**X-kit FET Grade 12 ACCOUNTING**

2008

after the second world war progressives and traditionalists waged a quieter battle over schools in between education and catastrophe george buri connects the educational debates of the 1950s to the broader canadian postwar political conversation about the social welfare state and keynesian versus laissez faire models of liberalism working skilfully with primary sources contemporary publications and a rich array of secondary sources buri examines debates over curricula the purpose of high school teacher training rural schools and standardized testing in manitoba the progressives who advocated for a new liberalism characterized by government intervention and the social welfare state sought to create a system of public schooling that would both equip students to succeed and enlarge their political vision by encouraging compromise and democratic decision making they promoted more practical subjects child centred classrooms and the use of psychological expertise to promote life adjustment meanwhile self styled traditionalists such as hilda neatby thought progressive education undermined the individual competition and achievement at the root of a laissez faire economy calling for a return to the basics an elimination of frill subjects and a more academic focus for the public education system a frank consideration of conflict power and influence within school systems between education and catastrophe brings to light compelling social cultural and philosophical themes within the history of education in manitoba
