Research Anthology on Bilingual and Multilingual Education

2021-10-29

given the boost in global immigration and migration as well as the emphasis on creating inclusive classrooms research is turning to the challenges that teachers face with the increasing need for bilingual and multilingual education the benefits of bilingual education are widespread allowing students to develop important cognitive skills such as critical thinking and problem solving as well as opening further career opportunities later in life however very few resources are available for the successful practice and implementation of this education into the curriculum with an even greater lack of appropriate cultural representation in the classroom thus it is essential for educators to remain knowledgeable on the emerging strategies and procedures available for making bilingual and multilingual education successful the research anthology on bilingual and multilingual education is a comprehensive reference source on bilingual and multilingual education that offers the latest insights on education strategy and considerations on the language learners themselves this research anthology features a diverse collection of authors offering valuable global perspectives on multilingual education covering topics such as gamification learning processes and teaching models this anthology serves as an essential resource for professors teachers pre service teachers faculty of k 12 and higher education government officials policymakers researchers and academicians with an interest in key strategy and understanding of bilingual and multilingual education

Encyclopedia of Language and Education

2017-03-15

in this third fully revised edition the 10 volume encyclopedia of language and education offers the newest developments including an entirely new volume of research and scholarly content essential to the field of language teaching and learning in the age of globalization in the selection of topics and contributors the encyclopedia reflects the depth of disciplinary knowledge breadth of interdisciplinary perspective and diversity of socio geographic experience in the language and education field throughout there is an inclusion of contributions from non english speaking and non western parts of the world providing truly global coverage furthermore the authors have sought to integrate these voices fully into the whole rather than as special cases or international perspectives in separate sections the encyclopedia is a necessary reference set for every university and college library in the world that serves a faculty or school of education as well as being highly relevant to the fields of applied and socio linguistics the publication of this work charts the further deepening and broadening of the field of language and education since the publication of the first edition of the encyclopedia in 1997 and the second edition in 2008

Working with Children Experiencing Speech and Language Disorders in a Bilingual Context

2022-12-20

the complexity of speech and language disorders can be daunting in a monolingual context when working with a bilingual child assessment and intervention may appear to be even more complicated in this book sean pert provides the reader with the tools needed to overcome this perception and develop skills in working in a language that they don't share with the client by adopting a home language first approach the book discusses how to identify diversity from disorder introduce effective approaches in line with the best clinical practice work successfully alongside interpreters make assessments and plan interventions set goals for therapy at the heart of the text is the therapist creating essential partnerships with parents and truly valuing the bilingualism culture and identity of the child this leads to better outcomes not only in speech language and communication but also in self esteem mental health social participation and educational and employment success the book concludes with a handy toolkit of resources including quizzes case studies and printable extras making it the perfect resource for both experienced and newly qualified practitioners with bilingual and multilingual children in their care

Upper Elementary Mathematics Lessons to Explore, Understand, and Respond to Social Injustice

2018-04-03

this book extends the debate on resources in multilingual classrooms in new directions it focusses on the languages other than english that are most commonly spoken by british school children and it looks at ways in which decisions about language typography production and design affect both readability and status

Hairy Situations

1995-01-01

over the last 30 years there has been a substantial increase in the study of the history of translation both well known and lesser known specialists in translation studies have worked tirelessly to give the history of

translation its rightful place clearly progress has been made and the history of translation has become a viable independent research area this book aims at claiming such autonomy for the field with a renewed vigour it seeks to explore issues related to methodology as well as a variety of discourses on history with a view to laying the groundwork for new avenues new models new methods it aspires to challenge existing theoretical and ideological frameworks it looks toward the future of history it is an attempt to address shortcomings that have prevented translation history from reaching its full disciplinary potential from microhistory archaeology periodization to issues of subjectivity and postmodernism methodological lacunae are being filled contributors to this volume go far beyond the text to uncover the role translation has played in many different times and settings such as europe africa latin america the middle east and asia from the 6th century to the 20th these contributions which deal variously with the discourses on methodology and history recast the discipline of translation history in a new light and pave the way to the future of research and teaching in the field

Building Bridges

2006-07-28

the volume covers recent theories and findings on writing and spelling words understanding word production is fundamental to writing research as it allows understanding how words the basic elements of written language are stored in the writers brain and how words and tasks properties affect word retrieval

Charting the Future of Translation History

2019-02-26

over the past three decades studies investigating heritage speaker hs linguistic competencies have shown time and again that despite being l1 or 2l1 native speakers of their home language s hs outcomes display variation across a wide spectrum of differences as compared to each other other types of bilinguals as well as their monolingual peers studies have traditionally used mostly behavioral methodologies rooted in adjacent established fields e g l1 acquisition adult l2 acquisition offering in addition to documenting and describing hs performance important insights for linguistic theory and challenges related to home minority language maintenance contact policy and more a birds eye view makes it clear that the methodologies one uses to tap into hss linguistic knowledge areas if not more are important than the phenomena under investigation especially in light of how their unique experiences with their heritage and other languages are present across a continuum
