Stop Acting Like an Animal! 2016-08-22 the purpose of the book is to examine the theological claims of ethics faith and belief from a philosophical perspective the abrahamic and mosaic covenants of the old testament jesus of the synoptic gospels and paul s writings serve as the frame of reference in examining a biblical expression of reason and structured logic the message of jesus centered on the kingdom of god defined the meaning of faith and belief established a new ethic and framed the message in logic forms the life and death of jesus brought the realization of god s final covenant as prophesied by the old testament however paul appropriated and developed the jesus of history into the mythological eschatological christ figure the clash of philosophy and theology is evident with theological presuppositions that are based on spiritual insight and divine revelation logic in scripture employs propositions based primarily on revealed proof that is within the context of that which cannot be proven
