will find a style you prefer and apply it to guide your own reflective account writing

Reflective Journal

2020-07-13
