Dialogues of Love

2009-05-09

first published in rome in 1535 leone ebreo s dialogues of love is one of the most important texts of the european renaissance well known in the italian academies of the sixteenth century its popularity quickly spread throughout europe with numerous reprintings and translations into french latin spanish and hebrew it attracted a diverse audience that included noblemen courtesans artists poets intellectuals and philosophers more than just a bestseller the work exerted a deep influence over the centuries on figures as diverse as giordano bruno john donne miguelde cervantes and baruch spinoza leone s dialogues consists of three conversations on love and desire on the universality of love and onthe origin of love that take place over a period of three subsequent days they are organized in a dialogic format much like a theatrical representation of a conversation between a man philo who plays the role of the lover andteacher and a woman sophia the beloved and pupil the discussion covers a wide range of topics that have as their common denominator the idea of love through the dialogue the author explores many different points of view and complex philosophical ideas grounded in a distinctly jewish tradition and drawing on neoplatonic philosophical structures and arabic sources the work offers a useful compendium of classical and contemporary thought yet was not incompatible with christian doctrine despite the unfinished state and somewhat controversial enigmatic nature of ebreo s famous text it remains one of the most significant and influential works in the history of western thought this new expertly translated and annotated english edition takes into account the latest scholarship and provides aninvaluable resource for today s readers

life as a bird can be stressful from worrying about airplanes windows and getting enough worms to eat it is clear that birds can be anxious beings through a light touch quizzical depiction of bird behaviour all birds have anxiety uses colourful images and astute explanations to explore with gentle humour what it means to live with anxiety day to day and how to begin to deal with it following the style of the best selling all cats have asperger syndrome and all dogs have adhd wonderful colour photographs express the complex and difficult ideas related to anxiety disorder in an easy to understand way this simple yet profound book validates the deeper everyday experiences of anxiety provides an empathic understanding of the many symptoms associated with anxiety and offers compassionate suggestions for change the combination of understanding and gentle humour make this the ideal introduction to anxiety disorder for those diagnosed with this condition their family and friends and those generally interested in understanding anxiety

The Donkey and the Boat

2023-03-16

increasing numbers of parents grapple with children who are acting out without obvious reason revved up and irritable many of these children are diagnosed with adhd bipolar illness autism or other disorders but don't respond well to treatment they are then medicated often with poor results and unwanted side effects based on emerging scientific research and extensive clinical experience integrative child psychiatrist dr victoria dunckley has pioneered a four week program to treat the frequent underlying cause electronic screen syndrome ess dr dunckley has found that everyday use of interactive screen devices such as computers video games smartphones and tablets can easily overstimulate a child's nervous system triggering a variety of stubborn symptoms in contrast she's discovered that a strict extended electronic fast single handedly improves mood focus sleep and behavior regardless of the child's diagnosis it also reduces the need for medication and renders other treatments more effective offered now in this book this simple intervention can produce a life changing shift in brain function and help your child get back on track all without cost or medication

while no one in today's connected world can completely shun electronic stimuli Dr. Dunckley provides hope for parents who feel that their child has been misdiagnosed or inappropriately medicated by presenting an alternative explanation for their child's difficulties and a concrete plan for treating them
