the author is convinced that there is a ruling class in america today he examines the american power structure as it has developed in the 1980s he presents systematic empirical evidence that a fixed group of privileged people dominates the american economy and government the book demonstrates that an upper class comprising only one half of one percent of the population occupies key positions within the corporate community it shows how leaders within this power elite reach government and dominate it through processes of special interest lobbying policy planning and candidate selection it is written not to promote any political ideology but to analyze our society with accuracy
