shorter than weiten s big book by almost 200 pages psychology themes and variations briefer version seventh edition offers a superb thematic organization together with practical applications and examples that help students see beyond research to big picture concepts often described as a challenging book that is easy to learn from psychology themes and variations surveys psychology s broad range of content with three aims to illuminate the process of research and its intrinsic relationship to application themes to show both the unity and diversity of the subject variations and to invite students to the study of psychology by respecting their ability to master its fundamental concepts weiten s themes and variations provide unifying threads across chapters that help students to see the connections among different research areas in psychology integrative themes including empiricism theoretical diversity socio historical contexts multi factorial causation cultural heritage heredity and environment and subjectivity of experience are woven throughout the text to provide connections among the different areas of research in psychology the book s dynamic teaching oriented illustration program further enhances these themes weiten reinforces concepts through exercises that appear at the end of every chapter at the same time the author presents topics in a hierarchical manner giving students handles they can use to prioritize concepts within the chapter important notice media content referenced within the product description or the product text may not be available in the ebook version

Psychology 2011

in this briefer version as in the longer text wayne weiten shows the unity and diversity of psychology s subject matter illuminates the process of research and its intimate link to application and gives students a presentation that makes it easy to learn without sacrificing

conceptually challenging material the briefer version is created expressly for those professors who are drawn to weiten's fresh original approach to the subject matter and his impeccable scholarship but find the longer text a bit too much for their students to master in one term this fifth edition of the briefer version is visually stunning scientifically sound and fun to read making learning easy without lowering the level of scholarship weiten presents introductory psychology in a way that will be meaningful to students long after they have completed the course
