The Revolution that Failed

2020-03-05

a theoretical analysis and historical investigation of the cold war nuclear arms race that challenges the nuclear revolution

The Revolution

2008-04-30

this much is true you have been lied to the government is expanding taxes are increasing more senseless wars are being planned inflation is ballooning our basic freedoms are disappearing the founding fathers didn't want any of this in fact they said so quite clearly in the constitution of the united states of america unfortunately that beautiful ingenious and revolutionary document is being ignored more and more in washington if we are to enjoy peace freedom and prosperity once again we absolutely must return to the principles upon which america was founded but finally there is hope in the revolution texas congressman and presidential candidate ron paul has exposed the core truths behind everything threatening america from the real reasons behind the collapse of the dollar and the looming financial crisis to terrorism and the loss of our precious civil liberties in this book ron paul provides answers to questions that few even dare to ask despite a media blackout this septuagenarian physician turned congressman sparked a movement that has attracted a legion of young dedicated enthusiastic supporters a phenomenon that has amazed veteran political observers and made more than one political rival envious candidates across america are already running as ron paul republicans dr paul cured my apathy says a popular campaign sign the revolution may cure yours as well

Writing the Revolution

2022-11-15

a close reading of wikipedia's article on the egyptian revolution reveals the complexity inherent in establishing the facts of events as they occur and are relayed to audiences near and far wikipedia bills itself as an encyclopedia built on neutrality authority and crowd-sourced consensus platforms like google and digital assistants like siri distribute wikipedia's facts widely further burnishing its veneer of impartiality but as heather ford demonstrates in writing the revolution the facts that appear on wikipedia are often the result of protracted power struggles over how data are created and used how history is written and by whom and the very definition of facts in a digital age in writing the revolution ford looks critically at how the wikipedia article about the 2011 egyptian revolution evolved over the course of a decade both shaping and being shaped by the revolution as it happened when data are published in real time they are subject to an intense battle over their meaning across multiple fronts ford answers key

questions about how wikipedia s so called consensus is arrived at who has the power to write dominant histories and which knowledges are actively rejected how these battles play out across the chains of circulation in which data travel and whether history is now written by algorithms

Welcome to the Revolution

2008

tome pens a bold honest humorous guide to joining the ever advancing kingdom of god the work is a guide to the basics to the practical and to the profound

Revolution and the Revolutionary Ideal

1976

the noblest ideals and aspirations of the peoples of the united states of america its commitment to freedom constitutionality and equality came out of the revolutionary era the story is a dramatic one thirteen insignificant colonies of his britannic majesty king george iii three thousand miles from the centres of western civilization fought off british rule to become in fewer than three decades a huge sprawling rambunctious republic of nearly four million citizens it is also a complicated and at times ironic story that needs to be explained and understood not blindly celebrated or condemned how did this great revolution come about what was its character what were its consequences these are the questions this short history seeks to answer that it succeeds in such a profound and enthralling way is a tribute to gordon wood s mastery of his subject and of the historian s craft

The American Revolution

2003

a major intellectual history of the american revolution and its influence on later revolutions in europe and the americas the expanding blaze is a sweeping history of how the american revolution inspired revolutions throughout europe and the atlantic world in the eighteenth and nineteenth centuries jonathan israel one of the world s leading historians of the enlightenment shows how the radical ideas of american founders such as paine jefferson franklin madison and monroe set the pattern for democratic revolutions movements and constitutions in france britain ireland the netherlands belgium poland greece canada haiti brazil and spanish america the expanding blaze reminds us that the american revolution was an astonishingly radical event and that it didn t end with the transformation and independence of america rather the revolution continued to reverberate in europe and the americas for the next three quarters of a century this comprehensive history of the revolution s international influence traces how american efforts to implement radical enlightenment ideas including the destruction of the old regime and the promotion of democratic republicanism self government and liberty helped drive revolutions abroad as foreign leaders explicitly followed the american example and espoused american democratic values the first major new intellectual history of the age of democratic revolution in decades the expanding blaze returns the

american revolution to its global context

The Expanding Blaze

2019-11-26

using original difficult to gather survey data zeira advances a new theory of participation in anti regime protest that focuses on the mobilizing role of state institutions

The Revolution

1987

a panoramic new history of the revolutionary decades between 1760 and 1825 from north america and europe to haiti and spanish america showing how progress and reaction went hand in hand the revolutions that raged across europe and the americas over seven decades from 1760 to 1825 created the modern world revolutionaries shattered empires toppled social hierarchies and birthed a world of republics but old injustices lingered on and the powerful engines of revolutionary change created new and insidious forms of inequality in the age of revolutions historian nathan perl rosenthal offers the first narrative history of this entire era through a kaleidoscope of lives both familiar and unknown from john adams toussaint louverture and napoleon to an ambitious french naturalist and a seditious peruvian nun he retells the revolutionary epic as a generational story the first revolutionary generation fired by radical ideas struggled to slip the hierarchical bonds of the old order their failures molded a second generation more adept at mass organizing but with an illiberal tint the sweeping political transformations they accomplished after 1800 etched social and racial inequalities into the foundations of modern democracy a breathtaking history spanning three continents the age of revolutions uncovers how the period s grand political transformations emerged across oceans and slowly and unevenly over generations

The Revolution Within

2019-10-24

an account of growing up during china s great cultural revolution

The Age of Revolutions

2024-02-20

the electrifying story of the turbulent year when the sixties ended and america teetered on the edge of revolution named one of the best books of the year by the st louis post dispatch as the 1960s drew to a close the united states was coming apart at the seams from august 1969 to august 1970 the nation witnessed nine thousand protests and eighty four acts of arson or bombings at schools across the country it was the year of the my lai massacre investigation the cambodia invasion woodstock and the moratorium to end the war the american death toll in vietnam was approaching fifty thousand and the ascendant counterculture was challenging nearly every aspect of american society witness to the revolution clara bingham s unique oral history of that tumultuous time

unveils anew that moment when america careened to the brink of a civil war at home as it fought a long futile war abroad woven together from one hundred original interviews witness to the revolution provides a firsthand narrative of that period of upheaval in the words of those closest to the action the activists organizers radicals and resisters who manned the barricades of what students for a democratic society leader tom hayden called the great refusal we meet bill ayers and bernardine dohrn of the weather underground daniel ellsborg the former defense department employee who released the pentagon papers feminist theorist robin morgan actor and activist jane fonda and many others whose powerful personal stories capture the essence of an era we witness how the killing of four students at kent state turned a straitlaced social worker into a hippie how the civil rights movement gave birth to the women s movement and how opposition to the war in vietnam turned college students into prisoners veterans into peace marchers and intellectuals into bombers with lessons that can be applied to our time witness to the revolution is more than just a record of the death throes of the age of aquarius today when america is once again enmeshed in racial turmoil extended wars overseas and distrust of the government the insights contained in this book are more relevant than ever praise for witness to the revolution especially for younger generations who didn t live through it witness to the revolution is a valuable and entertaining primer on a moment in american history the likes of which we may never see again bryan burrough the wall street journal a rich tapestry of a volatile period in american history time a gripping oral history of the centrifugal social forces tearing america apart at the end of the 60s this is rousing reportage from the front lines of us history o the oprah magazine the familiar voices and the unfamiliar ones are woven together with documents to make this a surprisingly powerful and moving book new york times book review an enthralling and brilliant chronology of the period between august 1969 and september 1970 buffalo news bingham captures the essence of these fourteen months through the words of movement organizers vets students draft resisters journalists musicians government agents writers and others this oral history will enable readers to see that era in a new light and with fresh sympathy for the motivations of those involved while bingham s is one of many retrospective looks at that period it is one of the most immediate and personal booklist

Son of the Revolution

1984-02-12

revolution in the revolution is a brilliant pragmatic assessment of the situation in latin america in the 1960s first published in 1967 it became a controversial handbook for guerrilla warfare and revolution read alongside che s own pamphlets with which it can compete in terms of historical importance and insight to this day lucid and compelling it spares no personage no institution and no concept taking on not only russian and chinese strategies but trotskyism as well the year it was published debray was convicted of guerrilla activities in bolivia and sentenced to thirty years in prison he was released in 1970 following an international campaign which included appeals by jean paul sartre andré malraux charles de gaulle and pope paul vi

Witness to the Revolution

2016-05-31

violent political upheavals have occurred as long as there have been political communities but in europe only since the french revolution have they sought not merely to change the rulers but to transform the entire social and political system one of a j p taylor s themes in this generously illustrated book based on his 1978 television lectures is that revolutions and revolutionaries do not always coincide those who start them often do so unintentionally while revolutionaries tend to be most active in periods of counter revolution in his lively and combative style the author traces the line of development of the revolutionary tradition from 1789 through chartism the social and national upheavals of 1848 the revolutionaries without a revolution of the following sixty years marx engels bakunin and others to the bolshevik seizure of power in 1917

The Revolution of America. By the Abbé Raynal,

. . .

1781

the book chronicles the american revolution in the most unusual way not a record of the events or the political ramifications of those events but the intellectual response of the revolutionaries has been captured it is not history in the exact sense of the word it is history in the making

The Revolution is for the Children

2014

1989 was one of the great years of revolution in history and it was also the anniversary of many famous revolutions as the world commemorated the two hundredth anniversary of the french revolution startling changes were occurring in an eastern europe whose political map had been drawn in the aftermath of the second world war the revolutionary consequences of which could hardly be imagined at its outbreak fifty years before in 1939 although few of us can have expected to see the revolutionary changes of 1989 in our lifetime it remains to be seen whether history will judge all of the upheavals in eastern europe as revolutions or whether some will be categorized in later centuries as revolts coups failed revolutions or indeed counter revolutions the distinguished contributors to this volume published in the wolfson college lectures series enjoy the advantage of historical perspective regarding past revolutions and counter revolutions their papers present a wide ranging analysis both of the concepts of revolution and counter revolution and of particular upheavals of vastly different character

West of the Revolution: An Uncommon History of 1776

2014-06-16

the prague uprising of 1848 was part of the powerful series of revolutions that shook practically the entire european continent as the middle classes and urban and rural workers pressed against the rule of aristocrats and monarchs czech marxist historian josef polisensky analyzes the general turmoil of revolutionary thought and action in europe and then focuses on the specific case of the prague uprising by using previously untouched sources the records of hundreds of noble houses that came under the control of the czech archival administration after world war ii polisensky is able to show how those of the old social establishment fought the participants in the uprising and temporarily restored the rule of the aristocracy with an excellent sense for the dramatic and a thorough knowledge of place polisensky tells us who fought and died on the streets of prague with the conceptual framework of class conflict and a broad perspective on european events he proposes reasons for the failure of the prague uprising in contrast to other successful revolutions aristocrats and the crowd is the last of polisensky's trilogy of studies on czech society and revolution in the thirty years war and the european crisis of the seventeenth century and napoleon and the heart of europe polisensky explored the effects of other european conflicts on czech society aristocrats and the crowd describes in his words the revolutionary springtime which eventually arrived full of twists in bohemia itself frederick snider is assistant professor of history at the ohio state university josef polisensky is director of the center for ibero american studies at charles university prague

Revolution

1985

professor c e black of princeton university called this a valuable contribution to our understanding of the revolutionary movements that are now a worldwide phenomenon it includes thoughtful essays on many varieties of revolution considered in the light both of past developments and future prospects the twentieth century was an age of revolution over many areas of the world the two great ideologies of nationalism and communism spawned violent upheavals often differing in form but aiming at the transformation of the existing order by means of coups d'etat revolutions and wars of national liberation eleven distinguished political scientists and policy theorists offer a penetrating analysis of the theoretical and substantive aspects of revolution their scholarly lucid and well balanced essays explore the revolutionary theories and experience of several centuries and apply them to the most crucial problem of this century carl j friedrich argues that it is the failure of government which is at the core of the political revolution and shows that constitutional regimes that have allowed little revolutions promoting gradual political and social change have been singularly free of revolutionary upheaval presenting the thinking of some of the best minds of the 20th century this volume offers important guideposts for the future study of the etiology of revolutions here are not mere speculative and historical distillations but new insights and conclusions regarding the origin purpose and impact of revolution on the world of today and tomorrow an indispensable work for every student and scholar of comparative politics international relations and the history and theory of communism it will also be welcomed by the statesman and the educated layman who want to probe the causes of the historical upheavals of our time

The Revolution Before the Revolution

2016

a handful of celebrated photographs show armed female cuban insurgents alongside their companeros in cuba's remote mountains during the revolutionary struggle however the story of women's part in the struggle's success has only now received comprehensive consideration in michelle chase's history of women and gender politics in revolutionary cuba restoring to history women's participation in the all important urban insurrection and resisting fidel castro's triumphant claim that women's emancipation was handed to them as a revolution within the revolution chase's work demonstrates that women's activism and leadership was critical at every stage of the revolutionary process tracing changes in political attitudes alongside evolving gender ideologies in the years leading up to the revolution chase describes how insurrectionists mobilized familiar gendered notions such as masculine honor and maternal sacrifice in ways that strengthened the coalition against fulgencio batista but after 1959 the mobilization of women and the societal transformations that brought more women and young people into the political process opened the revolutionary platform to increasingly urgent demands for women's rights in many cases chase shows the revolutionary government was simply formalizing popular initiatives already in motion on the ground thanks to women with a more radical vision of their rights

Revolution and Counter-revolution

1991

in the revolution has come robyn c spencer traces the black panther party's organizational evolution in oakland california where hundreds of young people came to political awareness and journeyed to adulthood as members challenging the belief that the panthers were a projection of the leadership spencer draws on interviews with rank and file members fbi files and archival materials to examine the impact the organization's internal politics and cointelpro's political repression had on its evolution and dissolution she shows how the panthers members interpreted implemented and influenced party ideology and programs initiated dialogues about gender politics highlighted ambiguities in the panthers armed stance and criticized organizational priorities spencer also centers gender politics and the experiences of women and their contributions to the panthers and the black power movement as a whole providing a panoramic view of the party's organization over its sixteen year history the revolution has come shows how the black panthers embodied black power through the party's international activism interracial alliances commitment to address state violence and desire to foster self determination in oakland's black communities

Aristocrats and the Crowd in the Revolutionary Year 1848

2015-07-29

from 1776 when citizen tom paine declared the birthday of a new world is at hand america was unique in world history a nation suffused with the spirit of explorers constantly replenished by immigrants and informed by a continual influx of foreign ideas it was the world s first truly cosmopolitan civilization in beyond the revolution pulitzer prize winning historian william h goetzmann tells the story of america s greatest thinkers and creators from paine and jefferson to melville and william james showing how they built upon and battled one another s ideas in the critical years between 1776 and 1900 an unprecedented work of intellectual history by a master historian this book will be essential reading for anyone interested in the origins of our national culture

situating the french revolution in the context of early modern globalization for the first time this book offers a new approach to understanding its international origins and worldwide effects a distinguished group of contributors shows that the political culture of the revolution emerged out of a long history of global commerce imperial competition and the movement of people and ideas in places as far flung as india egypt guiana and the caribbean this international approach helps to explain how the revolution fused immense idealism with territorial ambition and combined the drive for human rights with various forms of exclusion the essays examine topics including the role of smuggling and free trade in the origins of the french revolution the entwined nature of feminism and abolitionism and the influence of the french revolutionary wars on the shape of american empire the french

revolution in global perspective illuminates the dense connections among the cultural social and economic aspects of the french revolution revealing how new political forms at once democratic and imperial anticolonial and centralizing were generated in and through continual transnational exchanges and dialogues contributors rafe blaufarb florida state university ian coller la trobe university denise davidson georgia state university suzanne desan university of wisconsin madison lynn hunt university of california los angeles andrew jainchill queen s university michael kwass the johns hopkins university william max nelson university of toronto pierre serna université paris i panthéon sorbonne miranda spieler university of arizona charles walton yale university

On Our Way Home from the Revolution

2019

university press returns with another short and captivating book a brief history of the american revolution the american revolution is the most significant event in american history as without it there would not be the united states of america yet there is perhaps no event in american history that has been more romanticized mythologized or bastardized the american revolution has been interpreted by scholars politicians and internet agitators of all political stripes in ways to justify or vilify everything from the nation s monetary policy to gun control to foreign diplomacy in order to fully appreciate the revolution one must understand what transpired before during and after the first and last shots were fired this short book provides an abbreviated account of the dazzling and devastating causes events and effects of the american revolution a version that you can read in about an hour

Revolution within the Revolution

2015-11-30

from an award winning scholar comes this definitive single volume history that illuminates the tensions and transformations of the russian revolution in the russian revolution acclaimed historian sean mcmeekin traces the events which ended romanov rule ushered the bolsheviks into power and introduced communism to the world between 1917 and 1922 russia underwent a complete and irreversible transformation taking advantage of the collapse of the tsarist regime in the middle of world war i the bolsheviks staged a hostile takeover of the russian imperial army promoting mutinies and mass desertions of men in order to fulfill lenin s program of turning the imperialist war into civil war by the time the bolsheviks had snuffed out the last resistance five years later over 20 million people had died and the russian economy had collapsed so completely that communism had to be temporarily abandoned still bolshevik rule was secure owing to the new regime s monopoly on force enabled by illicit arms deals signed with capitalist neighbors such as germany and sweden who sought to benefit politically and economically from the revolutionary chaos in russia drawing on scores of previously untapped files from russian archives and a range of other repositories in europe turkey and the united states mcmeekin delivers exciting groundbreaking research about this turbulent era the first comprehensive history of these momentous events in two decades the russian revolution combines cutting edge scholarship and a fast paced narrative to shed new light on one of the most significant turning points of the twentieth

century

The Revolution Has Come

2016-11-04

engineering the revolution documents the forging of a new relationship between technology and politics in revolutionary france and the inauguration of a distinctively modern form of the technological life here ken alder rewrites the history of the eighteenth century as the total history of one particular artifact the gun by offering a novel and historical account of how material artifacts emerge as the outcome of political struggle by expanding the political to include conflict over material objects this volume rethinks the nature of engineering rationality the origins of mass production the rise of meritocracy and our interpretation of the enlightenment and the french revolution

Beyond the Revolution

2009-02-24

the french revolution a history in documents explores the rapidly evolving political culture of the french revolution through first hand accounts of the revolutionary and counterrevolutionary actors themselves it demonstrates how radical enlightenment philosophy fused with a governmental crisis to create a moment of new political possibilities unlike any the world had previously seen in so doing the french and their allies generated a template for revolutionary possibility from which virtually all subsequent political movements liberalism abolitionism socialism anarchism conservatism feminism and human rights included derived inspiration as well as providing an invaluable general introduction vital contextual notes and thematic bibliographies micah alpaugh selects a fascinating range of pieces drawing on parisian provincial colonial and even international voices from enlightened dissent to apologias for terror from declarations of human rights to accounts of slave rebellions from passionate arguments for democratization to the authoritarian pronouncements of napoleonic rule this book presents the french revolution s evolution in all its awesome complexity in addition to classic texts alpaugh includes many lesser known sources a number of which are translated into english here for the first time this unique collection of 13 visual sources and over 90 documents incorporating perspectives from across class gender race and nationality provides you with insights into the fervent debates pronouncements and proposals that spawned modern politics
