Contemporary Political Sociology

2010-02-22

this is an essential disciplinary update for all political sociologists and an exciting guide for all lay observers of politics drake offers a fresh look at the world of contemporary politics itself a contested territory at a time of global terrorist threats mass mobilizations spot insurgencies spreading democratic aspirations and rapidly changing super power relations jan pakulski university of tasmania political sociology for a globalizing world turns away from the standard approaches of the good old days to engage contemporary social conditions in depth drake s focus on present day political phenomena particularly the central themes of sovereignty citizenship the state and globalization makes this work stand out as a text howard winant university of california santa barbara michael drake has discarded many of the conventions of introductory textbooks instead he engages the reader in a challenging set of arguments an invitation to think and to argue political sociology is presented not as a set of perspectives but as a lively intellectual reflection on key events may 68 1989 9 11 alan scott university of innsbruck this accessible book addresses one of the twenty first century s most important issues the increasing lack of connection between political institutions and the social reality of our everyday lives a gulf between popular expectations and formal politics has widened continually since the revolts against authority of 1968 the eastern european revolutions of 1989 and the growth of new social movements today popular disillusion with politics is ubiquitous enormous social transformations on a global scale since the 1970s have produced no fundamental change in what are considered normal political institutions such as the state or in mainstream political ideologies and parties this book provides tools to understand the apparent irrelevance to social life of formal political institutions and practices in order to enable us to begin to rethink the relations between politics and society michael drake ably synthesizes the new theoretical developments that social transformations have produced among them the analysis of power

representation social identities social movements sovereignty statehood globalization revolution risk and security ultimately the book explores the emergent potentialities and problems of this new politics in a world of continuous transformation where the parameters of the political are continually shifting

Elites and Masses

1981

The Blackwell Companion to Political Sociology

2008-04-30

specifically designed for third and fourth year students seeing politics differently provides a concise overview of how power is distributed within society with a particular focus on the canadian context written with the aim of broadening students views of politics seeing politics differently shows how politics penetrate and shape our daily lives

Gangsters and Other Statesmen

2020-12-01

why do powerful states like the u s u k china and russia repeatedly fail to meet their international legal obligations as defined by human rights instruments how does global capitalism affect states ability to implement human rights particularly in the context of global recession state austerity perpetual war and environmental crisis how are political and civil rights undermined as part of moves to impose security and surveillance regimes this book presents a framework for understanding human rights as a terrain of struggle over power between states private interests and organized bottom up social movements the authors develop a critical sociology of human rights focusing on the concept of the human rights enterprise the process through which rights are defined and realized while states are designated arbiters of human rights according to human rights instruments they do not exist in a vacuum political sociology helps us to understand how global neoliberalism and powerful non governmental actors particularly economic actors such as corporations and financial institutions deeply affect states ability and

likelihood to enforce human rights standards this book offers keen insights for understanding rights claims and the institutionalization of access to and restrictions on human rights it will be invaluable to human rights advocates and undergraduate and graduate students across the social sciences

Introduction to Political Sociology

2001

the papers in this volume provide a wide ranging sample of the issues debated the methodologies used and the analytical orientations adopted by canadian political sociologists drawing upon some of the top canadian political sociologists the book is organized into five parts politicalbeliefs and political culture the state social movements political movements and politics and social class each beginning with an introductory overview of the area by the volume s editor douglas baer

Seeing Politics Differently: Seeing Politics Differently

2012-03-01

power is the central organizing principle of all social life from culture and education to stratification and taste and there is no more prominent name in the analysis of power than that of noted sociologist pierre bourdieu throughout his career bourdieu challenged the commonly held view that symbolic power the power to dominate is solely symbolic he emphasized that symbolic power helps create and maintain social hierarchies which form the very bedrock of political life by the time of

his death in 2002 bourdieu had become a leading public intellectual and his argument about the more subtle and influential ways that cultural resources and symbolic categories prevail in power arrangements and practices had gained broad recognition in symbolic power politics and intellectuals david l swartz delves deeply into bourdieu s work to show how central but often overlooked power and politics are to an understanding of sociology arguing that power and politics stand at the core of bourdieu s sociology swartz illuminates bourdieu s political project for the social sciences as well as bourdieu s own political activism explaining how sociology is not just science but also a crucial form of political engagement

The Human Rights Enterprise

2015-02-03

the political sociology of emotions articulates the political sociology of emotions as a sub field of emotions sociology in relation to cognate disciplines and sub disciplines far from reducing politics to affectivity the political sociology of emotions is coterminous with political sociology itself plus the emotive angle added in the investigation of its traditional and more recent areas of research the worldwide predominance of affective anti politics e g the securitization of immigration policies reactionism terrorism competitive authoritarianism nationalism and populism etc makes the political sociology of emotions increasingly necessary in making the prospects of democracy and republicanism in the twenty first century more intelligible through a weak constructionist theoretical perspective the book shows the utility of this new sub field by addressing two central themes trauma and resentment trauma is considered as a key cultural political phenomenon of our times evoking both negative and positive emotions resentment is a pertaining individual and collective political emotion allied to insecurities and moral injuries in tandem they constitute fundamental experiences of late modern times the value of the political sociology of emotions is revealed in the analysis of civil wars cultural traumas the politics of pity the suffering of distant others in the media populism and national identities on both sides of the atlantic

Political Sociology

2002

The Political Sociology of Emotions

2020-06-01

when initially published in 1972 foundations of political sociology was acknowledged to be the first unified study of the field it still provides a cross fertilization of knowledge concerning the interrelation of social class and political power taking into account new specializations in social theory the book covers all major social systems on a comparative international basis the opening remarks prepared for this new printing provide an estimate of how the field has changed during the past quarter century and what unexpected challenges have arisen in areas of public trust and personal privacy this book examines fascism communism anarchism conservatism and liberalism as systems of rule as well as domains of theory it is thus a unique effort at linking problems of history with problems of policy the six sections of the book detail the historical and theoretical antecedents of this relatively new hybrid area in social research policy coordinates of political sociology types of social systems forms of political ideologies polarities of revolution and counter revolution civil military relations mass vs elite contradictions and threads of consensus and conflict running through these themes horowitz presents as his central thesis that in today s world no economic determinism can do justice to social reality foundations is the work of a politically sensitive and knowledgeable scholar louis schneider social forces foundations of political sociology reflects extensive teaching and research in the area of political sociology the book combines analytical

insight with a provocative cutting edge and represents the best of professor horowitz thomas r mcfaul the annals horowitz s political stance is interesting though he knows the radical literature he distances himself from it he sympathizes with everyone and strives to be provocative and yet elusive a personal voice in a dogmatic discipline w j mackenzie political studies

Introduction to Politics and Society

2002-02-15

political sociology readings in research and theory deals with the major theoretical conceptual and empirical issues in the field of political sociology the readings explore a number of old and new concepts issues and developments both within and across political systems and societies this anthology is based on articles published in the journal of political and military sociology political sociology is organized around five major dimensions conceptual and pedagogical perspectives political participation collective protest and radicalism violence and coercion and national and cross national studies in the first section the editors provide a concise critical and integrated overview of the field in both the teaching and research aspects of political sociology especially during the last ten years part ii explores some theoretical and empirical issues by offering models of the interrelationships between politics and society political participation within a stratification framework is examined in part iii while some of the major issues and developments on collective protest and radicalism are discussed in part iv violence and coercion are age old problems of political and social systems part v attempts to evaluate and integrate the most important theories types and causes of violence part vi examines a number of pertinent concepts of political sociology in various countries this includes discussions on the legitimacy of protest in the u s and sweden the impact of stratification on the german party infrastructure efficacy and support for the mexican political system a general model of the soviet elite and the role of the cia in chile
