if a picture is worth a thousand words then it s a good bet that at least half of those words relate to the picture s copyright status art historians artists and anyone who wants to use the images of others will find themselves awash in byzantine legal terms constantly evolving copyright law varying interpretations by museums and estates and despair over the complexity of the whole situation here on a white not a high horse susan bielstein offers her decades of experience as an editor working with illustrated books in doing so she unsnarls the threads of permissions that have ensnared scholars critics and artists for years organized as a series of takes that range from short sidebars to extended discussions permissions a survival guide explores intellectual property law as it pertains to visual imagery how can you determine whether an artwork is copyrighted how do you procure a high quality reproduction of an image what does fair use really mean is it ever legitimate to use the work of an artist without permission bielstein discusses the many uncertainties that plague writers who work with images in this highly visual age and she does so based on her years navigating precisely these issues as an editor who has hired a photographer to shoot an incredibly obscure work in the italian mountains a plan that backfired hilariously who has tried to reason with artists estates in languages she doesn t speak and who has spent her time in the archival trenches she offers a snappy and humane guide to this difficult terrain filled with anecdotes asides and real courage permissions a survival guide is a unique handbook that anyone working in the visual arts will find invaluable if not indispensable

first published in 1992 to wide critical acclaim pictures from home is larry sultan's pendant to his parents sultan returned home to southern california periodically in the 1980s and the decade long sequence moves between registers combining contemporary photographs with film stills from home movies fragments of conversation sultan's own writings and other memorabilia the result is a narrative collage in which the boundary between the documentary and the staged becomes increasingly ambiguous simultaneously the distance usually maintained between the photographer and his subjects also slips in an exchange of dialogue and emotion that is unique to this work significantly increasing the page count of the original book this mack design of pictures from home clarifies the multiplicity of voices both textual and pictorial in order to afford a fresh perspective of this seminal body of work provided by the publisher
