New Directions

2005-01-17

new directions is a thematic reading writing book aimed at the most advanced learners it prepares students for the rigors of college level writing by having them read long challenging authentic readings from a variety of genres and by having them apply critical thinking skills as a precursor to writing this emphasis on multiple longer readings gives new directions its distinctive character

NEW DIRECTIONS IN ENGLISH LANGUAGE TEACHING : ISSUES, PRACTICES, CHALLENGES

2018-09-03

new directions in english language teaching issues practices challenges attempts to create a comprehensive vision of critical and culturally relevant english teaching methodologies at the cusp of the 21st century the present book is multi voiced it includes perspectives from classroom teachers teacher educators and researchers in language and literacy positioned to respond to recent changes in national conversations about literacy learning and assessment these vividly situated authors also recognise the rapidly changing demographics in colleges the changing nature of teaching english in the digital age and increasing demands for teaching pedagogies this book is critically placed at the juncture of numerous directions in novel techniques at all times education is a political act and colleges are embedded with a socio culture reality that benefits some at the expense of others therefore the approach advocated through many of the chapters is one of critical literacy where english students gain reading and writing skills and proficiency with digital technologies that allow them to become more able discerning and empowered consumers and producers of texts

New Directions in Mobile Media and Performance

2021-11-29

new directions in mobile media and performance explores various performative projects and forms of expression that have emerged since the onset of the smartphone it focuses mainly on new concepts and developments that have emerged in mobile media performance it showcases the intimate and phenomenological mobile aesthetic that has been unfolding within networked performance and media art projects for over a decade and a half this aesthetic utilises the potential and affordances with each iteration and update of modern smartphones themes of embodiment presence liveness and connection through mobile networked and remote technology are revisited in the context of hd mobile cameras selfies and live video streaming from the phone as well as the impact of peer production opensource and maker culture on mobile media performance practices it explores the surge in development of wearable devices in performance as well as how the quantified self movement has affected performance works it deals with concepts and developments in intermedial performance that incorporate mobile and wearable devices especially from the artist s designer s or dramaturge s perspective as the creator and their creative process working with technology as a collaborator not just a tool or guide the book demonstrates how artists have repurposed the device transforming it from merely a communication device using voice and text only to become a new collaborative medium a full visual synaesthetic interactive and performative tool of deeper expression and social change it discusses seminal works and the evolution of the medium within intermedial digital art and performance practices as medium for artistic expression creative process and staged performances it focuses on projects and artists who have pushed mobile media performance beyond the conventional blackbox emerging visual digital interactive tactile gestural and theatrical or performance projects that incorporate mobile or wearable devices used as vehicles for more challenging experimental experiential and immersive performative artworks are highlighted the book also contextualises baker s own media research and performance practice within the larger landscape with the field it is bookended with interviews with the artists themselves on their creative process and intentions it is the outcome of three years of research of artistic works around the world interviews in person viewings of performances as well as incorporating and reflecting on her own ongoing practice and projects in context

New Directions in Flânerie

2002-09-11

this book distinguishes itself from previous scholarship by offering an inclusive and comprehensive treatment of urban walking from 1800 to the present divided into three sections geography genius and gender the introduction establishes the origins of the flâneur and flâneuse in early foundational texts and explores later works that reimagine flânerie in terms of these same three themes the volume's contributors provide new and global perspectives on urban walking practices through their treatment of a variety of genres literature film journalism autobiography epistolary correspondence photography fashion music digital media and regions europe asia the americas africa the middle east this volume theorizes well known urban characters like the idler loungeur dandy badaud promeneuse shopper collector and detective and also proposes new iterations of the flâneur flâneuse as fashion model gaucho cruiser musician vampire postcolonial activist video game avatar and gamer

New Directions in Music

2013-02-01

directions in the musical avant garde in the past fifty years seem as numerous and diverse as the composers and their works yet these directions have historical motives and aesthetic

values traceable and uniquely observable due to their singularly radical nature this book explores the history philosophy composers and works of the avant garde since the late 1940s emphasizing works departing radically from tradition outstanding features include extensive bibliographies of written works and recordings interviews with important avant garde composers showing readers firsthand the thought behind their works in depth analyses of specific works relevant to each chapter and addresses with websites of publishers of avant garde music

New Directions in Social Education Research

2021-11-05

through rapid developments in commerce transportation and communication people once separated by space language and politics are now interwoven into a complex global system friedman 2005 with the rise of new technology local populations businesses and states are better equipped to participate and act in a thriving international environment rising instability in the middle east is immediately reported to oil and gas brokers in the u s within seconds cable channels ipods social networking sites and cell phones are relaying how protests in egypt and libya give hope to citizens around the world yearning for freedom as events like 9 11 and the 2008 financial crisis have demonstrated there is no retreating from the interconnectedness of the global system as societies strive to empower citizens with the skills understandings and dispositions needed to operate in an interconnected global age teachers are being encouraged to help students use technologies to develop new knowledge and foster cross cultural understandings as pressures mount for society to equip today s youth with both the global and digital understandings necessary to confront the challenges of the 21st century a more thorough analysis must be undertaken to examine the role of technology on student learning peters 2009 this work will highlight the complex contested and contingent ways new technologies are being used by today s youth in a digital and global age this text will present audiences with in demand research that investigates the ways in which student use of technology mediates and complicates their learning about the world its people and global issues

New Directions in Queer Oral History

2017-10-06

in san agustín de tango you can never be sure what's waiting around the corner over the course of a single day the day before today the hero of this novel and his adored wife embark on a journey through the absurd and the surreal encountering a choir of monkeys and a carnivorous ostrich travelling from the studio of an artist obsessed with the colour green to the waistcoat pocket of a pot bellied man all the while the tolling of the bell in the city square pushes their whirlwind adventure towards its fateful conclusion a brilliant and bizarre work from an overlooked great of 20th century chilean literature in english translation for the first time and with a new introduction by alejandro zambra

New Directions in the American Presidency

1995

new directions in american politics introduces students not just to how the american political system works but also to how political science works la raja brings together top scholars to write original essays across the standard curriculum of american government and politics capturing emerging research in the discipline in a way that is accessible for undergraduates each chapter combines substantive knowledge with the kind of skill building and analytical inquiry that is being touted in higher education everywhere contributors to new directions highlight why the questions they seek to answer are critical for understanding american politics and situate them in the broader context of controversies in research the teaching of american politics follows a well worn path textbooks for introductory courses hew to a traditional set of chapters that describe the founding american institutions the ways citizens participate in politics and sometimes public policy the material rarely engages students in the kind of questions that animate scholarship on politics one hurdle for instructors is finding material that reflects quality scholarship and thus teaches students about why not just what and yet is accessible for undergraduates articles in scholarly journals are typically unsuited for undergraduate courses particularly introductory courses what is needed is a book that conveys exciting trends in scholarship across vital topics in american politics and illustrates analytical thinking new directions in american politics is that book and will be an ideal companion to standard textbooks that focus mostly on nuts and bolts of politics the book features contributions from a top notch cast of active scholars and a highly regarded editor a focus on analytical thinking that addresses questions of causality full coverage of the american politics curriculum short interviews with each contributor on a companion website to help the research come alive and prompt critical thinking questions for students work that draws on the highest quality research in political science but is written specifically for first year undergraduate students there is simply no book like this available to the growing number of faculty who want their introductory american politics course to be a reflection of the political science discipline and not just the nuts and bolt facts of the american political system

New Directions in Trade Theory

2021-06-21

the eighteen essays collected in this book originate from a conference of the same title held at the wingspread conference center in october of 1993 leading scholars were invited to reflect on their specialties in american religious history in ways that summarized both where the field is and where it ought to move in the decades to come the essays are organized

according to four general themes places and regions universal themes transformative events and marginal groups and ethnocultural outsiders they address a wide range of specific topics including puritanism protestantism and economic behavior gender and sexuality in american protestantism and the twentieth century de christianization of american public culture among the contributors are such distinguished scholars as david d hall donald g matthews allen c guelzo gordon s wood daniel walker howe robert wuthnow jon butler david a hollinger harry s stout and john higham taken together these essays reveal a rapidly expanding field of study that is breaking out of its traditional confines and spilling into all of american history the book takes the measure of the changes of the last quarter century and charts numerous challenges to future work
