Guantanamo diary is a 2015 memoir written by Mohamedou Ould Slahi whom the United States held without charge for fourteen years. Slahi was one of the few individuals held in Guantanamo Bay detention camp whom U.S. officials acknowledged had been subjected to enhanced interrogation techniques. Three years into his captivity, Slahi began a diary recounting his life before he disappeared into U.S. custody and daily life as a detainee. His diary is not merely a vivid record of a miscarriage of justice but a deeply personal memoir, terrifying, darkly humorous, and surprisingly gracious. Guantanamo diary is the only book by a still-imprisoned Guantanamo detainee, Mohamedou Ould Slahi, who was released in 2016 after fourteen years of torture and abuse. The web page features his story, his book, his film, and his celebrity narrators, as well as his activism for justice and human rights.
