*Annual Report of the Governor of the Panama Canal* 1931 there were mustangs and then there were mustangs ford wanted its new little pony car to appeal to the masses and in executing that plan the mustang could be had in anything from a plain jane version with an economical 6 cylinder engine often referred to as a secretary s car all the way up to the sporty gt models with optional 271 hp v 8s unfortunately although road going mustangs were considered sporty they were not officially sports cars at least according to the sports car club of america scca and lee iacocca knew that on track

performance led to showroom performance so he needed to go racing enter carroll shelby shelby worked with the scca to modify the mustang to meet the scca s requirements and enter the racing arena the result was the now legendary shelby mustang this volume of cartech s in detail series covers the 1968 shelby gt350 gt500 and gt500kr in 1968 ford sought to take over much of the process of producing shelby mustangs and increased that production dramatically to meet anticipated sales demand so it was a bit of a transition year in an effort to appeal to muscle car fans rather than race fans the cars were losing their edgy race car feel and were becoming more high end performance road cars with a long list of performance and comfort options including 428 cobra jet engines automatic transmissions and air conditioning they may have no longer been sports cars but they were now fantastic muscle cars as in all in detail series books you get an introduction and historical overview an explanation of the design and concepts involved in creating the car a look at marketing and promotion and an in depth study of all hardware and available options as well as an examination of where the car is on the market today also included is an appendix of paint and option codes vin and build tag decoders as well as production numbers
