historians but also one of the most valuable contributors to historical theory spectator in formulating an answer to the question of what is history carr argues that the facts of history are simply those which historians have chosen to focus on all historical facts come to us as a result of interpretive choices by historians influenced by the standards of their age now for the first time in penguin modern classics with an introduction by richard j evans author of the third reich trilogy

## **The Oxford Illustrated History of the Book 2020-07-31**

in 14 original essays the oxford illustrated history of the book reveals the history of books in all their various forms from the ancient world to the digital present leading international scholars offer an original and richly illustrated narrative that is global in scope the history of the book is the history of millions of written printed and illustrated texts their manufacture distribution and reception here are different types of production from clay tablets to scrolls from inscribed codices to printed books pamphlets magazines and newspapers from written parchment to digital texts the history of the book

hannah green and her unfeasibly mundane existence

book is a history of different methods of circulation and dissemination all dependent on innovations in transport from coastal and transoceanic shipping to roads trains planes and the internet it is a history of different modes of reading and reception from learned debate and individual study to public instruction and entertainment it is a history of manufacture craftsmanship dissemination reading and debate yet the history of books is not simply a question of material form nor indeed of the history of reading and reception the larger question is of the effect of textual production distribution and reception of how books themselves made history to this end each chapter of this volume succinctly bounded by period and geography offers incisive and stimulating insights into the relationship between books and the story of their times

## **The Cambridge History of the Book in Britain 1999-12-09**

this volume of the cambridge history of the book in britain presents an overview of the century and a half between the death of chaucer in 1400 and the incorporation of the stationers company in 1557 the profound changes during that time in social political and religious conditions are reflected in the dissemination and reception of the written word the manuscript culture of chaucer s day was replaced by an ambience in which printed books would become the norm the emphasis in this collection of essays is on the demand and use of books patterns of ownership are identified as well as patterns of where why and how books were written printed bound acquired read and passed from hand to hand the book trade receives special attention with emphasis on the large part played by imports and on links with printers in other countries which were decisive for the development of printing and publishing in britain

## ***The Cambridge Companion to the History of the Book 2015***

in a provocative analysis of european and american historical thinking and practice since the early 18th century a history of history confronts several basic assumptions about the nature of history among these are the concept of historical realism the belief in representationalism and the idea that the past possesses its own narrative what is offered in this book is a far reaching and fundamental rethinking of realist and representationalist history of a particular kind by addressing and explaining the ideas of major philosophers of history over the past three hundred years and those of the key theorists of today in pursuing this radical analysis the understanding of history as a narrative is evaluated along with contemporary notions such as the continuing presence of the past and the idea of its lessons written by one of the leading thinkers on the subject a history of history provides an accessible and radical history of history while offering new insights into the pressing questions of the nature purpose and function of history this book is an essential text for all students teachers and consumers of history

## The Historians' History of the World 1908

an uplifting message of hope for the future  
and pride in your history inspired by a mother's  
experience of being the only black child in  
her classroom who do you see when you look in  
the mirror emphasizing the strength creativity  
and courage passed down through generations a  
history of me offers a joyful new perspective  
on how we look at history and an uplifting  
message for the future being the only brown  
girl in a classroom full of white students can  
be hard when the teacher talks about slavery  
and civil rights she can feel all the other  
students eyes on her in those moments she  
wants to seep into the ground wondering is  
that all you see when you look at me having  
gone through the same experiences the girl's  
mother offers a different empowering point of  
view she is a reflection of the powerful women

global study of the production dissemination and reception of written and printed texts across all societies and in all ages students teachers researchers and general readers will benefit from the book s investigation of the subject s origins scope and future direction based on original research and a wide range of sources what is the history of the book shows how book history crosses disciplinary boundaries and intersects with literary historical media library conservation and communications studies raven uses examples from around the world to explore different traditions in bibliography palaeography and manuscript studies he analyses book history s growing global ambition and demonstrates how the study of reading practices opens up new horizons in social history and the history of knowledge he shows how book history is contributing to debates about intellectual and popular culture colonialism and the communication of ideas the first global accessible introduction to the field of book history from ancient to modern times what is the history of the book is essential reading for all those interested in one of society s most important cultural artefacts

# **A General History of the World 1912**

this book takes a dramatically original approach to the history of humanity using objects which previous civilisations have left behind them often accidentally as prisms through which we can explore past worlds and the lives of the men and women who lived in them the book's range is enormous it begins with one of the earliest surviving objects made by human hands a chopping tool from the olduvai gorge in africa and ends with an object from the 21st century which represents the world we live in today neil macgregor's aim is not simply to describe these remarkable things but to show us their significance how a stone pillar tells us about a great indian emperor preaching tolerance to his people how spanish pieces of eight tell us about the beginning of a global currency or how an early victorian tea set tells us about the impact of empire each chapter immerses the reader in a past civilisation accompanied by an exceptionally well informed guide seen through this lens history is a kaleidoscope shifting interconnected constantly surprising and shaping our world today in ways that most of us have never imagined an intellectual and visual feast it is one of the most increasingly

## History of Shit 2002-02-22

the people's action party pap of singapore is among the longest ruling democratically elected political parties in the world in power continuously since singapore gained self rule in 1959 such longevity is the product of an institution that is itself dynamic and responsive but remarkably the story of the party as institution has not received the sustained study it deserves from either historians or political scientists this narrative history of the pap follows the story through decisions made by party leaders as they sought to respond to the changing demands and expectations of the singapore electorate over a thirty year period that saw singapore enter the ranks of developed nations the focus is on change in four dimensions in the communications methods and styles the party adopted the mechanisms it developed for managing institutional change the sometimes vexed question of party renewal and the evolution of economic and social policy drawing on internal party documents and multiple interviews with key leaders over the course of a decade this book provides a detailed portrait of a robust political institution and establishes a distinctive new

## **A History of the World in 100 Objects 2011-10-06**

a literary history of our most influential book of all time by an oxford scholar and anglican priest in our culture the bible is monolithic it is a collection of books that has been unchanged and unchallenged since the earliest days of the christian church the idea of the bible as holy scripture a non negotiable authority straight from god has prevailed in western society for some time and while it provides a firm foundation for centuries of christian teaching it denies the depth variety and richness of this fascinating text in a history of the bible john barton argues that the bible is not a prescription to a complete fixed religious system but rather a product of a long and intriguing process which has inspired judaism and christianity but still does not describe the whole of either religion barton shows how the bible is indeed an important source of religious insight for jews and christians alike yet argues that it must be read in its historical context from its beginnings in myth and folklore to its

many interpretations throughout the centuries  
hannah green and her unfeasibly mundane existence

2023-01-26

18/37

it is a book full of narratives laws proverbs prophecies poems and letters each with their own character and origin stories barton explains how and by whom these disparate pieces were written how they were canonized and which ones weren't and how they were assembled disseminated and interpreted around the world and importantly to what effect ultimately a history of the bible argues that a thorough understanding of the history and context of its writing encourages religious communities to move away from the bible's literal wording which is impossible to determine and focus instead on the broader meanings of scripture

## ***A History of the People's Action Party, 1985-2021 2022-02-04***

this new work by gerald murnane is a fictionalised autobiography told in thirty sections each of which begins with the memory of a book that has left an image on the writer's mind the titles aren't given but the reader follows the clues recalling in the process a parade of authors the great the popular and the now forgotten the images themselves with their scenes of marital discord violence and madness or their illuminated landscapes that

2023-01-26 19/37 unfeasibly mundane existence

point to the consolations of a world beyond fiction give new intensity to murnane's habitual concern with the anxieties and aspirations of the writing life in the absence of religious belief a history of books is accompanied by three shorter pieces of fiction which play on these themes featuring the writer at different ages as a young boy a teacher and an old recluse

## **A History of the Internet and the Digital Future 2010-09-15**

in 1939 a young vilém flusser faced the nazi invasion of his hometown of prague he escaped with his wife to brazil taking with him only two books a small jewish prayer book and goethe s faust twenty six years later in 1965 flusser would publish the history of the devil and it is the essence of those two books that haunts his own from that time his life as a philosopher was born while flusser would later gain a reputation in europe and elsewhere as a green and later unfeasibly mundane existence

thinker of media culture the history of the devil is considered by many to be his first significant work containing nascent forms of the main themes that would come to preoccupy him over the following decades in the history of the devil flusser frames the human situation from a pseudo religious point of view the phenomenal world or reality in a general sense is identified as the devil and that which transcends phenomena or the philosophers and theologians reality is identified as god referencing wittgenstein's tractatus logico philosophicus in its structure flusser provocatively leads the reader through an existential exploration of nothingness as the bedrock of reality where phenomenon and transcendence devil and god become fused and confused so radically confused in fact that flusser suggests we abandon the quotation marks from the terms devil and god at this moment of abysmal confusion we must make the existential decisions that give direction to our lives

## The Origin and Goal of History **1959**

using their thematic and regional expertise four prominent authors have produced an authoritative yet accessible account of the
