*Forex Strategy* 2018-05-09 you will not find this education at you brokers how to section most likely you will not find this information

anywhere on this book section on any other book store i have paid thousands of dollars on exclusive groups and paid forums to collect the information presented in this book as you can imagine these are the highly guarded secrets of the elite of the forex traders no one gives their living away unless you pay them a price worth their living however i have decided to make this information for ridiculously low price because i am fed up with the brokers and the big banks taking advantage of the regular retail trader let me ask you a question when was the last time you make money with forex even further more how much money you are willing to lose until you give up how long you will continue to give your hard earned money to the broker just like you i started 5 years ago with high hopes of quitting my job and leaving the live i deserve with forex my hopes and aspirations were quickly crashed and my dreams went to the dump first i lost 1000 then 5000 10k how much longer i could continue like that how much longer i could endure the ridicule the jokes of my family and the frown on the face of my wife it was painful sitting all day in front of the computer until you can t see any longer and everything including the platform and your mind become blurry i know the pain i have been there this continued for year until one morning i was ready to quit i was going to give it a last try and throw that forex staff in the garbage out the window i stumbled on a rear tread which since then has been banned by the broker that was holding the forum luckily the tread continued under the broker s radar for while and gathered a bunch of comments an support finally the tread from the trader x was discontinued i was in dis pare that was the only hope and light i have seen for a long time i was applying the advice from the trade and things were starting to work for me fortunately i was able to pm the trader and begged him to agree on a 20 min conversation on the phone trader x was not a guru not your regular internet promoter mojo he was quietly raking in thousands

of dollars a month for years he was not excited about the next trade his heart beat was not raising before he pulled the trigger see he has been doing this trading stuff for so long it has become a boring procedure rather a morning an afternoon chore something like putting the garbage out on garbage day he explained that he learned from the master i did not proceed to ask him who was the master since i mainly was concerned with him teaching him every little bit of what he knew about trading he didn't not agree to spend time teaching me on our first conversation regardless of how much i offered to pay him see for him money was not a issue finally on my third approach he agreed to show me what the master had thought him many years ago what is comprised in the pages of this book will be worth pure gold to you this book is down to the ground no no sense real trading knowledge it gives step by step instructions with real trade examples this book is not your regular hog wash advice that you will find from your broker and the other magic bullets and seven step series that you see on this site this book teaches you how to trade like the pros shows you how the big banks and foreign nationals and institution trade the book opens your eyes to how to piggy back on the big institutional traders and win ninety five percent of the people that trade the forex market lose money and give up the market is continually replaced by fresh blood like yourself don't become part of the statistics read this book and get a map to success in forex you can make a success in forex if you know what you are doing yes you can make a living with forex and quit your job you can achieve your dreams buy this book and find out how

**Forex Trading 2006-03** every trader wants to know how to trade without losses unfortunately we all do mistakes sometimes it seems like we've made a genius decision but later we find out that it was impossible to take a decision more stupid than this one it's possible to trade without losses at all and minimize the risks professionalism in the currency trading market is not impossible the professional trading process is a trading process based on laws and obligations the trader must start applying it step by step this is a hellish strategy that i always follow for trading in forex it's a powerful strategy that you cannot lose using it even a single cent even in the worst fluctuations in global markets even that if something went wrong then the margin of loss will be very little because the strategy has a safety valve to ensure its success

**50 Pips a Day Forex Strategy 2014-11-04** 50 pips a day forex strategy start making consistent profits in the forex market this is a very clear and simple to follow forex trading strategy to get you started achieving consistent profits day after day trading the forex market it will make you 50 pips per day or more every day it is ideal for beginner traders but it will give a great deal of help to more experienced traders that have not found a clear strategy to make profits consistently components support and resistance candlesticks moving average time frame 4 hours chart it is easy to understand and to put in practice it has very well defined entry stop loss and exit levels apart from the strategy this book also contains a very useful guide that teaches you how to construct a profitable forex trading system for yourself and how to avoid trading and money management mistakes how to build a solid trading system are you new to forex trading or just started to trade on a live account but with not much success you need a solid forex trading system based on sound principles of the forex market that has clear trading and money management rules do you have a forex trading system and you have been trading with it for a period of time but still you don't have the success you hoped for this can only mean that your trading system does not take into account the basic trading rules and principles that any powerful forex trading system incorporates this book teaches you how to construct your own powerful forex trading

system what are the most important forex trading tools that you must include in it what not to include in your forex trading system how to apply solid money management rules and equally important how to avoid making trading mistakes that will cost you when you start to trade with your newly developed forex system

*Forex Scalping Trading Strategies* 2013 are you dissatisfied with amount of money you earn while dealing in forex forex traders looking to make quick bucks employ a method called forex scalping they buy a certain currency and allow that position to stay only for a few seconds in other words they sell it almost immediately when the price goes up marginally this is why forex scalping is also called quick trading a forex trader is able to make small profits with each scalping trade which can add up to a considerable amount learning how to trade profitably requires you to learn and master a few forex trading systems the key to trading is becoming a master of a few trading strategies forex trading systems are important as they will provide you with structure a set of rules and a plan to follow this book will teach you some of the different types of forex scalping trading strategies and help you how to identify what makes the best forex trading system

**Forex Trading Using Intermarket Analysis** 2021-05-20 in today s global marketplace currency values fluctuate every day and foreign exchange is the biggest market of them all trading well over 1 trillion a day more than all other markets combined master this market that never sleeps and you could be a big winner just to survive in the hottest marketplace in the world you will have to learn how to stay one step ahead of the game this book is intended for traders and investors who use technology to win

**The Simple Strategy - A Powerful Day Trading Strategy For Trading Futures, Stocks, ETFs and Forex** 2007-01-26 learn a powerful day trading strategy in less than 60 minutes a profitable trading strategy is the most important tool for a trader this book explains a powerful trend following day trading strategy for trading futures stocks etfs and forex the simple strategy is easy to understand and to trade the simple strategy is very popular amongst traders for the following reasons clear entry rules when trading the simple strategy there s no second guessing as you will see the entry rules are based on indicators and these rules are black and white either the macd is above the

zero line or it isn't and either the rsi is above 70 or it isn't the entries are easy to identify and execute that's why this strategy is called the simple strategy clear exit rules when trading the simple strategy you'll know when to exit even before you enter the trade so you know exactly how much to risk on any given trade which is essential for precise position sizing and money management plus you can put the trade on auto pilot once your entry order is filled this keeps trade management to a minimum it's easy and simple taking advantage of small intraday trends these days trends are short lived the times when you could enter the market in the morning and exit the market in the afternoon are over these days the markets can turn on a dime low trading commissions and computerized trading have destroyed the nice and long intraday trends however with the simple strategy you can take advantage of the small intraday trends that we are seeing in today's markets you don't need a sophisticated trading software if you want to trade the simple strategy you only need a charting software with basic charting capabilities your charting software needs to be able to plot range bars bollinger bands macd and rsi more than 90 of the charting software packages that are available today have these capabilities there's no need to buy any proprietary indicators or expensive charting software in short the simple strategy can greatly simplify your trading warning this book is not for everybody do not buy this book if you are looking for the holy grail because it doesn't exist when trading the simple strategy there will be losses losses are part of our business as traders the good news if you follow the rules of the simple strategy then you will make more money on your profitable trades than you lose on your losing trades in fact the risk reward ratio of this strategy is 1 : 1.5 so you can expect to make 150 for every 100 you risk you want to automate your trading strategies the simple strategy will give you clear entry signals but it's up to you to decide if you want to take the signal as an example i personally do not trade right into a major report and i only trade the first two hours after the markets open since most trends occur during this time makes sense
