the author will try to explain and encourage those that are seeking to marry that marriage is a holy estate instituted by god marriage was ordained for the life long companionship help and comfort which husbands and wives ought to have for each other the authors deepest focus points are life long marriage and finding the right mate many married couples do not keep the marriage vows they made because of that i recommend marital counseling before marriage the author does not focus too much on divorce because of his disbelief in divorce it was moose that executed the bill of divorce he did it to protect the women because husbands would divorce their wives for anything just to marry another woman women have a moral personality and are not a thing that men may hand over to another and then take her back again at his pleasure the author believes there is not law instituting or commanding divorce most people use matthew 19 9 where jesus was only explaining what moose meant the marriage that god wants is a marriage of a life long commitment a forever happy home
